Liberty Bank 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Liberty Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Liberty Bank 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Liberty Bank 401(k) Plan (the "Plan") is provided for general information purposes only and is not intended to be a complete description of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Liberty Bank (the "Bank" or "Employee"). An employee is eligible to become a participant of the Plan on the first day of the month following 90 days of employment and if they are at least 21 years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Bank and the Charles Schwab Bank (the "Trustee") administer the Plan.

SECURE Act

The Plan has implemented certain requirements by Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). Under the SECURE Act, The Plan implemented changes to allow employees with at least 500 hours of service over three consecutive 12-month periods and who have attained age 21 to participate in the plan and adopted the increase in age for Required Minimum Distributions from 70 1/2 years to 72 years for qualified retirement plans.

Contributions

A participant may elect to authorize a pre-tax payroll deduction, and effective January 1, 2018, after-tax compensation of 1% to 80% of his/her eligible compensation, as defined, as an elective salary deferral contribution to his/her account in the Plan up to the limit prescribed by the Internal Revenue Service of \$20,500 for the years ended December 31, 2022 and 2021. Additionally, a participant age 50 or older may be eligible to make a catch-up contribution with maximum limit of \$6,500 for the years ended December 31, 2022 and 2021. Contributions are allocated among the available investment funds, or self-directed brokerage accounts, at the direction of the participant. Amounts contributed by the participant are not taxed to the participant for federal and state withholding until a distribution is received from the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

For employees hired prior to January 1, 2015, the Bank matches 100% of the amount of the participant's elective deferral up to a cap of 1% of the participants' eligible compensation plus 75% of the participant's elective deferral in excess of 1% but not in excess of 5%; accordingly, the maximum matching contribution is 4% of the participants' eligible compensation. For employees hired on or after January 1, 2015, the Bank matches 75% of the first 4% of a participant's elective deferral.

Vesting

Participants are fully vested with respect to participant contributions and the vesting schedule for the Bank's matching contributions is based on a three-year cliff-vesting schedule (100% vesting upon completing three years of service; no vesting prior to that time).

Liberty Bank 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Withdrawals

A participant may apply to the Plan to withdraw amounts from his/her matched and/or unmatched portion of his/her account only in the event of termination of employment, disability, or retirement.

A participant may request an in-service withdrawal of his/her rollover portion of his/her account, including earnings thereon.

At any time, for hardship reasons, a participant may request to withdraw any amount from the total amount of the participant's contributions and earnings accrued thereon.

Forfeitures

Forfeitures arising during a plan year are used by the Bank to fund its matching contribution for such plan year and, if any forfeiture remains, for subsequent plan years. Forfeitures of \$63,124 and \$36,000 for 2022 and 2021, respectively, were used to reduce the Bank's contributions. Outstanding forfeiture balances at December 31, 2022 and 2021 were \$ 78,972 and \$57,039, respectively.

Payment of Benefits

On retirement from service, a participant who has reached the age of retirement allowed by the Plan, will receive the full value of his/her account, of which the balance can be withdrawn as a lump-sum payment or continued to be maintained with the trustee. The participant can elect to receive annual installments over a period of whole years not to exceed the participant's life expectancy. When a participant is no longer employed by the Bank for any reason other than death, the Plan will make a lump-sum payment if the participant's balance is less than \$1,000 as of the applicable participant's retirement or termination date. Lump-sum payments are composed of total vested cash contributions as of the retirement or termination date, plus earnings. When a participant or former participant dies, the Plan pays the account balance, which is composed of total vested cash contributions plus earnings, to the designated beneficiary. Payment is made as soon as reasonably practicable after notice of death is received.

Notes Receivable from Participants

The Plan allows participants to borrow amounts not to exceed the lesser of (a) \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan to the participant or beneficiary during the prior one-year period over the outstanding loan balance as of the date such loan is made, or (b) 50% of the vested interest in the participant's account. All loans are considered to be an investment of the borrowing participant's account only and are not considered investments of the Plan for the benefit of other participants. Loans are required to be repaid over not more than five years unless the loan is used to acquire a principal place of residence, in which case the repayment period cannot exceed ten years. A participant may have two loans outstanding at the same time; however, only one loan may be applied for during any Plan year. The interest rate on the loan will be based on the prevailing market interest rate at the time of the loan.

