Independent Auditors' Report

Board of Trustees and Plan Management
IBEW Local 129 Profit Sharing Annuity Plan
Lorain, Ohio

Opinion

We have audited the accompanying financial statements of IBEW Local 129 Profit Sharing Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of IBEW Local 129 Profit Sharing Annuity Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local 129 Profit Sharing Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstance. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 129 Profit Sharing Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with the modified cash basis of accounting will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with the modified cash basis of accounting, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local 129 Profit Sharing Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 129 Profit Sharing Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

IBEW Local 129 Profit Sharing Annuity Plan

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note A - Description of Plan

The following brief description of the IBEW Local 129 Profit Sharing Annuity Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multi-employer defined contribution plan established December 1, 1983 pursuant to a collective bargaining agreement between the International Brotherhood of Electrical Workers Local 129 ("Local") representing the employees, and the Lake Erie Division of the Greater Cleveland Chapter, National Electrical Contractors Association ("Association"). The Plan covers all members of the Local employed under the terms of the collective bargaining agreement with the members of the Association. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions to the plan trust fund by Employers are made in accordance with the applicable Collective Bargaining Agreement or other written agreement, and by the trust agreement. Contributions are subject to certain limitations. Effective August 1, 2021, each eligible participant should be permitted to make elective deferrals. An employer which is required to contribute to the trust fund on behalf of a participant shall contribute the deferral as per the collective bargaining agreement.

Participant Accounts

Each participant's account is credited with the contributions received from the employer that have been received by the fund and (A) any rollover contributions made by the new participant (b) the Participant's proportionate share of any investments earnings and increase on the fair market value of the Fund since the last valuation date (c) the participant's proportionate share of any decrease in the fair market value of the investments, and (d) charged with an allocation of administrative expenses. Under the plan, participants give investment directions for their individual plan account choosing from investment alternatives provided under the plan as approved by the trustees.

Vesting

For contributions for hours worked on or after August 1, 2021, a participant's interest in his or her account is fully vested upon completion of 1 hour of work during any plan year. For contributions for hours worked prior to August 1, 2021, a participant's interest in his or her account is fully vested upon completion of at least 300 hours of work in a plan year prior to incurring a permanent break-in-service.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at Prime rate of interest. A participant may only have one outstanding loan at any one time. The participant is required to repay principal and interest monthly.

Payments of Benefits

On termination due to death, disability or normal retirement (age fifty-nine and one-half) a participant may elect to receive either a lump sum of the vested interest in his or her account or annual installments over a five-year period. For termination of service due to other reasons, a participant may receive the full value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4,218 and \$1,888, respectively. These accounts may be used to pay administrative expenses of the Plan. There were no forfeited non-vested account balances used for plan expenses during either year then ended.

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the modified cash basis of accounting. Under this method, contributions are recognized when received rather than when earned and benefits and expenditures are recognized when paid rather than when incurred.

Use of Estimates

The preparation of financial statements in conformity the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except as disclosed in Note D. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed to participant accounts when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in administrative expenses.

Reclassifications

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with this year's presentation.

Profit Sharing Annuity Plan

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note C - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are delivered principally from or corroborated by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore reported as level 1.

The preceding method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note C - Fair Value Measurements (continued)

Mutual Funds	\$ 47,824,927	\$ -0-	\$ -0-
			Total
			\$ 47,824,927

Note D - Separate Investment Account at Contract Value

The Plan includes an investment option to participants in a Separate Investment Account ("SIA"). The SIA is a market value SIA that is managed by the Great-West Life & Annuity Insurance Company and offered by Empower Annuity Insurance Company of America and Empower Trust Company, LLC ("Empower") as a group annuity contract that provides a general account guarantee to pay a stated rate of return. The wrap insulates the SIA from the daily fluctuations in the bond market. The contract provides that participants execute Plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The investment is stated at fair value as reported by Empower and adjusted to contract value on the statement of net assets available for benefits. The SIA fair value equals the fluctuating value of the separate account of the assets backing the contract. The Plan's fair value of the investment equals the Plan's guaranteed value times the ratio of the SIA's guaranteed value to the SIA's fair value. As of December 31, 2022 and 2021, the contract value of the SIA was \$5,210,530 and \$4,791,166, respectively.

The crediting interest rate and the average yield was 2.25% and 1.86% for the years ended December 2022 and 2021, respectively. The average yield earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value (applicable for those plans that have been in-force for more than one year). The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value (applicable for those plans that have been in-force for more than one year). The average yield earned by the plan and the average interest rate credited to participants is the same, therefore, no adjustment is needed.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Consult the Plan's group annuity contract for further information.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Plan may be terminated at any time upon the written agreement of the Local and the Association and subject to the provisions of the ERISA. Upon termination, contributions to the Plan would cease and the fund would be distributed in accordance with the terms and provisions of the Plan.

IBEW Local 129 Profit Sharing Annuity Plan

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note F - Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated May 17, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note G - Risks and Uncertainties

Significant Participating Employers

During the year ended December 31, 2022, two employers comprise approximately 42% of the total employer contributions. During the year ended December 31, 2021, three employers comprise approximately 52% of the total employer contributions.

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note H - Related Party and Parties in Interest Transactions

The Plan is administered by IBEW Local 129 Fringe Benefit Funds, Inc. (a non-profit corporation) organized by the Boards of Trustees of the IBEW Local 129 Profit Sharing Annuity Plan, Pension Fund Pension Plan, and Health and Welfare Plan, as well as the Lorain County Electrical Joint Apprenticeship and Training Committee. Administrative fees are paid by the IBEW Local 129 Benefit Fund and allocated to each Plan based on the Administrative Procedures for Determination and Allocation of Shared Administrative Expenses agreement. The Plan also paid certain expenses related to plan operations and investment activity to Empower. These transactions are party in interest transactions under ERISA.

Note I - Plan Amendments

Subsequent to the plan year ended December 31, 2022, the plan was amended to increase the age for required minimum distributions.

Note J - Subsequent Events

Subsequent events have been evaluated through October 12, 2023, the date the financial statements are available to be issued.
