Report of Independent Auditors

To the Administrator of Transworld 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Transworld 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are

required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing

an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Transworld 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following description of Transworld 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

Eligibility

The Plan covers Transworld Oil U.S.A., Inc. and its subsidiaries, Calcasieu Refining Company (“Calcasieu”), Transworld Systems Petroleum Inc., Transworld Technologies Inc., and TOC Oil Inc. (collectively, the “Company”). Effective March 1, 2020, the Plan also covers Transworld Oil Limited employees, and effective April 11, 2022, the Plan also covers Music App Inc. employees. The Plan is a defined contribution plan, covering employees who have attained one year of service with the Company and are age 18 or older. Leased employees as defined in the Basic Plan Document are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

During 2022, participants could elect to contribute up to 60% of their eligible compensation to the Plan, with participants’ total contributions to the Plan not to exceed \$20,500 in a calendar year. Participants who attained the age of fifty (50) during the plan year could contribute additional catch-up contributions (not to exceed \$6,500 in 2022). The Company makes safe harbor contributions in an amount equal to 3% of compensation for the portion of the plan year that each employee has been an active participant. The Company also makes nondiscretionary matching contributions in an amount equal to 100% of defined contributions subject to a maximum of 3% eligible compensation contributed to the Plan. Effective September 1, 2020, the safe harbor contributions matching contributions were removed. Effective January 1, 2021, the safe harbor contributions were again added for employees. The Company may also make discretionary contributions to the Plan and made \$324,469 of discretionary matching contributions in 2022.

The Plan was amended April 8, 2014, to provide increased benefits to Calcasieu employees by adding additional Calcasieu contributions based on employee’s service with Calcasieu (service award) made to their 401(k) account. Effective January 1, 2015, the service award is calculated as follows:

- 1 to 9 years of service – additional contribution 3%
- 10 to 19 years of service – additional contributions 4%
- 20 to 29 years of service – additional contribution 5%
- 30+ years of service – additional contribution 6%

Effective September 1, 2020, the above fixed nonelective contributions for Calcasieu employees was removed. Effective April 1, 2021, the above fixed elective contributions were again provided to Calcasieu employees.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) plan earnings and is charged administrative expenses for any loans that the participant may have. Allocations are based on participant earnings or account balances, as defined. Payment for Plan administrative expenses is paid in part by the investment funds based on a revenue sharing agreement between the Plan and the trustee.

Notes to Financial Statements

December 31, 2022 and 2021

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in all contributions to their accounts plus the actual earnings thereon.

Notes Receivable from Participants

The Plan allows for in-service withdrawals in the case of financial hardship, as defined by the plan document. Participants may also borrow from their fund accounts from a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant account during the prior twelve-month period. Participants are limited to two outstanding loans at any time. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan. The loans are secured by a pledge in the participant's segregated loan fund and bear interest at rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably at least quarterly through payroll deductions. The interest rates on loans were between 5.25% and 8.25% at December 31, 2022, and between 5.25% and 7.5% at December 31, 2021.

Administrative Expenses

The Company provides various other operational and administrative services to the Plan for which the costs are incurred directly by the Company. These expenses are not included in the Plan's financial statements. Any such expenses not paid by the Company are paid by the Plan and included in the Plan's financial statements.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum distribution equal to the vested value of his or her account. In addition, a participant with a vested account of more than \$5,000 may elect to defer the payment of benefits to April 1st following the later of the calendar year in which the participant attains the age 72 or terminates from the Company. However, a participant who is also a 5% owner of the Company must begin receiving benefit payments by April 1st following the calendar year he or she reaches age 72. Effective January 1, 2023, the minimum distribution age was increased to 73 years of age under the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). Normal retirement age is 65 and early retirement age is 55.

Investment Election

Participants direct the investment of their elected contributions into the various investment options offered by the Plan. The Plan currently offers 32 mutual funds, primarily in the Fidelity family of the funds.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The Plan's financial statements include amounts that are based on management's best estimates and assumptions. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Benefit Payments

Benefit payments to members are recorded when paid.

