Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Those Charged with Governance of
Member One Federal Credit Union Defined Benefit Plan and Trust
Roanoke, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Member One Federal Credit Union Defined Benefit Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Member One Federal Credit Union Defined Benefit Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Member One Federal Credit Union Defined Benefit Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Member One Federal Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Member One Federal Credit Union Defined Benefit Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Member One Federal Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Summary of Significant Provisions of the Plan

The following description of the Member One Federal Credit Union Defined Benefit Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a noncontributory defined benefit plan which was frozen, effective April 1, 2007. The Plan covers substantially all employees of Member One Federal Credit Union (the “Credit Union”) who were employed prior to the freeze. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and contributions

Since the Plan is frozen, employees can no longer become eligible to participate and employees already participating no longer earn years of service for benefit accrual purposes. The Credit Union makes contributions to the Plan based on recommendations of the Plan’s actuary, sufficient to maintain the Plan as a qualified defined benefit plan meeting the minimum funding standard requirements of ERISA. The Credit Union was not required to contribute to the Plan for 2022 and 2021.

Pension benefits

Annual pension benefits generally begin at normal retirement age, which is age 65 or the first day of the calendar month coincident with or next following the participant’s attainment of age 65. Pension benefits are equal to 50% of the average compensation up to the integration level plus a benefit equal to 60% of the average compensation in excess of the integration level for the Plan year. Integration level is based on the current Covered Compensation table. Average compensation includes the highest 60 consecutive months of service from date of hire to date of termination. Average compensation shall not include any amounts paid after April 1, 2007.

A participant’s benefit is reduced pro-rata for each year of credited service less than 20 years at normal retirement age. The Plan permits early retirement at age 55 providing the participant completed at least 10 years of service. Employees may receive their pension benefits in the form of a lump sum, partial withdrawals provided the minimum withdrawal is \$1,000, joint and survivor annuities, straight life annuities, or life annuities with either 5, 10, 15, or 20 years certain.

Death and disability benefits

If a participating employee dies before their retirement benefit would be payable, a death benefit payable to the surviving spouse or non-spousal beneficiary of an unmarried participant will be equal to the minimum spouse’s death benefit as defined by the Plan. Death benefits are paid in either lump sums or straight life annuities.

Active, participating employees, who become disabled, as determined under the Social Security Act, will receive annual disability benefits that are equal to the early retirement benefit without regard to the age and service requirements.

Note 1. Summary of Significant Provisions of the Plan (Continued)

Vesting

Since the Plan is frozen, all participants are fully vested in their accrued benefits.

Note 2. Summary of Significant Accounting Policies

Basis of presentation

The financial statements are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending on the date benefit information is presented. Benefits payable upon retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Note 2. Summary of Significant Accounting Policies (Continued)

Actuarial present value of accumulated plan benefits (Continued)

The most recent actuarial valuation was performed by Pentegra Retirement Services as of January 1, 2023. The significant actuarial assumptions used in determining accumulated Plan benefits as of January 1, 2023 and 2022 are as follows:

	<u>2023</u>
Method of valuation:	Actuarial cost method
Mortality basis:	Pri-2012 white collar worker table projected forward generationally with mortality improvement scale MP-2021
Retirement rates:	Illustrative rates, based on a 2021 study of banking plans commissioned by Pentegra Services
Discount rate:	5.00%
Salary increases:	None
Average rate of return:	Three-segment interest rates as modified by ARPA, 4.75% for 1 to 5 years, 5.00% for 6 to 20 years, and 5.74% for 21 years and over
	<u>2022</u>
Method of valuation:	Actuarial cost method
Mortality basis:	Pri-2012 white collar worker table projected forward generationally with mortality improvement scale MP-2021
Retirement rates:	Illustrative rates, based on a 2021 study of banking plans commissioned by Pentegra Services
Discount rate:	5.00%
Salary increases:	None
Average rate of return:	Three-segment interest rates as modified by ARPA, 4.75% for 1 to 5 years, 5.18% for 6 to 20 years, and 5.92% for 21 years and over

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Payment of benefits

Benefit payments to participants are recorded when paid.

Administrative expenses

Plan fees and administrative expenses are paid by the Plan and Credit Union on a discretionary basis.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 inputs are not available.

