INDEPENDENT AUDITOR'S REPORT

To the Trustees
Custom Commodities 401(k) Plan
Gilmer, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Custom Commodities 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Custom Commodities 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Nationwide Trust Company, FSB, a qualified institution, as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Custom Commodities 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Custom Commodities 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements- Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Custom Commodities 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Custom Commodities 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA - Continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - PLAN DESCRIPTION

The following description of Custom Commodities 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Custom Commodities, Inc., and any participating employers, who have six months of service and who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective January 1, 2012 and the most current amendment/restatement was effective January 1, 2022. The trustees of the Plan are responsible for oversight. The Plan can be terminated upon the decision of the Plan trustees.

Contributions

Each year participants may contribute up to the maximum amount allowed by law based on compensation as defined by the Plan. Both pre-tax and Roth elective deferral contributions are allowed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts that represent distributions from other retirement plans and certain IRAs (rollover contributions). Participants direct the investment of their entire interest in the Plan into various investment options that are offered by the Plan. Discretionary matching contributions of participant contributions may be made up to a discretionary percentage or amount determined by the employer. The employer may also contribute a discretionary profit sharing contribution. Contributions are subject to certain statutory limits.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of any discretionary matching contributions and profit sharing contributions made. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in their contributions plus actual earnings thereon. Vesting in the discretionary matching and profit sharing contributions is based on years of continuous service. After six years, a participant is fully vested. Regardless of the vesting schedule, participants become fully vested upon death or total and permanent disability.

Payment of Benefits

All benefit payments will be made to participants in a lump-sum amount equal to their vested interest in their account. Participants with vested account balances that exceed $5,000 must consent to the payment. The plan document specifies that rollover balances are not considered in determining the $5,000 threshold. Distributions may be made upon termination of employment, normal retirement, disability or death. The Plan also allows for hardship and qualified reservist distributions.

NOTE A - PLAN DESCRIPTION - CONTINUED

Forfeited Accounts

Account forfeitures occur as of the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested account balance. Forfeitures of employer contributions may be used to reduce any employer contribution. At December 31, 2022 and 2021, no employer contributions were reduced by forfeitures. The balance in the forfeiture account was $34,880 and $20,419 at December 31, 2022 and 2021, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer the liability in an orderly transaction between market participants at the measurement date. Investments with quoted market values are valued at the last reported sales price on the last business day of the Plan's year. The change in the difference between current value and cost of investments held are reflected as net appreciation (depreciation) in the fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. See Note C for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor. Those expenses are excluded from these financial statements and constitute exempt party-in-interest transactions. Fees for certain services provided to participants are charged directly to the participant's account and included in administrative expenses. Investment fund related expenses are included in net appreciation (depreciation) in the fair value of investments.

Date of Management's Review - Subsequent Events

Management has evaluated subsequent events through October 11, 2023, the date on which the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles and described in FASB ASC 820. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022 and 2021. Classification is based on the lowest level of any input that is significant to the fair value measurement.

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,024,397	$ -	$ -	$ 2,024,397
Total investments classified within the fair value hierarchy	2,024,397	-	-	2,024,397
Investments measured at net asset value (a)	-	-	-	64,262
	$ 2,024,397	$ -	$ -	$ 2,088,659

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,700,225	$ -	$ -	$ 1,700,225
Total investments classified within the fair value hierarchy	1,700,225	-	-	1,700,225
Investments measured at net asset value (a)	-	-	-	20,979
	$ 1,700,225	$ -	$ -	$ 1,721,204

NOTE C - FAIR VALUE MEASUREMENTS – CONTINUED

(a) In accordance with FASB Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For the years ended December 31, 2022 and 2021, there were no transfers between fair value hierarchy levels.

A description of the valuation methodologies used for assets measured at fair value is as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission and are deemed to be actively traded. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. For withdrawals other than for benefit payments and participant transfers, the issuer requires a twelve month advance written notice. Withdrawals for benefit payments and participant transfers are made within thirty days after written notification is received.

Investments in Entities that Calculate Net Asset Value

The investments measured at net asset value are in a collective trust, specifically the Morley Stable Value Fund (MSVF). The MSVF invests in investment contracts issued by insurance companies and other financial institutions and other short-term investments, such as money market mutual funds. There are no unfunded commitments and the redemption frequency is daily.

NOTE D - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are invested in funds managed by Nationwide Trust Company, FSB, a subsidiary of Nationwide Financial Services, Inc. (Nationwide). Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the custodian by the Plan for investment management services amounted to $13,608 and $10,763 for the years ended December 31, 2022 and 2021. Other party-in-interest transactions were administrative fees of $1,341 and $1,214 paid to InWest Retirement Solutions, Inc., the Plan's third-party administrator, for the years ended December 31, 2022 and 2021. The party-in-interest transactions disclosed above are exempt from the prohibited transaction rules of ERISA.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, Custom Commodities, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE F - TAX STATUS

The Plan is a volume submitter plan of InWest Retirement Solutions, Inc. An advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020 stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator and trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances as well as the amounts reported in the statement of net assets available for benefits.

NOTE H - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investments held at December 31, 2022 and 2021 and the net appreciation (depreciation) in fair value of investments for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian of the Plan.

NOTE I - SUBSEQUENT EVENTS

The COVID-19 pandemic was ongoing during the years ended December 31, 2022 and 2021. Measures taken by various entities to contain the virus have affected economic activity. As of the date these financial statements were available to be issued, the COVID-19 public health emergency declaration has ended; however, COVID-19 is still occurring in the United States as well as around the world. The potential impact, including the continuing impact to the financial markets, is difficult to assess.
