Board of Directors and
Mr. Chad Kamler, Administrator
Arbutus Park Manor Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Arbutus Park Manor Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Arbutus Park Manor Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Arbutus Park Manor Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Arbutus Park Manor Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Arbutus Park Manor Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Arbutus Park Manor Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ending December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Arbutus Park Manor ("Manor") Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Arbutus Park Manor who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by the Manor's board of directors.

Employer Contributions

Each year, the Manor makes a discretionary contribution to the Plan based on a board-approved percentage of employees' gross compensation. For 2022 and 2021, the percentage was 1.75%.

Participant Contributions

Contribution limits defined in the Plan are in accordance with the limitations set by the federal government. Participants are permitted to make elective deferrals in any amount from 1% to 25% of their annual compensation, not to exceed the maximum percentage of compensation and dollar amounts permissible under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions, as well as company contributions, into various investment options offered by the Plan. The Plan currently offers various mutual funds, common/collective funds, a stable value fund, and an evergreen investment contract as investment options for participants. Participants may also invest in allocated insurance contracts, which are excluded from plan assets, if any.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Manor's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the compensation of each participant for contributions and on the balance in the participant's account for the other allocations. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of service. Participants are fully vested after six (6) years.

**Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of his/her account. Benefits are paid as soon as administratively possible following the date on which a distribution is requested. Benefits payable to participants who, at the financial statement date, had been processed and approved, but had not been paid, amounts to \$0 for 2022 and 2021.

Forfeitures

If a participant terminates employment, the non-vested portion of his/her account will be used to pay Plan expenses. These funds are available for Plan expenses upon payment of vested benefits to former participants. If the participant returns to employment with the Manor before incurring five consecutive one-year breaks in service, and the participant returns his/her vested funds to the plan, the amount forfeited is restored to the participant's account by the Manor. Forfeitures in 2022 were \$6,253 and in 2021 were \$4,128.

Note 2 - Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through October 10, 2023 which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure, for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in the mutual funds and the common collective trust investments are measured at fair value on a recurring basis, based on the most current quoted market prices and the most current quoted market prices of the underlying investments, respectively, at December 31, 2022 and 2021. The Plan's investments in the evergreen investment contract are reported at contract value, at December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of the evergreen investment contract and Note 4 for fair value measurements. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are reported in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits. Administrative expenses include investment management fees, record keeping fees, third party administrator fees, and distribution fees. Other investment-related expenses for the various funds offset income and are included in the net appreciation in the fair value of the investment.

Note 3 – Fully Benefit Responsive Investment Contract with Transamerica

The Plan holds a traditional fully benefit-responsive evergreen investment contract with Transamerica Life Insurance Company (Transamerica) totaling \$98,054 for 2022 and \$11,003 for 2021. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed semi-annually for resetting. The evergreen investment contract does not have a scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

If all or a portion of the assets under the investment contract with Transamerica are directed to be transferred to another investment option by the Plan Sponsor, the amounts will be transferred on the 270th business day after the request was made. However, if the guaranteed interest rate on the contract decreases, the transfer will be made within 30 business days.

Transamerica may defer any withdrawal requests for 12 months after receipt of written notice of the withdrawal requests equaling four or 14 percent of the total assets of all General Account Stable Value Funds in any one or consecutive month period, respectively, if such withdrawals would materially adversely affect the financial condition of the Transamerica Retirement Solutions Stable Value Accounts. The interest rate of the contract will not be decreased during any delay period.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value, such as:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Fair value is based on observable inputs other than the quoted prices included in Level 1. Level 2 inputs also include inputs for identical or similar assets or liabilities in markets that are not active.

Level 3 Fair Value Measurements

Fair value is based on unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Net asset value is the per-share dollar amount of the fund, calculated by dividing the total value of all the securities in its portfolio, less any liabilities, by the number of fund shares outstanding.

