INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Mueller McDonald's 401(k) Plan
Clarks Summit, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Mueller McDonald's 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mueller McDonald's 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Mueller McDonald's 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mueller McDonald's 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mueller McDonald's 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mueller McDonald's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Mueller McDonald's 401(k) Plan ("Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

GENERAL

The defined contribution plan is a Profit Sharing and Safe Harbor 401(k) Plan effective January 1, 2020 (restated January 1, 2021) for the benefit of Albert and Carol Mueller Ltd Partnership ("the Company") employees. The Plan covers all employees who are aged 21 except leased employees, employees subject to a collective bargaining agreement, and non-resident aliens who receive no income in the United States. An eligible employee can become part of the Plan and share in Company profit-sharing contributions and discretionary contributions after one year of service, which is defined as at least 1,000 hours of paid service within a 12-month period following the date of hire. Entry dates are 1/1 and 7/1 after the employee becomes eligible. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are performed daily based on each participant's relative interest in the fair value of the assets held in each fund. Administrative expenses are charged at the end of each month to each participant's account.

EMPLOYEE CONTRIBUTIONS

A participant may contribute any amount of their compensation, subject to certain IRC limitations. Participants may elect to make deferrals as either Pre-Tax 401(k) contributions and/or Post-Tax Roth 401(k) contributions. Compensation includes most taxable income received from the Company as specified in IRS regulations. The Plan allows for direct rollover of non-spousal distributions.

EMPLOYER CONTRIBUTIONS

The Company will make a safe harbor matching contribution of 100% (dollar-for-dollar) on an eligible employee's salary deferral up to 3% of compensation plus a 50% matching contribution on any additional salary deferral above 3% up to 5% of compensation. This contribution is fully vested and is intended to satisfy certain non-discrimination requirements. The contribution was made in for the plan year ended December 31, 2022.

The Company may make an additional discretionary employer contribution on behalf of eligible participants under the Plan in an amount to be determined by the Company. The Company elected to make a \$75,000 contribution for the plan year ended December 31, 2022.

Mueller McDonald's 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

PAYMENT OF BENEFITS

All distributions and withdrawals are subject to approval by the administrator. Distributions may be made at separation from service, death or total disability.

Withdrawals may be made from voluntary participant contributions, but no withdrawal may be made from any Company contributions prior to death, disability, or separation from service. Participants may withdraw the sum of their salary reduction contributions due to hardship, medical care expenses, costs related to the purchase of a principal residence, payment of certain eligible tuition fees and certain other immediate and heavy financial needs as published by the Internal Revenue Service.

In the event of retirement, total and permanent disability or attainment of age 59-1/2, participants may make distributions either in a lump sum or in periodic payments over a period not to exceed life expectancy, as defined.

In the event of separation of service, a participant must withdraw from the Plan if the account is less than \$1,000. Participant accounts may be rolled over by the employee into an IRA or similar plan. In the event of death, remaining balances in the participant's account will be paid to the participant's beneficiary.

VESTING

Participants are immediately vested in all elective and rollover contributions. Participants are vested in the Company discretionary profit-sharing contributions according to the following schedule:

Years of Service	Vested percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon retirement, disability or death of a participant, the participant shall be deemed to be 100% vested in his entire account regardless of length of service. Forfeitures of non-vested account balances, if any, can be used to reduce the Company's contributions to the Plan or can be used to pay Plan expenses. The total forfeitures unused at December 31, 2022 were \$342. In 2022, the Plan did not use any forfeitures.

Notes to Financial Statements
December 31, 2022 and 2021

CORRECTIVE DISTRIBUTIONS

Employee contributions in excess of amounts allowed by the IRS are refunded back to the employee and recorded as a reduction of employee contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

The plan does not permit participant loans.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the custodian. Participants may change their investment allocations at any time by access to individual participant directed online accounts.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on an accrual basis in accordance with generally accepted accounting principles.

ADMINISTRATIVE AND INVESTMENT EXPENSES

The Company pays for substantially all of the administrative expenses of the Plan. Investment expenses relating to investment management fees are charged to the participant based on the particular investment fund to which the expenses relate. The Company has paid, on a discretionary basis, other expenses such as the legal and professional fees incurred in amending and administering the Plan. Administrative expenses for distributions, QDRO's and terminated participants are charged directly to the responsible participant.

FUNDING POLICY

The Sponsor deposits employee contributions bi-weekly and employer contributions quarterly.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Mueller McDonald's 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

PAYMENT OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D, "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through October 3, 2023, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, has certified to the completeness and accuracy of all investments except for the employer contributions receivable in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

NOTE D – FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Mueller McDonald's 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts: Pooled separate accounts represent investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company denotes readily determinable fair value. These pooled separate accounts are classified in Level 1 in the fair value hierarchy

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – TAX STATUS

The Plan has adopted a Volume Submitter Profit Sharing Plan with CODA sponsored by Atlantic Pension Services, Inc. and received a favorable opinion letter dated June 30, 2020. Although the opinion letter is not specific to the Plan, the plan administrator believes that the Plan is currently designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code; therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator considers the Plan has no uncertain positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – PARTIES-IN-INTEREST TRANSACTIONS

There are certain Plan investments that represent shares of mutual funds that are within John Hancock. John Hancock is the custodian as defined by the Plan. Transactions in these funds qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE I – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits. Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.