	Fair Value Measurements at Reporting Date Using:

Note 3. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the common trust fund is based on inputs that are observable for valuing the asset or liability, either directly or indirectly (i.e., interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

The common trust fund invests in securities that have observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. While the underlying asset values are quoted prices, the net asset value (NAV) of a unit in these funds is not publicly quoted. Units can be issued and redeemed on any business day at the NAV. All earnings and losses are reflected in the computation of the NAV and are realized by the participant upon withdrawal.

Note 4. Plan Termination

The Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. See Note 9 for discussion of Plan termination in 2023.

In the event the Plan terminates, the net assets of the Plan will not be available on a pro rata basis to provide participant's benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Participants should refer to the Plan agreement for more complete information.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2022, that ceiling is \$6,205 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

(Continued)

**MEMBER ONE FEDERAL CREDIT UNION
DEFINED BENEFIT PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

Note 4. Plan Termination (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 5. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by Pentegra Trust Company as complete and accurate:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 6. Income Tax Status

The Plan obtained its latest determination letter on March 30, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in accordance with the applicable sections of the *Internal Revenue Code (IRC)*. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7. Related Party Transactions

Certain administrative functions are performed by officers or employees of the Credit Union. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

For the year ended December 31, 2022, Trustee fees of \$37,808 were paid to Pentegra Trust Company, the Trustee of the Plan. These transactions qualify as party-in-interest transactions.

(Continued)

**MEMBER ONE FEDERAL CREDIT UNION

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 11, 2023, the date the financial statements were available to be issued.

In May 2023, the Credit Union elected to terminate the Plan effective November 1, 2023.

Actuarial Valuation at 1/1/2022 for Plan Year 1/1/2022 to 12/31/2022

2022 Form 5500 Schedule SB, Part V - Statement of Actuarial Assumptions/Methods (EIN: 54-0526784/PN: 001)

Actuarial Cost Method

Liabilities shown in this report are computed in accordance with the Pension Protection Act of 2006 and subsequent guidance issued by the Internal Revenue Service. The target normal cost is the present value of all benefits that have accrued or have been earned (or that are expected to accrue or to be earned) under the plan during the plan year. The funding target of the plan for the plan year is the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year.

The benefits taken into account in determining the funding target and target normal cost are all benefits earned or accrued under the plan, including retirement-type and ancillary benefits. The determination of the funding target and target normal cost is based on plan provisions that are adopted no later than the valuation date for the plan year and that become effective during that plan year.

Asset Valuation Method

The actuarial value of plan assets equals the market value of plan assets.

Actuarial Assumptions

The actuarial assumptions summarized below are either prescribed by law, or when not prescribed by law, selected by the plan's actuary as the best predictor of future experience, based on all available prior experience and future expectations. For any assumption not prescribed by law or selected by the plan's actuary, the individual or organization selecting such assumption is identified separately, and the report will note if the actuary has any disagreement with the appropriateness of the assumption.

Changes Since Prior Year

Method Changes

There have been no method changes in the funding valuation since the prior year.

Assumption Changes - Funding

The valuation interest rates were changed to the 24-month segment rates for January 2022 from the 24-month segment rates for January 2021, each adjusted as applicable to fall within the 25-year average interest rate stabilization corridor.

The mortality assumption was changed to the 2022 combined male and female static mortality tables for non-annuitants and annuitants per section 430(h)(3) from the 2021 combined male and female static mortality tables for non-annuitants and annuitants per section 430(h)(3).

Other Assumption Changes - Funding

The retirement and withdrawal assumptions for active participants were updated to reflect a 2021 banking plan assumption study commissioned by Pentegra Services.

Assumption Changes - ASC960

The valuation interest rate remained the same at 5.00%.

The mortality assumption was changed to the Pri-2012 white collar worker table, projected forward generationally with mortality improvement scale MP-2021 from the Pri-2012 white collar worker table, projected forward generationally with mortality improvement scale MP-2020.

Other Assumption Changes - ASC960

The retirement and withdrawal assumptions for active participants were updated to reflect a 2021 banking plan assumption study commissioned by Pentegra Services.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

2022 Form 5500 Schedule SB, Part V - Summary of Plan Provisions (EIN: 54-0526784/PN: 001)

Presented below are the principal components of your current plan provisions. For a complete description and definition of plan provisions, always refer to your plan document.

