Independent Auditor's Report

Trustee and Plan Administrator
Parexel International Corporation 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Parexel International Corporation 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Spin Off

As discussed in Note 1 to the financial statements, as a result of the acquisition of Parexel International Corporation, the Plan's sponsor, Calyx participants' account balances were spun off from the Plan into the Calyx 401(k) Plan effective January 1, 2022. The plan assets of Calyx participants were transferred to the control of the Calyx 401(k) Plan on January 3, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022, and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Parexel International Corporation 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Parexel International Corporation (the Company or Plan Sponsor) 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit sharing plan established effective January 1, 1988. It is subject to the provisions of the Internal Revenue Code of 1986 (the Code), as amended, and the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers all full-time, part-time, and temporary employees of the Company who are age 21 years or older.

Oversight of the Plan is managed by the Company's Investment Committee.

Effective January 11, 2021, the Company spun off the Calyx Division of the Company. Calyx continued to be a related party and participated in the Plan until November 15, 2021, when the Company was acquired and Calyx ceased being a related party. As of November 15, 2021, the employee deferrals and loans for participants were disallowed for Calyx employees. Effective January 1, 2022, plan assets attributable to Calyx participants of approximately \$76.6 million was transferred to the control of the Calyx 401(k) Plan on January 3, 2022.

Plan amendment: Effective July 23, 2021, the Plan was amended and restated to adopt a non-standardized form of a pre-approved plan sponsored by FMR LLC. The amendment to the Plan was adopted to reflect statutory changes pursuant to the Bipartisan Budget Act of 2018 (BBA) and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations and any related guidance.

Contributions: Participants may contribute up to 60% of their annual compensation, as defined, subject to the Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant. If the participant makes no changes, then the contributions will automatically be increased by 1% each January 1st, up to a maximum deferral rate of 6%.

The Company makes a discretionary match up to 4.5% of a participant's annual compensation based on the amount contributed by the employee up to the Code limit.

The match schedule is as follows:

Employee Contribution	Company Matching Contribution
1%	1.0%
2%	2.0%
3%	3.0%
4%	3.5%
5%	4.0%
6%	4.5%

In addition, the Company may make a discretionary non-elective contribution to be allocated to eligible participants in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants for the Plan year. There were no Company discretionary non-elective contributions made during 2022.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants that are automatically enrolled have their contributions invested in the applicable State Street Global Advisors (SSgA) Target Retirement Fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Investment options: Upon enrollment in the Plan, a participants may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Participant accounts: Participant accounts are maintained by the Plan's independent record-keeper, Fidelity Workplace Services. Each participant's account is credited with the participant's contributions, Company matching contributions, discretionary contributions (if applicable), an allocation of Plan earnings (losses) based upon investment elections, and is charged with an allocation of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service. Prior to January 1, 2020, each participant vested in 20% increments for each of the first five years of credited service, as defined by the Plan. Effective January 1, 2020, employees will be fully vested in Company matching contributions after completing three years of service as outlined below. The Company discretionary non-elective contributions vest in 20% increments for each of the first five years of credited service, as defined by the Plan.

Year	Vesting
1	- %
2	- %
3	100%

Forfeitures: Forfeitures of terminated participants' non-vested accounts can be used to reduce future Plan administrative expenses and Company contributions. During the year ended December 31, 2022, forfeitures used to offset Company contributions amounted to \$3,130,378 and forfeitures used to offset administrative expenses amounted to \$50. At December 31, 2022 and 2021, the remaining balance of forfeited non-vested amounts totaled \$272,866 and \$608,306, respectively.

