To the Investment Committee of
Avidex Industries Savings Investment Plan
Cary, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Avidex Industries Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, serviced, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF THE PLAN

The following description of Avidex Industries Savings Investment Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description or Plan document for a more complete description of the Plan’s provisions.

1. General. The Plan is a defined contribution plan covering all full-time employees of the Avidex Industries, LLC (the “Company”), and affiliated participating employers that have adopted the Plan (the Sponsor), who have one month of service and are age 18 or older. The Plan Administrator is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Sponsor’s Board of Directors. Fidelity Workplace Services, LLC (“Fidelity”) serves as record-keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 1, 2021, Digital Networks Group (“DNG”) merged with Avidex Industries, LLC. Effective December 31, 2021, Telerent Leasing Corporation merged with Avidex Industries, LLC. After each merger, Avidex Industries, LLC was the name of the surviving organization. The plan was formally amended effective November 2, 2021, to allow employees of DNG to participate in the plan. The name of the investment plan was changed to Avidex Industries Savings Investment Plan, and the plan was formally amended again effective January 1, 2022.

2. Contributions. Participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (“IRC”) limitations. The limit for 2022 is \$20,500, with an additional “catch-up contribution” of \$6,500 allowed for participants who have attained age 50 before the end of the Plan year. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Sponsor matches 50% of the first 6% of compensation that a participant contributes to the Plan. Participants must be employed on the last day of the Plan year to be eligible to receive any Sponsor contributions. The Sponsor may also make discretionary contributions to the Plan. There were no discretionary contributions for the year ended December 31, 2022.

3. Participant accounts: Each participant’s account is credited with participant’s contributions and the Sponsor’s matching contribution, as well as allocations of any Sponsor discretionary contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

AVIDEX INDUSTRIES SAVINGS INVESTMENT PLAN**NOTES TO FINANCIAL STATEMENTS**

Page 2 of 8

A. DESCRIPTION OF THE PLAN (CONTINUED)

4. Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's contributions plus actual earnings thereon based on years of continuous service. Participants active as of January 1, 2020, are 100% vested after three years of credited services. Participants no longer active as of January 1, 2020, were 100% vested after five years of credited service.
5. Notes receivable from participants. Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or up to 10 years for the purchase of the participant's primary residence. The loans are secured by the vested balance in the participant's account and bear interest rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.
6. Investment options. Upon enrollment in the Plan, a participant may direct contributions to their account in any combination of investment options, which include a money market account, mutual funds and a stable value fund. Participants may change their investment options daily.
7. Payment of benefits. Upon termination of service due to death, disability, or retirement, a participant whose account exceeds \$1,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the vested balance as a lump-sum distribution. Participants may also request a hardship distribution from their vested contributions plus actual earnings thereon. The participant must be currently employed with the Company and qualify for a hardship distribution under the Internal Revenue Service ("IRS") guidelines.
8. Forfeitures. Forfeited nonvested accounts are used to pay Plan administrative expenses and reduce future Sponsor contributions. Forfeited nonvested accounts totaled \$51,198 and \$61,341 at December 31, 2022 and 2021, respectively. During 2022, Plan expenses were reduced by \$3,950 from forfeited nonvested accounts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting. The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
2. Estimates. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates and assumptions.

AVIDEX INDUSTRIES SAVINGS INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Page 3 of 8

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Investment valuation and income recognition. Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., the exit price). See Note D for discussion of fair value measurements. The Plan's Investment Committee determines the Plan's valuation policies, utilizing information provided by the investment advisor and Fidelity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

4. Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recognized using the interest method. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan provides an allowance for doubtful accounts equal to the estimated losses that are expected to be incurred in their collection. No allowance is deemed necessary for notes receivable from participants at December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
5. Benefits. Benefits are recorded when paid.
6. Administrative expenses. The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Additionally, certain expenses of the Plan, primarily audit and regulatory compliance fees, are paid directly by the Company. As a result, those expenses paid by the Company are not included in the Plan's financial statements. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the funds' prospectuses. All such fees are charged directly against the funds' investment performance and thus are not separately disclosed in the accompanying financial statements. These fees are included in net depreciation in fair value of investments.

C. INFORMATION PREPARED AND CERTIFIED BY FIDELITY

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that was obtained from data that has been prepared and certified as complete and accurate by Fidelity.

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 40,393,564	\$ 47,893,509
Notes receivable from participants	469,883	432,840
Net depreciation in fair value of investments	(9,873,799)	
Interest and dividends	1,405,156	
Interest income on notes receivable from participants	22,211	

The certification mentioned above includes all investment information discussed in Note D and in the supplemental schedule.

D. FAIR VALUE OF ASSETS

U.S. GAAP establishes a framework for measuring fair value that includes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted, unadjusted prices in active markets for identical assets that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Pricing inputs are unobservable and include situations where there is little, if any, market activity for the investment. Fair value for these investments is determined using valuation methodologies that consider a range of factors including, but not limited to, the price at which the investment was acquired, the nature of the investment, local market conditions, trading values on public exchanges for comparable securities, current and projected operating performance and financing transactions subsequent to the acquisition of the investment. The inputs into the determination of fair value require significant management judgment. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

Investments in stable value collective trust funds measured using net asset value (“NAV”) as a practical expedient are not categorized within the fair value hierarchy.

AVIDEX INDUSTRIES SAVINGS INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Page 5 of 8

D. FAIR VALUE OF ASSETS (CONTINUED)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund – A stable value fund is composed of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The Plan uses the net asset value per unit, as determined by Fidelity, as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables summarize, by level within the fair value hierarchy, the Plan's assets for which fair values are determined on a recurring basis as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

F. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity was the record-keeper during 2022 as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services totaled \$9,245 for the year ended December 31, 2022.

G. TAX STATUS

The Plan is relying on the IRS approval of the non-standardized prototype retirement plan that it is utilizing. The IRS has determined and informed Fidelity by a letter dated June 30, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition or disclosure through October 12, 2023, the date that the financial statements were available to be issued. Management did not identify any events that occurred subsequent to year-end that require disclosure in the financial statements.
