To the Board of Trustees
Leiss Tool & Die 401(k) Profit Sharing Plan
Somerset, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audits of the financial statements of Leiss Tool & Die 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Newport Trust Company, as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEISS TOOL & DIE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Plan Description

The following description of Leiss Tool & Die 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all full-time employees of Leiss Tool & Die (the "Company" or the "Plan Sponsor"), Jenny Products, Inc. and Highland Harley Davidson, all of which have a common owner, who have one year of service (with 1,000 hours of service) and are age twenty-one or older, as allowed under Section 401(k) of the Internal Revenue Code of 1986, as amended (IRC). The Company is the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is not covered by the Pension Benefit Guaranty Corporation. Overall responsibility for administering the Plan rests with the Board of Trustees. The Plan's custodian, Newport Trust Company., is responsible for the management and control of the Plan's assets, which are held in individual participant investment accounts (collectively known as the Trust).

Contributions

Each year, participants may contribute up to 20 percent of pre-tax annual compensation, as defined in the Plan, subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The employee salary deferrals are exempt from federal income tax until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately nineteen (19) mutual funds as investment options for participants. The employer may contribute amounts based on its sole discretion which shall be allocated to each participant in proportion to his or her compensation for the year. Any participant who is credited with 1,000 hours of service during the Plan Year and is employed on the last day of the Plan Year is eligible to receive an allocation of any employer contribution that is made. The Company contribution is invested in the same portfolio of mutual funds as participant's contributions at the direction of each individual participant.

Participant Accounts

A separate account is maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures shall be allocated to participants in the same manner as the employer's contribution.

LEISS TOOL & DIE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Plan Description (continued)

Investment Options

Upon enrollment in the Plan, a participant must direct their salary deferral and any employer contributions into one or more of several diversified mutual funds as more fully described in the Plan's literature. Participants may change their investment allocation on a daily basis.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested in company contributions after (a) six years of credited service, (b) attainment of normal or early retirement age, (c) retirement due to disability, death or termination of Plan.

Forfeited Accounts

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$3,766 and \$2,919, respectively. These accounts are used to supplement future employer contributions. In 2022, \$0 in nonvested forfeiture accounts was allocated to participant's accounts. During the transition of TPA's and multiple position changes during the plan year, the allocation of forfeitures to employer contribution was overlooked by the current TPA. This oversight was corrected in the plan year 2023.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant (or a participant's beneficiary in the event of death) may elect to (1) receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, or (2) elect a rollover distribution to an eligible retirement plan or eligible individual retirement account (IRA) in an amount equal to the value of the participant's vested interest in his or her account. If a participant's account is less than \$1,000 and an election is not made, the Trustee will distribute the vested interest in the participant's account to the participant in the form of a lump-sum payment. If a participant with an account balance greater than \$1,000 and not exceeding \$5,000, does not elect either to receive or to rollover the distribution, then the participant's vested interest in the account will be rolled over to an IRA. In addition, hardship distributions are permitted if certain criteria are met.

Administrative Expenses

During the year ended December 31, 2022 the Plan paid a third party for investment fund administrative expenses and recordkeeping fees relating to the maintenance of the participant accounts. All other administrative expenses including audit fees were paid for by the Company, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

LEISS TOOL & DIE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Plan Description (continued)

SECURE and CARES Act

In February 2021, the Plan Sponsor adopted certain provisions of the Setting Every Community Up for Retirement Enhancement (SECURE Act) related to required minimum distributions and the limitation of life-time or “stretch” distributions to remain compliant under the applicable laws and regulations. On March 27, 2021, The Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law which provides plan, plan sponsor and participant relief. During 2021, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions and the waiver of 2021 required minimum distributions.

Note 2: Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the quoted market prices, which represent the net asset value of shares held by the Plan at year-end, utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 3: Information Certified by Newport Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Newport Trust Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
<u>Investments at fair value:</u>		
Mutual funds	<u>\$ 9,778,859</u>	<u>\$ 13,183,899</u>

Newport Trust Company also certified to the completeness and accuracy of (\$3,189,562) of net depreciation in fair value of investments and \$452,543 of interest and dividends related to the aforementioned assets for the year ended December 31, 2022.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Accounting Standards Codification 820 requires that assets and liabilities reported at fair value be classified in one of the following three levels:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets • Quoted prices for identical or similar assets or liabilities in inactive markets • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means • If an asset or liability has a specified (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4: Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Fair Value Measurements as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 9,778,859	\$ -	\$ -	\$ 9,778,859
Total assets at fair value	\$ 9,778,859	\$ -	\$ -	\$ 9,778,859

<u>Fair Value Measurements as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,183,899	\$ -	\$ -	\$ 13,183,899
Total assets at fair value	\$ 13,183,899	\$ -	\$ -	\$ 13,183,899

All investments in the statement of net assets are reported at fair value. All of the Plan's investments measured at fair value as of December 31, 2022 and 2021 are Level 1 measurements. There were no transfers between Levels 1, 2 or 3 in 2022 or 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6: Tax Status

The Plan has adopted a Non-standardized Pre-Approved Profit-sharing/Money Purchase Plan sponsored by Newport Group Inc. The Plan, by letter dated June 30, 2020, was approved by the Internal Revenue Service and accordingly, was in compliance with the applicable sections of the Internal Revenue Code (IRC) and is therefore not subject to tax under the present income tax law. The Pre-Approved profit-sharing Plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since the determination letter, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt. The plan has been amended as of January 1, 2022, to comply with the Bipartisan Act of 2018, allowing hardship withdrawals.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7: Risks and Uncertainties

The Plan invests in various mutual funds. Mutual funds are exposed to various risks such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedule of the Plan.

The Plan provides investment options that hold securities of foreign companies, which may involve special risks and considerations not typically associated with investing in U.S. Companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Note 8: Related-Party Transactions and Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Included in the statement of changes in net assets available for benefits are fees paid by the Plan for recordkeeping and administration expenses.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 Schedule H:

	<u>December 31, 2022</u>
Net assets available for plan benefits per the financial statements	\$ 9,828,859
Less: Benefit claims payable	<u>(9,492)</u>
Net assets available for plan benefits per the Form 5500	<u>\$ 9,819,367</u>

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 Schedule H:

	<u>December 31, 2022</u>
Benefits paid to participants per the financial statements	\$ 957,334
Less: Benefits claims payable – prior year	-
Add: Benefits claims payable – current year	<u>9,492</u>
Benefits paid to participants per the Form 5500	<u>\$ 966,826</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved prior to December 31, but not yet paid as of that date.

Note 10: Nonexempt Prohibited Transactions

During the year ended December 31, 2021, the Plan sponsor inadvertently failed to deposit approximately \$2,190 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. These participant contributions were submitted to the custodian in the year ending December 31, 2022, along with lost earnings.