Notes receivable from participants: A participant may borrow a minimum of \$1,000 from his or her account, not to exceed the lesser of \$50,000 or 50% of his or her vested account balance. A participant may not have more than one loan outstanding at any point in time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local market rates for similar loans. Loans must be repaid within five years, unless the loan is for the purchase of a primary residence, in which case it is repayable in ten years. Certain loans related to participants from plans that previously merged into the Plan have loan maturity dates greater than 10 years. Principal and interest are paid ratably through payroll deductions. At December 31, 2022, participant loans have maturities through 2040 at interest rates ranging from 4.25% to 7.25%.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Benefits: A participant's account is payable in either a lump-sum amount or installments equal to the vested value of his or her account upon termination of service, retirement or early retirement (if elected), death, permanent or total disability, or age 59½. In-service withdrawals may be made in the event of a financial hardship, as defined by the Plan. Hardship withdrawals are strictly regulated by the Code and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Security transactions are accounted for on a trade-date basis, and realized gains and losses on investments are calculated as the difference between the cost of the investment shares sold and the market value of the shares sold. The net appreciation (depreciation) in the fair value of investments reported in the statement of changes in net assets available for benefits includes realized and unrealized gains and losses on investments. Investment income is recorded as earned on the accrual basis. Dividends are recorded as of the ex-dividend date.

The Company's Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. The Company's Investment Committee is comprised of senior members of human resources, legal and finance departments and reports to the Business Review Committee of the Company.

Notes receivable from participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payments of benefits: Benefits are recorded when paid. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2022.

Expenses: All Plan expenses are paid by the Company, except those relating to record keeping fees on participant loans, which are allocated to the applicable individual participants' accounts.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses.

Note 3. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2022	2021
Investments at fair value		
Common and collective trust funds	\$ 382,963,021	\$ 487,264,988
Mutual funds	232,675,959	318,590,083
	<u>\$ 615,638,980</u>	<u>\$ 805,855,071</u>
Notes receivable from participants	<u>\$ 4,822,764</u>	<u>\$ 5,994,409</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$149,016,715 of net depreciation in fair value of investments and \$13,032,619 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The Plan applies the provisions of Accounting Standards Codification (ASC) 820, Fair Value Measurement. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. This guidance also specifies a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible to the Plan at the measurement date.

Parexel International Corporation 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and collective trust funds: Valued at the net asset value of units of a bank collective trusts. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 232,675,959	\$ -	\$ -	\$ 232,675,959
Common and collective trust funds measured at NAV (a):				
Target Life Cycle Funds				365,892,909
Small Cap				17,070,112
Total common and collective trust funds measures at NAV				382,963,021
Total investments at fair value				\$ 615,638,980

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 318,590,083	\$ -	\$ -	\$ 318,590,083
Common and collective trust funds measured at NAV (a):				
Target Life Cycle Funds				461,215,607
Small Cap				26,049,381
Total common and collective trust funds measures at NAV				487,264,988
Total investments at fair value				\$ 805,855,071

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There are currently no redemption restrictions or unfunded commitments on these investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. During the year ended December 31, 2022, there were no transfers between Level 1, Level 2 or Level 3.

Note 5. Transactions and Agreements With Parties-in-Interest

The Plan holds shares of mutual funds and collective trusts managed by Fidelity. The Plan also makes loans to participants. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid for investment management services were included as a reduction of the return earned on each fund. Administrative revenues arise when investment managers return a portion of the investment fees to Fidelity to offset the administrative expenses.

Parexel International Corporation 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 6. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Income Tax Status

Effective July 23, 2021, the Plan adopted a non-standardized form of a pre-approved plan sponsored by FMR LLC. The pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Prior to July 23, 2021, the Plan had adopted a volume submitter plan sponsored by Fidelity Management & Research Co. The volume submitter plan provider received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter was relied upon by the Plan. The Plan Administrator believes the Plan was designed and was being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

Add employer contributions receivable in 2021	158,112
Net loss per the Form 5500	<u><u>\$ (114,797,045)</u></u>

Note 9. Nonexempt Party-in-Interest Transactions

The Company remitted various participant contributions amounting to \$164,649 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3 102 during 2021. The Company intends to file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.
