Independent Auditor's Report

Board of Trustees
Synergy Flavors, Inc. 401(k)
Profit Sharing Plan
Wauconda, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Synergy Flavors, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Synergy Flavors, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Synergy Flavors, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Synergy Flavors, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Synergy Flavors, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information,

including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Synergy Flavors, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated December 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Synergy Flavors, Inc. 401(k)
Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of Synergy Flavors, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Synergy Flavors, Inc. (Company) and all U.S. employees of subsidiaries. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. The Plan was adopted on January 1, 1986, and subsequently restated September 20, 2014. During 2021, the Company acquired Innova Flavors (Innova), a subsidiary of Griffith Foods. Employees of Innova had the option to transfer their balance from The Griffith Supplemental Retirement & Savings Plan into the Plan. Those transfers are included in rollover contributions on the accompanying statements of changes in net assets available for benefits. Participants who rolled their balances into the Plan received vesting credit for their period of employment at Innova Flavors.

Eligibility

All employees of the Company are eligible to participate in the Plan upon attaining the age of 18 years. Employees may enroll monthly.

Contributions

Participants may elect to contribute to the Plan a percentage of their annual compensation, as defined in the Plan, subject to Internal Revenue Service limitations. Eligible compensation for any plan year shall not exceed the maximum provided by the Internal Revenue Code (IRC). Age 50 and over participants can contribute an additional \$6,500 in 2021 and 2020, respectively. A participant's account may include contributions made to another plan and transferred to the Plan as part of a rollover contribution.

Unless specifically declined, eligible employees are automatically enrolled into the Plan at a contribution rate of 4% of pre-tax compensation with an automatic increase of 1% annually, up to a maximum of 10% and participants are permitted to designate a portion, or all of the deferral contributions made as Roth 401(k) contributions.

All employees who are active participants in the Plan are eligible for matching contributions on the first day of the month after they are hired. The Company contributes 100% of the first 4% of eligible compensation that a participant contributes to the Plan. Discretionary contributions are made for all employees who are active participants on December 31. Discretionary profit-sharing contributions are computed in accordance with the terms of the Plan and may be made at the discretion of the Company. The Company did not make any discretionary profit-sharing contributions for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company's matching and discretionary contributions and b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company match and discretionary profit-sharing contributions in accordance with the table below. Participants are also fully vested if employed with the Company upon reaching age 65, becoming permanently disabled or at death.

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0.0%
1 less than 2	20.0%
2 less than 3	40.0%
3 less than 4	60.0%
4 less than 5	80.0%
5 or more	100.0%

Forfeitures

Forfeitures are first applied to plan expenses and any remaining amounts will reduce the earliest employer contributions made after the forfeitures are determined. At December 31, 2021 and 2020, \$106 and \$776, respectively, were available for future use and have been allocated to plan assets. Forfeitures of \$57,935 and \$51,017 were used to reduce employer contributions and pay administrative expenses in 2021 and 2020, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. The participant must sign a promissory note for the loan. The participant may have only two loans outstanding at a time. The loan period cannot exceed 5 years unless the proceeds of the loans are used to purchase a primary residence for which the loan period shall not exceed 15 years and the loans bear interest at rates commensurate with current interest rates used by the lending industry. The loans bear interest at rates ranging from 3.25% to 6.50% at December 31, 2021.

In April 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year

Synergy Flavors, Inc. 401(k)
Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

and 2) increase loan limits to the lesser of \$100,000 or 100 % of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applied to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

If a participant retires, the balance of the participant's account is payable at his/her option in either a lump sum or a rollover into a qualified plan or IRA, unless the participant's balance in the Plan is less than \$1,000, in which case the participant will receive a lump-sum distribution. If the balance is between \$1,000 and \$5,000, Principal Life Insurance Company automatically establishes an IRA account for the employee. Upon death or termination of a participant, the trustee of the Plan advises the beneficiary or participant of the various methods of distribution of the participant's account available to the participant or his/her beneficiary.

Participants are allowed to make in-service withdrawals from their vested interest in the Plan prior to age 59 ½ for reasons of financial hardship.

In April 2020, the Company implemented CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Synergy Flavors, Inc. 401(k)
Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies are valued at quoted market prices of shares held by the Plan at year end.

Investments in common or collective trusts and pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liability. The Plan's interest in the common or collective trust fund is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. The Fund held various synthetic investment contracts in which the underlying investment consisted of units of various collective trust funds. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2021 and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Administrative Expenses

Administrative expenses are paid by the Company and the Plan. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services. Certain investment management fees are netted in the net appreciation in fair value of investments.

Note 3: Information Certified by the Trustees

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter

December 31, 2021 and 2020

Guarantee & Trust Company d/b/a Principal Trust Company, Principal Life Insurance Company, and Principal Global Investors Trust Company, the trustees of the Plan, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest income from notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

Synergy Flavors, Inc. 401(k)
Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2021				
Registered investment companies (included in fair value hierarchy)	\$ 21,999,495	\$ 21,999,495	\$ -	\$ -
Investments measured at net asset value (A)	8,178,004	-	-	-
Total	<u>\$ 30,177,499</u>	<u>\$ 21,999,495</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2020				
Registered investment companies (included in fair value hierarchy)	\$ 15,849,601	\$ 15,849,601	\$ -	\$ -
Investments measured at net asset value (A)	6,640,482	-	-	-
Total	<u>\$ 22,490,083</u>	<u>\$ 15,849,601</u>	<u>\$ -</u>	<u>\$ -</u>

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by Principal Life Insurance Co. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the

Synergy Flavors, Inc. 401(k)
Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust was tax exempt as of the financial statement date.

Effective with the restatement in 2021, the Plan began operating under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by Principal Life Insurance Co. This volume submitter profit sharing plan has been filed with the appropriate agency and the plan sponsor has obtained an opinion letter dated August 8, 2014, from the Internal Revenue Service stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants would become 100% vested in their employer contributions.

Note 8: Party-in-Interest Transactions

Certain plan investments are managed by Principal Life Insurance Company (Principal). Principal is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for legal, accounting and other professional services were rendered primarily by parties-in-interest. Administrative expenses paid by the Plan totaled \$98,452 and \$74,619 in 2021 and 2020, respectively.
