INDEPENDENT AUDITOR'S REPORT

October 11, 2023

To the Trustees of
Baptist Health System Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Baptist Health System Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Baptist Health System Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Opinion (Continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Baptist Health System Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baptist Health System Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baptist Health System Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baptist Health System Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

Supplemental Schedule Required by ERISA (Continued)
For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these statements.

1. THE PLAN

The following description of the Baptist Health System Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering most full-time and part-time employees of the Baptist Health Nursing and Rehabilitation Center, Inc. ("the Center" or "the Employer"), Baptist Health Family Medical Care, Inc., Baptist Health System, Inc., and Baptist Health Enriched Housing Program, Inc., collectively the Company. To be eligible to participate in the Plan and make elective deferrals, an employee must have completed at least 60 days of service, and must be at least twenty-one years old. However, an employee is not eligible to participate if they are employed as an independent contractor, an employee who accepts compensation in lieu of benefits, a union member if the collective bargaining agreement does not expressly provide for participation, an on-call employee, the president/CEO, an employee of Nurse Connection Staffing, Inc., or a physician employed at Baptist Health Family Medical Care, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Contributions Receivable

Each year, participants may contribute up to the maximum amount allowed by law. Participants receive a safe harbor matching contribution of 150% of their salary deferrals that do not exceed 2% of their compensation, plus 50% of their salary deferrals that exceed 2% of their compensation, but do not exceed 4% of their compensation and are determined on a payroll period basis. In order to receive the safe harbor matching contributions, participants are required to have attained age 21 and completed a year of service.

Upon enrollment in the Plan, a participant may direct contributions in any of twenty-seven (27) investment options. Contributions are remitted to the trustee and are invested in accordance with the provisions of the Plan.

Participant Accounts

Each participant's account is credited with the individual participant's contribution (including rollovers) and the participant's allocable share of (a) the Employer's matching contributions, (b) Plan earnings and losses, and (c) charges for administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is equal to the vested portion of the participant's accounts.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings/losses thereon. Participants become 100% vested in the Employer's safe harbor matching contributions, plus actual earnings/losses thereon, after one year of service (780 hours during a consecutive twelve-month period).

1. THE PLAN (Continued)

Forfeitures
Forfeitures are first used to reinstate participant accounts, as applicable, then to reduce Plan expenses, if any, and then to reduce future employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts approximated $14,080 and $7,000 respectively.

Payment of Benefits
Benefits are payable on a participant's (a) retirement date, (b) upon sustaining total and permanent disability, (c) death, or (d) termination of services with the Company, under prescribed circumstances. Distributions are based upon the balance in the participants vested account. Participants are paid in one lump sum payment, monthly installment payments, or partial payments with a minimum of $1,000.

Hardship Withdrawals
A participant may withdraw his or her participant contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable From Participants
Participants may borrow from their account up to a maximum amount that is equal to the lesser of $50,000 or 50% of their account balance. Notes receivable must generally be repaid over a period no longer than five years. The notes receivable are collateralized by the balance in the participant's account and bear interest at market rates. Principal and interest are billed to the participant at least quarterly, and it is the responsibility of the participant to make timely payments.

Administration
The Trustees of the Baptist Health System Retirement Plan are responsible for the administration of the Plan. The majority of the direct administrative costs are absorbed by the Plan sponsor, however, the Plan permits the payment of Plan expenses to be made from Plan assets to the extent not paid by the Employer.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Benefits
Benefits to terminated participants are reported when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments in mutual funds, common collective trust, and self-directed brokerage accounts accounts are stated at fair value. The net appreciation (depreciation) in the fair value of investments consist of realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments. Dividends are recorded on the ex-dividend date and purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recognized on the accrual basis.

Fair Value Measurements

Fair Value Measurement - Definition and Hierarchy

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds and Self-directed brokerage account: Investments in mutual funds are stated at fair value based upon quoted prices in active markets.

Common collective trust: The Plan holds investments through a common collective trust fund, which holds benefit-responsive guaranteed investment contracts. Participant contributions to the contracts are deposited into separate accounts to provide competitive total returns. The contracts simulate the performance of guaranteed investment contracts through the guarantee of a specific interest rate. The contracts provide fixed interest rates for fixed periods (every three months) that apply to the entire guaranteed value. The interest rates reset every quarter as determined with consideration of the market value of the underlying investments, the anticipated market yields, and expected payments into and out of the contracts. Rates are guaranteed to never be less than zero. Interest crediting rates are reset on an annual calendar basis, ranging from 1% to 3%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)
The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Center believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties
The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits. Benefits to terminated participants are recorded when paid.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2022 and 2021:

	2022	2021
Investments	$ 6,641,997	$ 8,245,820
Total investment (loss) income	$ (1,316,844)	$ 1,127,228
Notes receivable from participants	$ 48,606	$ 54,866
Interest income on notes receivable from participants	$ 2,236	$ 793
Schedule I - Schedule of Assets (Held at End of Year)		

4. FAIR VALUE MEASUREMENTS

At December 31, 2022, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	$ 4,932,862	$ -	$ -	$ 4,932,862
Common Collective Trust	-	1,375,859	-	1,375,859
Self-directed brokerage account	333,276	-	-	333,276
	$ 5,266,138	$ 1,375,859	$ -	$ 6,641,997

4. FAIR VALUE MEASUREMENTS (Continued)

At December 31, 2021, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	$ 6,554,824	$ -	$ -	$ 6,554,824
Common Collective Trust	-	1,311,787	-	1,311,787
Self-directed brokerage account	379,209	-	-	379,209
	$ 6,934,033	$ 1,311,787	$ -	$ 8,245,820

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan is tax-exempt under Section 401(a) of the Internal Revenue Code. A prototype document was used by the Plan to obtain its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended since the determination letter was received, therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

In addition, the Plan allowed participants of the Plan to invest in certain funds that were managed by Voya Retirement Insurance and Annuity Company, custodian of the Plan. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of December 31, 2022 and 2021.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 11, 2023, which is the date the financial statements were available to be issued.