Plan History

The Plan was effective January 1, 1975. Effective April 1, 2007, the plan was frozen. This change froze service, compensation and participation.

Eligibility Requirements

Plan Participation

Eligible Employee

First day of plan year coinciding with or next following the attainment of age 20.0 and the completion of 6 months of service.

No new employees are eligible to participate on or after the plan freeze date of April 1, 2007.

Excluded Employee

There are no classes of ineligible employees other than those who were not participants prior to the plan freeze date of April 1, 2007.

Normal Retirement (Date)

The first day of the calendar month coincident with or next following the participant's attainment of age 65.

Early Retirement

Age 55 with at least 10 years of vested service.

Vested Retirement

A participant who, on the date of his termination of service has completed at least 5 years of vested service, will be 100% vested in his retirement benefit accrued to the date of his termination of service.

Member One Federal Credit Union Defined Benefit Plan

2022 Form 5500 Schedule SB, Part V - Summary of Plan Provisions (EIN: 54-0526784/PN: 001)

Disability Retirement

A participant who incurs a termination of service due to becoming totally and completely disabled prior to his normal retirement date, and such condition continues for a period of 6 months, shall immediately become 100% vested in his accrued benefit and may retire under the plan.

The disability retirement benefit is equal to the early retirement benefit, accrued to the date of disability, adjusted for early commencement as per the early retirement reduction provisions.

No enhanced benefit.

Death Benefit

Standard REA (Retirement Equity Act) death benefit.

The surviving spouse of a participant who dies prior to his annuity start date and who, at the time of his death, had not incurred a termination of service and met the requirements of a vested retirement benefit, shall be eligible to receive the same benefit that would have been payable as a survivor annuity if the participant had retired with a 50% J&S benefit. Death benefit payments may commence upon the satisfaction of the plan's early or normal retirement requirements.

Definitions

Vested Service

A Year of Service is granted for each 12 month period, beginning on the date of hire, in which a Participant works at least 1,000 hours.

Credited Service

A Year of Service is granted for each 12 month period, beginning on the date of hire, in which a Participant works at least 1,000 hours.

Effective April 1, 2007, Credited Service was frozen.

Compensation

W-2 salary in effect for each month of such year.

2022 Form 5500 Schedule SB, Part V - Summary of Plan Provisions (EIN: 54-0526784/PN: 001)

Average Annual Earnings

The average annual compensation during the 60 highest consecutive months from date of hire to date of termination.

Retirement Income

Normal Retirement Benefit

50% of Average Annual Earnings up to Covered Compensation plus 60% of Average Annual Earnings in excess of Covered Compensation times the ratio of Credited Service (maximum of 20 years) and Credited Service at Normal Retirement Age.

The Normal Form of this benefit is a 10-year Period Certain and Life Benefit. Participants can also elect a 50%, 66-2/3%, 75% and 100% Joint and Survivor Benefit or Straight Life Annuity, or 5-, 15-, 20-year Period Certain and Life Benefit. Additionally, participants eligible for an Early Retirement Benefit, a Normal Retirement Benefit or a Postponed Retirement Benefit at the time of termination may elect a single lump sum payout.

Early Retirement Benefit

The Normal Retirement Benefit accrued to date of termination of service. For commencement of benefits prior to Normal Retirement Date the benefit is reduced using actuarial equivalence. Reduction: 5/9ths of 1% for first 60 months; 5/18ths of 1% thereafter.

Vested Retirement Benefit

The Normal Retirement Benefit accrued to date of termination of service, reduced actuarially for commencement of benefits prior to Normal Retirement Date. Benefit payments can commence when the participant would have been eligible for an Early Retirement Benefit.

Disability Retirement Benefit

The Disability Retirement Benefit is calculated in the same manner as an Early Retirement Benefit.

Preretirement Death Benefit

The Normal, Early or Vested Retirement Benefit, assuming the participant terminated employment at date of death and elected a 50% Joint and Survivor Benefit payable to the surviving spouse. The active death benefit is payable directly from plan assets.
