October 12, 2023

To the Plan Administrator and Management
TalentBridge Companies 401(k) Plan:

We have audited the financial statements of TalentBridge Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and we will issue our report thereon dated October 12, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 24, 2023. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by TalentBridge Companies 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of investments which are provided by Fidelity Management Trust Company. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements relate to the fair value estimates.

The financial statement disclosures are neutral, consistent, and clear.

SIGNIFICANT AUDIT MATTERS (Continued)

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not identify any corrected or uncorrected misstatements in performing and completing our audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Maintaining records

During our contribution testing, we noted that there were three instances where participants' personnel files did not contain adequate support for the participants' approved pay rate as of the pay periods selected for testing.

During our benefit payment testing, we noted that there were four instances where participants' personnel files did not contain adequate support for the participants' date of birth.

We recommend that procedures be reviewed to ensure that documentation is appropriately obtained and maintained in employee files to support plan operations.

Monitoring and review

During our participant data and benefit payment testing, we noted that there were seven and three instances, respectively, where the participants' dates of hire per the Plan's custodian, Fidelity Management Trust Company, differed slightly from the support provided from the participants' personnel files.

We recommend that the Plan Sponsor perform various periodic reviews and reconciliations of information provided by your third-party service providers including agreeing individual demographic data included in participant personnel files to the corresponding information included in the participant detail provided by the Plan's custodian.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

(Continued)

SIGNIFICANT AUDIT MATTERS (Continued)

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

October 12, 2023

To the Plan Administrator of the
TalentBridge Companies 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TalentBridge Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TalentBridge Companies 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TalentBridge Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TalentBridge Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TalentBridge Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Company is the sponsor and administrator of the Plan. Fidelity Management Trust Company (FMTC) is the custodian, trustee, recordkeeper and third-party administrator of the Plan.

Eligibility

Employees who are 21 years of age and have completed six months of service are eligible for employee deferral contributions and employer safe-harbor matching contributions. Eligible employees may enter the Plan on the first day of the month following the satisfaction of the aforementioned eligibility conditions. Ineligible employees include those covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, nonresident aliens, leased employees, and seasonal employees. Seasonal employees are eligible to participate in the Plan after completing 1,000 hours of service and the attainment of twenty-one years of age and may enter the Plan on the first day of the month following the satisfaction of these requirements. Employees must have one year of service and must be employed by the Company on the last day of the Plan year to be eligible for the employer discretionary profit-sharing contribution.

Contributions

Participants may elect to contribute up to 100 percent of their pretax annual compensation, as defined in the Plan document, not to exceed the amount allowed by the Internal Revenue Service (IRS). The Plan also allows for Roth elective deferrals, catch-up contributions, and rollover contributions from other qualified retirement plans.

The Company makes a safe harbor employer matching contribution equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's eligible compensation plus 50% of the participant's salary deferrals between 3% and 5% of the participant's eligible compensation. The Company may make employer discretionary profit-sharing contributions to the Plan. There were no employer discretionary profit-sharing contributions made in 2022 or 2021.

Participant Accounts

Participants direct the investment of their contributions and company matching and profit-sharing contributions into the various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Company's contributions and actual earnings (losses) thereon.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts (Continued)

Allocations of earnings (losses) and administrative expenses are based on participant earnings or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, safe harbor employer matching contributions, and rollover contributions, plus actual earnings thereon. Participants become 20% vested upon completion of two years of service and become 100% upon the completion of three years of service in the Company's employer discretionary profit-sharing contributions, plus actual earnings thereon.

Prior to January 1, 2017, the Company provided for employer discretionary matching contributions. Participants with a balance in the employer discretionary matching contributions become 20% vested upon completion of two years of service and continue to vest at a rate of 20% for each successive year of service until 100% vested after six years of service.

Participants are considered to have completed one year of service for all vesting purposes upon completion of 1,000 hours of service at any time during the plan year.

Forfeitures

Forfeitures of non-vested account balances are used to offset Plan expenses or reduce employer contributions. For the years ended December 31, 2022 and 2021, there were \$897 and \$1,930 in forfeitures, and earnings thereon, of non-vested account balances, respectively. The Company applied \$5,128 and \$1,593 to reduce employer contributions or to offset Plan expenses during the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited non-vested account balances available to offset future Plan expenses or employer contributions totaled \$523 and \$4,754, respectively.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance during the prior twelve-month period, whichever is less. Participants may have no more than two outstanding loans at any given time. Principal and interest are paid ratably through payroll deductions for a period not to exceed five years, except in the case of a loan taken for the purpose of purchasing a primary residence. Notes receivable from participants bear interest at a fixed rate equal to the prime rate in effect when the loan is originated plus 1%.

Benefits Payments

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for in-service, disability, death and termination benefits for those participants who are eligible to receive such benefits. Participants can elect to receive a distribution of their vested account balances in the form of a qualified rollover or a lump-sum distribution. Participants whose vested account balance is \$5,000 or less at the time of termination are subject to the involuntary cash-out provisions of the Plan.

Hardship Withdrawals

Hardship withdrawals are permitted from the Plan from the participant's pre-tax and Roth elective deferral accounts. All hardship withdrawals must comply with the IRS rules relating to hardships, which are uniformly applicable to all participants.

1. DESCRIPTION OF PLAN (Continued)

Transfer of Plan Assets

For the year ended December 31, 2021, assets transferred into the plan totaled \$1,777.

Administrative Expenses

Administrative expenses include investment management fees, operating expenses, transaction fees, and loan servicing expenses and are generally paid by the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurement - Definition and Hierarchy

The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board *Accounting Standards Codification 820* (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Continued)

Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or December 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by FMTC, as of and for the years ended December 31, 2022 and 2021, and is included in the financial statements and accompanying supplemental schedule:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 17,621	\$ -	\$ -	\$ 17,621

	<u>\$ 5,208,788</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,208,788</u>

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Money market fund and mutual funds: Valued at fair value based on quoted market prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTY-IN-INTEREST TRANSACTIONS

FMTC is the custodian of the Plan's assets and the trustee of the Plan. As such, transactions between FMTC and the Plan qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants qualify as party-in-interest transactions.

6. TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by FMTC, the trustee of the Plan on October 15, 2020. Prior to the change in trustees, the Plan adopted a non-standardized form of a prototype plan sponsored by Verisight, Inc, which was effective through October 14, 2020. The IRS has determined and informed the prototype plan by a letter dated June 30, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
