Anomatic Corporation Employee Retirement Savings Plan

Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Anomatic Corporation Employee Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Anomatic Corporation Employee Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Anomatic Corporation Employee Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anomatic Corporation Employee Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anomatic Corporation Employee Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anomatic Corporation Employee Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Anomatic Corporation Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Anomatic Corporation (Company) Employee Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute pretax and after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100 percent of the first 3 percent and 50 percent of the next 2 percent of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions and employer matching contributions into any of the 29 investment options offered by the Plan. Participants may change their investment options upon notice to Principal Life Insurance Company.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if applicable, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching contributions plus actual earnings thereon. A participant is 100 percent vested upon plan entry.

Anomatic Corporation Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A – DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 9.50%, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Loan terms may not exceed five years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant with an account balance in excess of \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a certain period. Participants with an account balance less than \$5,000 will receive the value of the vested interest in his or her account, less applicable surrender charges in accordance with Plan provisions, as a lump-sum distribution. In addition, a participant may withdraw any part of his or her vested account in the event of undue financial hardship. A participant who has reached age 59 ½ may request an in-service distribution.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1 for both years. Forfeited nonvested accounts, if any, may first be used to reduce plan expenses. Any forfeitures left after paying plan expenses may be used to offset future contributions. If any forfeitures still remain, such forfeitures will be reallocated. During 2022 and 2021, employer contributions were reduced by none and \$32,564, respectively from forfeited nonvested accounts.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Anomatic Corporation Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B – SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is accrued as it is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the notes on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not have excess contributions for the year ended December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Principal Life Insurance Company, at December 31:

	<u>2022</u>	<u>2021</u>
Investments, at fair value		
Pooled separate accounts	\$15,142,858	\$19,799,365
Guaranteed interest account	<u>567,480</u>	<u>598,074</u>
	<u>\$15,710,338</u>	<u>\$20,397,439</u>
Investment loss	<u>\$(3,415,040)</u>	

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Anomatic Corporation Employee Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts

Investments in pooled separate accounts are valued using the published market value of the underlying assets of the separate account, plus income accrued but not yet received, less operating expenses accrued but not deducted, and then divided by the number of participant units outstanding. Participant transactions may occur daily. The pooled separate accounts held by the Plan are deemed to have a readily determined market value. There were no unfunded commitments as of December 31, 2022 and 2021.

Investment Contract

This investment is made by the Plan in an unallocated Flexible Investment Annuity Group Contract which is invested in a guaranteed interest account with Principal Life Insurance Company who guarantees a fixed interest rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed interest account	\$ -	\$ -	\$567,480	\$ 567,480

Investments at fair value	<u>\$19,799,365</u>	<u>\$ -</u>	<u>\$598,074</u>	<u>\$20,397,439</u>

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments for the year ended:

	<u>Beginning Fair Value</u>	<u>Total Gains or Losses</u>	<u>Interest Credited</u>	<u>Purchase, Issuances, Settlements</u>	<u>Ending Fair Value</u>
<u>December 31, 2022</u>					
Guaranteed interest account	<u>\$598,074</u>	<u>\$(24,528)</u>	<u>\$2,915</u>	<u>\$ (8,981)</u>	<u>\$567,480</u>

Guaranteed interest account	<u>\$644,675</u>	<u>\$ (7,484)</u>	<u>\$4,258</u>	<u>\$(43,375)</u>	<u>\$598,074</u>

The amount of total loss for the guaranteed interest account for the period included in changes in net assets attributable to the change in unrealized gains or losses related to assets still held at the reporting date was \$(24,528) for the year ended December 31, 2022. Gains and losses (realized and unrealized) included in the changes in net assets for the period above are reported in net depreciation in guaranteed interest account in the statement of changes in net assets available for benefits.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE F – TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020. The letter stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

NOTE G – PLAN ADMINISTRATION

Employees of the Company perform certain administrative functions. No such employee receives compensation from the Plan. A general administration expense charge, rendered by Principal Life Insurance Company, is applied in a uniform manner to all contracts. In addition, certain administrative expenses for the Plan are paid directly by the Company.

NOTE H – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments include pooled separate and guaranteed investments with Principal Life Insurance Company (Principal). Principal is the custodian, as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Principal also manages plan assets at the direction of participants. Fees paid by the Plan for these services amounted to \$25,162 for the year ended December 31, 2022. Fees paid by the Plan for the investment management services were included as a reduction of the return earned for each fund.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE J – EXCESS CONTRIBUTIONS

Benefit distributions of \$3,152,370 for the plan year ended December 31, 2022 include payments of \$20,761 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the prior year.

The Plan passed the discrimination test for the year ended December 31, 2022. Excess contributions were not recorded as a liability in the accompanying statement of net assets available for benefits or as a reduction of participant-directed contributions for the year.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
