Retirement Plan Committee
Taconic Biosciences, Inc.

Germantown, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Taconic Biosciences, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Taconic Biosciences, Inc.

401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following brief description of the Taconic Biosciences, Inc. 401(k) Profit Sharing Plan and Trust (Plan) is provided for general information purposes only. The Plan is sponsored by Taconic Biosciences, Inc. (Company). The Plan was most recently restated January 1, 2021.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution profit sharing plan with a 401(k) feature covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held by State Street Bank and Trust Company, the Trustee of the Plan. Company contributions, participant elective deferrals, and participant accounts are managed by Transamerica Retirement Solutions, the Recordkeeper of the Plan. The Plan administrator and investment adviser are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or a fixed dollar amount of their pre-tax annual compensation to the Plan. In addition, participants may contribute after-tax Roth deferral contributions to the Plan. Contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral was \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of \$6,500 for both years ended December 31, 2022 and 2021. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The initial deferral rate for automatically enrolled participants was 4% for both years ended December 31, 2022 and 2021. The Plan includes an automatic elective deferral escalation feature to increase deferral rates for automatically enrolled participants by 1% annually, up to a maximum deferral rate of 10%.

The Company contributes a safe harbor match equal to 100% of the first 4% of participant's eligible compensation. A safe harbor matching contribution is a minimum contribution made by the Company that allows the Plan to be exempt from 401(k) non-discrimination tests.

The Company may contribute additional matching contributions and profit-sharing contributions at the discretion of the Board of Directors. There were no additional discretionary matching or profit-sharing contributions for the years ended December 31, 2022 and 2021.

Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan.

Note 1 - Description of Plan - Continued

c. Plan Eligibility

Employees are eligible to participate in the Plan with respect to elective deferral contributions once they complete three months of service and have attained eighteen years of age. To participate in the Company's safe harbor match, discretionary match, and discretionary profit-sharing contributions, employees must attain eighteen years of age and complete one year of service. In addition, participants must have 1,000 hours of service and be employed on the last day of the Plan year to share in the Company's discretionary profit-sharing contributions, if any.

d. Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's safe harbor matching contribution and an allocation of: the Company's discretionary matching and profit-sharing contributions, if any, (b) forfeitures, if any, (c) the Plan's investment earnings (losses), net of investment expenses, and (d) administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are 100% vested immediately in their contributions and the Company's safe harbor matching contributions, any discretionary matching or profit-sharing contributions, plus actual earnings thereon.

Prior to January 1, 2021, participants were subject to vesting in the Company's discretionary matching and profit-sharing contributions based on years of continuous service. A participant was 100% vested upon: (1) disability; (2) death; (3) normal retirement at age 65; or (4) termination of the Plan. Vesting in the Company's discretionary matching and profit-sharing contributions that were made prior to January 1, 2021 is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

f. Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Participant notes are secured by the balance in the participant's accounts and bear interest at the prime rate plus one percent. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

g. Payment of Benefits

On death, disability, retirement, or termination of service, a participant (or their beneficiary upon death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annual installments, as defined by the Plan document. Participants may receive in-service distributions upon reaching age 59½, or on account of financial hardship. Rollover contributions may be withdrawn from the Plan at any time.

h. Forfeited Accounts

At December 31, 2022 and 2021, unallocated forfeitures totaled approximately \$3,100 and \$60,200, respectively. Forfeited, non-vested accounts may be used to: (1) restore a participant's account upon rehire; (2) reduce the employer's discretionary matching and profit-sharing contributions; (3) pay Plan administrative expenses; and (4) add to the employer's profit-sharing contribution. Forfeitures used to pay administrative expenses totaled approximately \$62,300 and \$34,200 for the years ended December 31, 2022 and 2021, respectively. Forfeitures allocated to participants' accounts totaled approximately \$1,800 during the year ended December 31, 2022. No forfeitures were allocated to participants' accounts during the year ended December 31, 2021.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee and investment adviser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of Significant Accounting Policies - Continued

d. Participant Notes Receivable

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Loans treated as distributions totaled approximately \$43,200 and \$172,600 for the years ended December 31, 2022 and 2021, respectively.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Administrative fees are paid by the Plan. Fees related to the administration of participant notes receivable and distributions are charged directly to the participant's account and are included in administrative expenses. Recordkeeping fees paid by the Plan are allocated proportionately to participants based on the value of their account balances. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 11, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including cash, investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on participant notes receivable for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

Taconic Biosciences, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2022 and 2021

Note 4 - Investments and Fair Value Measurements - Continued

The following three levels of inputs may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2022 and 2021:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: Valued based on the NAV of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Plan transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investments and Fair Value Measurements - Continued

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Investments in the fair value hierarchy				
Mutual funds	<u>\$ 62,083,053</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 62,083,053
Investments measured at NAV (a)				
Common collective trust				<u>2,241,007</u>
Investments at fair value				<u>\$ 64,324,060</u>

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Investments in the fair value hierarchy				
Mutual funds	<u>\$ 77,668,380</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 77,668,380
Investments measured at NAV (a)				
Common collective trust				<u>2,611,691</u>
Investments at fair value				<u>\$ 80,280,071</u>

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

Certain investment options are managed by the Recordkeeper and Trustee of the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

Taconic Biosciences, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2022 and 2021

Note 7 - Tax Status

The Internal Revenue Service (IRS) has ruled that the Non-Standardized Pre-Approved Profit Sharing Plan with Transamerica Retirement Solutions constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The pre-approved plan has received an opinion letter dated June 30, 2020 from the IRS as to the Plan's qualified status.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