Common/Collective Trust (CCT): The fair value of CCTs is based on the quoted net asset values (NAV) of the underlying assets of the funds at year-end. The CCTs invest in various mutual funds, other CCTs, and use money market accounts and a General Account Stable Value Core Option to stabilize returns. The Plan holds investment units in the CCTs, referred to as *units of participation*, representing an undivided interest in the underlying assets of the trust. Net asset value is the per-unit dollar amount of the fund, calculated by dividing the total value of all the underlying assets in the fund, less any liabilities, by the number of units of participation outstanding. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investments for an amount different from the expected net asset value. Participant-directed transactions may occur daily at NAV per unit.

Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is computed by dividing the total assets of the fund, less its liabilities, by the total number of units outstanding at the time of such computation. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 month's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and December 31, 2021.

	Total	Fair Value Measurements Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2022</u>			
Mutual Funds	\$ 183,046	\$ 183,046	\$ 0
Total assets in the fair value hierarchy	183,046	<u>\$ 183,046</u>	<u>\$ 0</u>
Investments measured at net asset value (a)	<u>4,110,020</u>		
Investments at fair value	<u>\$ 4,293,066</u>		
<u>December 31, 2021</u>			
Mutual Funds	\$ 138,459	\$ 138,459	\$ 0
Total assets in the fair value hierarchy	138,459	<u>\$ 138,459</u>	<u>\$ 0</u>
Investments measured at net asset value (a)	<u>5,419,733</u>		
Investments at fair value	<u>\$ 5,558,192</u>		

(a) In accordance with Subtopic 820-10, certain investments, that were measured at net asset per share (or its equivalent), have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Transamerica Retirement Solutions collective trust funds	<u>\$4,110,020</u>	N/A	Daily	None
Total investments measured at net asset value	<u><u>\$4,110,020</u></u>			
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Transamerica Retirement Solutions collective trust funds	<u>\$5,419,733</u>	N/A	Daily	None
Total investments measured at net asset value	<u><u>\$5,419,733</u></u>			

If the Plan terminates the contract, the settlement amount will be determined by the lower of contract value or fair value.

Note 5 - Investments

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$(709,122) and \$743,153, respectively.

Note 6 - Related Party Transactions

Transamerica is the recordkeeper for the plan and acting agent to Reliance Trust Company as the trustee/custodian, Metro Benefits is the Third-Party Administrator (TPA), and New York Life Insurance Company is the investment advisor. Certain current plan investments are shares of common/collective trusts managed by Transamerica and their affiliates and an evergreen investment contract in Transamerica Life Insurance Company's general account. Therefore, these transactions qualify as party-in-interest transactions.

Arbutus Park Manor Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Fees paid by the Plan for the investment management services, recordkeeping services, and TPA services amounted to \$34,109 and \$28,224 for the years ended December 31, 2022 and 2021, respectively, with no amounts payable on December 31, 2022 or 2021. Total assets invested in the party-in-interest funds is \$4,208,074 and \$5,430,736 for 2022 and 2021, respectively. Certain administrative functions are performed by employees of Arbutus Park Manor. No employees receive compensation from the plan.

Note 7 - Federal Income Tax Status

The Plan obtained its latest opinion letter for the adopted prototype plan on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since then, the Plan Administrator and the Plan's tax counsel believe that the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Manor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. The value of the participants' accounts shall be distributed to all affected participants as lump-sum cash payments.

Note 9 - Information Certified by the Plan's Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 10 - Risks and Uncertainties

Investment Securities

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 11 – Subsequent Events

New Relevant Legislation

The Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (“SECURE 2.0” or the “Act”), was signed into law on December 29, 2022. The Act contains many retirement changes and was designed to provide new incentives for employers to offer retirement plans to their employees and for the employees to participate in the plan. SECURE 2.0 also helps employees and their beneficiaries by easing costs, administrative burdens, and penalties for inadvertent mistakes. The plan may need to be amended to comply with some of the Act’s provisions. The effects of the possible adoption of new plan provisions cannot be estimated at this time.
