Independent Auditors' Report

To the Board of Trustees
Beaton, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Beaton, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits Beaton, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Beaton, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Beaton, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Beaton, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Beaton, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Beaton, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Code Section 401(k) defined contribution plan covering all employees except union employees and non-resident aliens, who have attained age twenty-one, the minimum service requirement of one year and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan was administered by EPIC Retirement Plan Services (EPIC) through April 23, 2022. Effective April 23, 2022, the Plan is administered by Empower Annuity Insurance Company of America (Empower). EPIC / Empower has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. EPIC / Empower allocates to each participant account its appropriate share of the fund's investment earnings. Mass Mutual is the trustee/custodian of the Plan assets and invests contributions as directed by the participants.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan and after-tax Roth contributions, up to the maximum allowed by law as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions and the non-elective contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Employer may make matching contributions and/or a discretionary contribution to qualifying contributing participants. During the years ended December 31, 2022 and 2021 the Company made discretionary matching contributions before forfeitures were applied in the amount of \$42,120 and \$25,787, respectively.

Plan Modifications

During 2022, the plan was retroactively amended to round up hours of service to the hour and to allow for prior service to be included in the year of service computation for eligibility.

Beaton, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions, as well as allocations of any of the Company's discretionary profit-sharing contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service after the age of 18 (1,000 hours are required to constitute a year of vesting service). Regardless of the vesting schedule, participants shall become fully vested upon death, total and permanent disability or upon attainment of the early retirement age of fifty-five and completion of five years of service for vesting purposes.

Participant Loans

The Plan does not allow participant loans.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum distribution amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals or installments are only permitted for required minimum distributions under Code Section 401(a)(9) and in-service withdrawals after age 59 1/2. For termination of service for other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account as outlined in the Plan document.

Forfeited Accounts

At December 31, 2022 and 2021 forfeited non-vested accounts were \$3,475 and \$2,757, respectively. The amounts, when applicable, are first allocated as non-elective contributions with any remaining amount applied to the administration fees. During 2022 and 2021, forfeitures of \$672 and \$2,833, respectively were applied to the employer match.

Beaton, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to the fixed income fund because contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fixed income accounts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fixed income fund.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payables

Contributions in excess of amounts allowed by the IRS totaling \$6,765 and \$6,120 are recorded as a payable, as of December 31, 2022 and 2021, respectively, with a corresponding reduction to 2022 and 2021 contributions. The excess contributions for 2022 and 2021 were not distributed prior to the March 31 due date. The excess contributions for 2022 were paid in August 2023 and an excise tax return will be filed for 2022 for the amount not disbursed timely.

Payment of Benefits

Benefits are recorded when paid.

Beaton, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Administrative Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related directly to the administration of disbursements are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are deducted from the earnings on the investments.

3. Information Prepared and Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including the investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and distributions for the years then ended, was obtained, or derived from information supplied to the Plan administrator and certified as complete and accurate by Mass Mutual, the trustee/custodian of the Plan.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following:

	December 31	
	2022	2021
Investments, at fair value		
Pooled separate accounts	\$2,771,275	\$3,207,734
Guaranteed interest account	\$ -	\$ 560
Interest and dividend income	\$ 130,834	\$ 160,736
Net realized and unrealized appreciation (depreciation)	\$ (649,277)	\$ 227,001

4. Investments

The Plan's investments are held in a variety of balanced funds administered by an insurance company. The following table presents investments.

	December 31	
	2022	2021
Investments at fair value		
Mutual Funds		
Asset allocation/Balanced Fund	\$2,771,275	\$3,207,734
Investments at contract value		
General guaranteed interest account	-	560
Cash	3,475	2,757
	\$2,774,750	\$3,211,051

During the years ended December 31, 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by (\$649,277) and \$227,001, respectively.

Beaton, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Investments (continued)

Guaranteed Investment Contract with Insurance Company

The Plan entered into a Group Annuity Contract with Mass Mutual Life Insurance Company. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administration expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$3,475 and \$3,317, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but not less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Beaton, Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; and• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the net asset value (NAV), based on quoted prices for similar assets in active markets, of the units held by the Plan at year end.

Fixed Income accounts: Liquidation value based on actuarial formula as defined under the terms of the contract.

7. Party-In Interest Transactions

Certain Plan investments are shares of balanced funds managed by Mass Mutual Financial Group. Mass Mutual Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are deducted from net earnings of the investments, rather than a direct payment. The Plan sponsor pays directly other fees related to the Plan's operations.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. Corrective Distributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS after testing were refunded in the year following the contributions.

Beaton, Inc. 401(k) Plan

Notes to Financial Statements (continued)

10. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. Subsequent Events

The Trustee has evaluated the financial statements for subsequent events through September 22, 2023, the date the financial statements were available to be issued.

In September 2023, the Plan made a change in administrators and transferred all plan assets to TransAmerica.
