REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

401(k) Committee and Plan Participants
Sealaska Corporation 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed an audit of the financial statements of Sealaska Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2021 financial statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 29, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - PLAN DESCRIPTION

The following description of Sealaska Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan document was restated effective January 1, 2022. The Plan provisions were amended to allow eligible participants the ability to participate in the Plan upon their date of hire. In addition, those eligible will be auto enrolled into the Plan at a 4% deferral rate with a yearly automatic deferral rate escalation of 1% at the start of each Plan year. In addition, the Plan was amended on June 9, 2022 to allow C.S. Marine Constructors, Inc. and Woocheen LLC employees to participate in the Plan.

General

The Plan is a defined contribution plan covering substantially all employees of Sealaska Corporation and participating subsidiaries (the "Company" or "Plan Sponsor") who satisfy the service requirements below. The Board of Directors is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective January 1, 2022, eligible employees are permitted to participate in the employee deferral, safe harbor contributions, profit sharing contributions, and employer matching and nonelective contributions of the Plan upon date of employment by the Company. Effective through December 31, 2021, eligible employees are permitted to participate in the employee deferral and safe harbor contributions of the Plan upon satisfaction of a three-month period of service from the first day they become employed by the Company, and in the profit sharing contribution portion of the Plan following the completion of a 12-month period of service, as defined by the Plan document.

Contributions

Participants may elect to defer up to 100% of annual compensation, as defined by the Plan. Effective January 1, 2022, enrolled participants automatically have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant unless they affirmatively elect not to participate in the Plan. Effective through December 31, 2021, enrolled participants automatically have their deferral rate set at 1% of eligible compensation.

The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 10% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time. Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes a safe harbor matching contribution of 100% of a participant's deferrals up to 4% of a participant's eligible compensation, as defined by the Plan. The Sponsor may also make discretionary matching and discretionary non-elective profit-sharing contributions to the Plan. The Sponsor did not make any discretionary matching or profit-sharing contributions for the year ended December 31, 2022.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Investment Options

Participants direct the investment of their contributions into a self-directed brokerage account or through various investment options offered by the Plan. As of December 31, 2022, the assets held in the self-directed brokerage account totaled \$341,671. Participants may change their investment allocations and transfer accumulated savings between funds on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions and discretionary matching contributions, if any, and allocations of any profit-sharing contributions and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and all employer matching contributions, plus actual earnings thereon. Participants are vested in the Company's profit-sharing contributions plus actual earnings thereon, based on years of continuous service. A participant vests 20% per year of service and becomes 100% vested after five years of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum distribution equal to the vested portion of his or her account, or, if the balance is greater than \$5,000, an annuity to be paid in monthly installments over a fixed period of time, not exceeding the life expectancy of the participant. In-service withdrawals are also permitted for participants who have attained age 59½. Hardship distributions are permitted if certain conditions are met. If the total value of an inactive participant's vested account balance is \$1,000 or less, the Plan Administrator will require a distribution of the entire account balance. If the total value of an inactive participant's vested account balance is greater than \$1,000 but less than \$5,000, the Plan Administrator will require a rollover into an individual retirement plan designated by the Plan Administrator if no other form of distribution is elected by the participant.

Forfeitures

Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited non-vested account balances totaled \$348 and \$28 at December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, no forfeitures were used to pay Plan expenses and none were used to reduce employer contributions.

Notes Receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested accounts or \$50,000, reduced by the highest outstanding loan balance in the previous 12-month period. The maximum loan term is five years, unless the loan is for the purpose of acquiring the participant's primary residence, in which case the loan may be repaid over a period not to exceed 15 years. Participants are allowed up to a maximum of two loans open at a single time. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan. These rates range from 4.25% to 8% on loans outstanding at December 31, 2022, and the loans mature through 2037. Principal and interest is paid ratably through routine payroll deductions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced, and a benefit payment is recorded based on the terms of the Plan.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the underlying compensation is earned. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of Benefits

Benefits are recorded when paid.

Expense

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes

receivable that are charged directly to the participant's account and certain recordkeeping fees and certain investment related expenses paid by the Plan. Certain other investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY STATE STREET BANK AND TRUST COMPANY (TRUSTEE)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit. Accordingly, State Street Bank and Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, non-interest-bearing cash and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Sealaska Corporation 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Pooled separate account: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 5,042	\$ -	\$ -	\$ 5,042
Registered investment companies	39,156,404	-	-	39,156,404
Self-directed brokerage accounts	341,671	-	-	341,671
	<u>\$ 39,503,117</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 39,503,117</u>
Investments measured at NAV ^(a)				<u>6,744,922</u>
Investments at fair value				<u>\$ 46,248,039</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 13,521	\$ -	\$ -	\$ 13,521
Registered investment companies	48,107,764	-	-	48,107,764
Self-directed brokerage accounts	783,833	-	-	783,833
	<u>\$ 48,905,118</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 48,905,118</u>
Investments measured at NAV ^(a)				<u>7,438,708</u>
Investments at fair value				<u>\$ 56,343,826</u>

^(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Sealaska Corporation 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate account	<u>\$ 6,744,922</u>	<u>\$ 7,438,708</u>	None	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a cash reserve account managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan, and therefore, transactions involving the trustee qualify as party-in-interest transactions.

Fees paid to Transamerica Retirement Solutions Corporation for recordkeeping services were \$5,665 and \$79,139 for the year ended December 31, 2022 and 2021 respectively, which qualify as party-in-interest transactions. The Plan also paid investment related fees to other service providers in the amount of \$76,373 and \$74,614 for the year ended December 31, 2022 and 2021 respectively, which also qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

The Plan and Transamerica Financial Life Insurance Company ("TFLIC") have a service agreement, which included an Expense Budget Account (EBA). The agreement established monthly credits to the EBA equal to 0.12% annually of the total assets of the Plan. The amount credited to the EBA will be accrued daily based on participant account balances and then will be credited to the EBA as of the last business day of each month. These amounts are netted with administrative expenses in the statement of changes in net assets available for benefits.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

NOTE 7 - INCOME TAX STATUS

Effective January 1, 2022, the Plan adopted the Ascensus LLC Non-Standardized Defined Contribution Pre-Approved Plan. The Pre-Approved Plan received an opinion letter dated June 30, 2020 stating that the Pre-Approved Plan is acceptable for use by employers for the benefit of their employees under the Internal Revenue Code ("IRC") Section 401. The opinion letter has been relied upon by the Plan. Although the Plan has been subsequently amended, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Previously, the Plan had adopted a volume submitter plan sponsored by Sungard Business Systems LLC. The volume submitter plan received an advisory letter from the IRS as to the volume submitter plan's qualified status.

Sealaska Corporation 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - NONEXEMPT TRANSACTIONS

The Plan erroneously paid administrative expenses of \$3,975 for the year ended December 31, 2021 that were not allowable as plan expenses. The Plan Sponsor reimbursed the Plan expenses in 2022 for 2021.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