Plan Termination

Although the Bank expects to continue the Plan and the contributions to the Plan indefinitely, such continuance is not assumed as a contractual obligation, and in order to protect both participants and the Bank against unforeseen contingencies, the Bank may, by action of its Board of Directors, amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their employer matching contributions and, after payment of all Plan liabilities and expenses, participants are entitled to receive their respective shares of the Plan's net assets.

Liberty Bank 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Participant Accounts

A separate account is maintained in the name of each participant reflecting all contributions by the participant, all amounts contributed by the Bank under the Plan on the participant's behalf, interest and dividend earnings and investment gains or losses on all such contributions, and any distributions or withdrawals. The amount of benefit available to each participant at any point in time depends upon the value of the participant's own account.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in various investment options offered by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan were required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value was the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value was the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Management's Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"), requires management of the Plan to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value and contract value. Management determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and administrative expenses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on payment date.

The difference between the fair value of Plan assets at the beginning of the year, or at the time of purchase during the year, and the fair value of investments at the end of the year, is recorded as net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Fair Value Measurements

The Plan follows the *Fair Value Measurements* topic of the Financial Accounting Standards Board ("FASB") Codification. This topic defines fair value and establishes a framework for measuring fair value in generally accepted accounting principles. It defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (exit price) in principal, or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. This topic also

Liberty Bank 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Three levels of inputs that may be used to measure fair values:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

When available, quoted market prices are used. In other cases, fair values are based on estimates using present value or other valuation techniques. These techniques involve uncertainties and are significantly affected by the assumptions used and judgments made regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows, future expected loss experience and other factors. Changes in assumptions could significantly affect these estimates. Derived fair value estimates cannot be substantiated by comparison to independent markets and, in certain cases, could not be realized in an immediate sale of the instrument.

Fair value estimates are based on existing financial instruments without attempting to estimate the value of anticipated future business and the value of assets and liabilities that are not financial instruments. Accordingly, the aggregate fair value amounts presented do not purport to represent the underlying market value of the Plan.

The following is a description of the valuation methodologies used for assets measured at fair value. For 2022, collective trusts were added to the methodologies.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset values ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts: The collective trusts are valued based on the NAV of units of the fund. The NAV, as provided by the trustee, is used as a practical expedient for estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Investments in the collective trusts can be redeemed daily without restriction, have no redemption notification provision or unfunded commitments.

Self-Directed Brokerage Account: Valued based on the fair value of the underlying investments which are carried at fair value based on quoted market prices

Benefit Payments

Benefits are recorded when paid.

Liberty Bank 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Administrative Expenses

All costs, fees, and other administrative expenses are paid from the Plan and are allocated to participant accounts in the Plan.

Investment Fees

Investment fees are netted against investment income (loss).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Subsequent Event Measurement Date

The Plan monitored and evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for year ended December 31, 2022 through October 12, 2023, the date on which the financial statements were available to be issued. No subsequent events were identified that required adjustment to or disclosure to the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair values of assets measured on a recurring basis at the reporting date, are as follows at December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 47,349,644	\$ -	\$ -	\$ 47,349,644

	2021			
	Total	Level 1	Level 2	Level 3
Investments in the fair value hierarchy:				
Mutual funds	\$ 88,722,480	\$ 88,722,480	\$ -	\$ -
Self-directed brokerage	2,694,533	2,694,533	-	-
Total investments at fair value	<u>\$ 91,417,013</u>	<u>\$ 91,417,013</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 4 - INVESTMENT AT CONTRACT VALUE (NEW YORK LIFE INSURANCE ANCHOR ACCOUNT IV)

The Plan has a fully benefit-responsive investment contract with Charles Schwab Trust Bank, which maintains the contributions in a pooled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The objective of the contract is to provide a low risk, stable investment offering competitive yields, allowing investors to accumulate current income while preserving principal. The contract is included in the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Charles Schwab Trust Bank. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5 - FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter dated September 21, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code").

Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed, and is currently being operating, in compliance with the applicable requirements of the Code and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax position taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank has certified that the following data included in the financial statements and supplementary schedule is complete and accurate:

- Investments at fair value and contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment (loss) income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Schedule H, part IV, line 4(i) - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTIES

The Plan provides for participant loans. These transactions qualify as party-in-interest transactions as defined by ERISA. Certain investments are managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the trustee of the Plan assets, therefore, these transactions qualify as party-in-interest.