Concentration Credit Risk

Certain financial instruments potentially subject the Plan to concentrations of credit risk. These financial instruments consist of various mutual funds and collective instruments in the Institutional collective investment fund. The Plan does not obtain or require collateral for these instruments. Changes in the economic environment have a direct impact on the market value of these instruments. It is reasonably possible that changes in the economic environment will occur in the near term and that such changes will have a material effect on the market value of the instruments included in the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Transaction fees incurred in connection with the purchase and sale of securities are paid out of the fund to which such charges are attributable. The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation/(depreciation) on those investments during the period.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Transworld 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

All investment information disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

The certified components of investments in the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022 were as follows:

	2022	2021
Investments	\$ 23,093,302	\$ 29,729,044
Notes receivable from participants	306,646	281,188
Changes in net assets for the year ended December 31, 2022		
Net appreciation (depreciation) in fair value of investments	\$ (5,959,047)	
Interest and dividend income	1,348,375	
Interest income on notes receivable from participants	19,711	

4. Fair Value Measurements

ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liability; and
- Inputs that are derived principally from or corroborated by observable market data or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Managed Income Portfolio Stable Value Fund

Valued at quoted market values as determined by the issuer based on the fair value of the underlying investments.

The Managed Income Portfolio ("MIP") is a commingled pool, dedicated exclusively to the active management of the assets of employee benefit plans. MIP invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrap" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. MIP seeks to minimize the exposure of the Portfolio to wrap credit risk through, among other means, diversification of the wrap contract across an approved group of issuers. The Plan's assets are invested in a Stable Value Fund, in which all investment contracts in the Fund are fully benefit responsive. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract or otherwise. The contract issuer is obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, through its investments in the Fund unless specifically denoted elsewhere in the contracts, such as an early termination clause. At December 31, 2022 and 2021, all investment contracts held by the Fund were deemed fully benefit-responsive within the meaning of the FASB Staff Position.

The following sets forth by level, within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2022 and 2021. No significant transfers between Levels for either year.

As of December 31, 2022

Notes to Financial Statements

December 31, 2022 and 2021

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

	Fair Value at	Unfunded Commitments	Remaining Life	Redemption		
				Frequency (if Currently Eligible)	Trade to Settlement Terms	Notice Period
December 31, 2022						
Common collective trust	\$ 4,017,384	\$ -	N/A	daily, pending market conditions	1 to 3 days	N/A

Common collective trust	\$ 3,768,034	\$ -	N/A	daily, pending market conditions	1 to 3 days	N/A

5. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the plan administrator in a letter dated March 31, 2008 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended and restated since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions by the plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

6. Party-in-Interest Transactions

The Plan invests in mutual funds managed by Fidelity, the trustee and recordkeeper of the Plan. These transactions qualify as party-in-interest. Fees paid by the Plan to Fidelity, net of reimbursements by the Company, for administration, early withdrawal, and loan processing amounted to \$3,709 for the year ended December 31, 2022.

7. Reconciliation of the Financials to Schedule H of Form 5500

The following is a reconciliation of the Plan's net assets available for plan benefits per the financial statements at December 31, 2022 and 2021 to the Form 5500:

	2022	2021

Net assets available for plan benefits per Form 5500	<u>\$ 23,240,257</u>	<u>\$ 30,119,069</u>

The following is a reconciliation of net increase in net assets per the financial statements to net income per the Form 5500 for the year ended December 31, 2022:

	December 31, 2022
Net decrease in net assets available for plan benefits per the financial statements	\$ (6,574,085)
2022 Adjustment for fair value reporting difference between financial statements and Form 5500	(271,192)
2021 Adjustment for fair value reporting difference between financial statements and Form 5500	<u>(33,535)</u>
Net decrease in net assets available for plan benefits per Form 5500	<u>\$ (6,878,812)</u>

8. Risks and Uncertainties

The Plan provides for investments in various securities through the investment funds offered to participants, including but not limited to, domestic and foreign debt and equity securities and obligations of the U.S. government, among others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Subsequent Events

The Plan has performed an evaluation of subsequent events through October 12, 2023, the date the financial statements were available to be issued.
