401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Arkay Packaging Corporation 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from John Hancock as of December 31, 2022 and for the period from January 6, 2022 to December 31, 2022 and Reliance Trust Company as of December 31, 2021 and for the period from January 1, 2022 to January 5, 2022 stating that the certified investment information, as described in the note titled "Information Certified by the Trustee" included in the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arkay Packaging Corporation 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the Financial Statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARKAY PACKAGING CORPORATION
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Arkay Packaging Corporation (“Corporation”) 401(k) Retirement Plan (“Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution plan covering all employees who have worked for the Corporation for at least ninety days, excluding leased employees and nonresident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Corporation’s management team oversees governance of the Plan by working with outside advisors in monitoring the Plan’s investment offerings and compliance with Plan provisions.

Investment Options

The Plan currently offers a selection of pooled separate accounts sponsored by John Hancock.

Contributions

Employee Contributions

The Plan has an auto-enrollment feature whereby a participant is automatically enrolled in the Plan to make pre-tax contributions at 3% of eligible compensation unless the participant affirmatively opts out. In addition, the Plan has an automatic deferral escalator feature whereby participants who were automatically enrolled will have their deferral rates increased each year by 1% until their deferral rate reaches 10%, unless the participant elects out of this treatment. Participants can elect deferral modification on the first day of each month.

Plan participants can elect to contribute up to 100% of their eligible compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Contributions are based upon total eligible compensation, which includes all W-2 compensation paid during the taxable year, excluding production bonuses and any fringe benefits. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. These contributions are not federally taxable to the participant until they are withdrawn from the Plan.

The Plan also has a Roth feature. Contributions are made from after-tax eligible compensation. Participants will not be taxed on future distributions of their contributions and related earnings if certain requirements are met.

401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Employer Contributions

The Corporation may also make annual discretionary matching and/or profit-sharing contributions in an amount to be determined at Plan year end by the Corporation's Board of Directors. These discretionary contributions will be allocated following the end of the Plan year to all eligible participants.

Rollover Contributions

Participants who were members of a former employer's qualified plan may elect to make rollover contributions from that plan to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the employer's contribution and Plan earnings and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant's contributions for that Plan year or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary participant and rollover contributions, plus actual earnings thereon. Vesting in any discretionary matching and/or profit-sharing contributions is based on years of continuous service. The participant's vested interest shall be determined in accordance with the following vesting schedule:

Upon completion of less than two plan years	0%
Upon completion of two (2) plan years	40%
Upon completion of three (3) plan years	60%
Upon completion of four (4) plan years	90%
Upon completion of five (5) plan years	100%

If the Corporation were ever to terminate the Plan, all participants become fully vested in their account balances.

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Corporation is terminated because of death, disability, or retirement then the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment or installments over a period not extending beyond; a) the life expectancy of the participant, b) the joint life and last survivor expectancy of the participant's designated beneficiary or, c) the life expectancy of the participant's designated beneficiary as determined at the time of distribution. The participant may also request a rollover distribution, as soon as practicable after separation from service.

ARKAY PACKAGING CORPORATION
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Payment of Benefits – (Continued)

The normal retirement age for the Plan is the later of (1) age 65 or (2) the 5th anniversary of the date the employee commenced participation in the Plan but not later than attainment of age 70. Participants are not required to terminate employment with the Corporation when they reach retirement age under the Plan.

If a participant dies before any or all of their account balance has been distributed to them, then their beneficiary will be entitled to receive all undistributed benefits. Participants will automatically become 100% vested in their account balance upon their death.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of all or any portion of their prior cumulative participant contributions. Any such distribution may be subject to a 10% early distribution penalty.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, with a maximum of one loan outstanding per participant. Loan transactions are treated as a transfer to (from) an investment fund, from (to) the participants loan fund. Loans are amortized over a reasonable period not to exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at Prime rate plus 1% as of the loan origination date.

Forfeited Accounts

Non-vested benefits of participants who cease to be employees are used to reduce the employer's contributions. During the year ending December 31, 2022, \$14,150 of forfeitures were used to pay employer's contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts totaling \$2,965 and \$13,634 were available to pay employer contributions.

Operational Failures

Plan operational failures occurred during the year. Plan management is in the process of determining appropriate corrective action, if any, with Plan advisors. The financial statements do not include adjustments related to the operational failures as any corrective actions are projected to be immaterial to the financial statements.

NOTES TO FINANCIAL STATEMENTS – (Continued)

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles and the Department of Labor Rules and Regulations and Disclosure under ERISA.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value with the exception of fully benefit-responsive investment contracts which are stated at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, and the participant has reached a distributable event, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax returns of the Plan for 2019, 2020, 2021, and 2022 are subject to examination by the taxing authorities, generally for three years after they were filed.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Corporation and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the Plan are allocated or directly charged to participant accounts.

ARKAY PACKAGING CORPORATION
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

2. SUMMARY OF ACCOUNTING POLICIES - (Continued):

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. PLAN TERMINATION:

While the Plan is intended to be permanent, it may be terminated at any time at the discretion of the Board of Directors of the Corporation and subject to the provisions of ERISA. If the Plan is terminated, no further contributions shall be made and participants shall become fully vested in their Plan accounts.

4. FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Shares of registered investment companies (mutual funds) are valued at quoted market prices on the last business day of the plan year, which represent the fair market value of shares held by the Plan.

Investments in pooled separate accounts are valued at the NAV of shares held by the Plan at year end as reported by the fund managers.

ARKAY PACKAGING CORPORATION
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS – (Continued)

4. FAIR VALUE MEASUREMENTS – (Continued):

Fair values of assets measured on a recurring basis on December 31, 2022 and 2021 are as follows:

	(Level 1)	(Level 2)	Total
December 31, 2022:			
Cash and cash equivalents	\$ 2,965	\$ -	\$ 2,965
Pooled separate accounts	-	15,775,609	15,775,609

Registered investment companies	\$ 16,605,596	\$ -	\$ 16,605,596
Total	<u>\$ 16,605,596</u>	<u>\$ -</u>	<u>\$ 16,605,596</u>

5. INVESTMENTS IN GROUP ANNUITY CONTRACT:

For the year ended December 31, 2021, the Plan offered a group annuity contract that was a fully benefit-responsive investment contract with Transamerica and is reported at contract value in the statements of net assets available for benefits. The statement of changes in net assets available for benefits for the year ended December 31, 2021 (not presented in these Financial Statements) was also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

6. INFORMATION CERTIFIED BY THE TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by John Hancock, the Trustee of the Plan, as of December 31, 2022 and for the period January 6, 2022 through December 31, 2022, and Reliance Trust Company as of December 31, 2021 and the period January 1, 2022 through January 5, 2022.

7. INCOME TAX STATUS:

The Plan has adopted a volume submitter plan document provided by Prime Pensions, Inc.. The IRS has determined and informed Prime Pensions Inc. by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate income tax positions taken by the Plan and recognize an income tax liability for any uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements on December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 16,395,970	\$ 19,407,485

NOTES TO FINANCIAL STATEMENTS – (Continued)

9. RELATED PARTY TRANSACTIONS:

Certain administrative functions are performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan.

Plan assets were invested in funds managed by John Hancock. John Hancock served as the trustee as defined by the Plan and, therefore, these transactions qualify as parties-in-interest transactions.

The Plan paid \$54,963 to John Hancock for contract administration fees for the year ended December 31, 2022.

These parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS:

The Plan's management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.
