Vanguard Packaging 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vanguard Packaging 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 10 to the financial statements, the Plan Sponsor merged assets from the Advanced Logistics and Fulfillment 401(k) Plan into the Plan effective November 9, 2022. All assets were transferred to the Plan on November 9, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Vanguard Packaging 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

Description of the Plan: The following description of the Vanguard Packaging 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: Vanguard Packaging, LLC (the Company or Plan Sponsor) established the Plan effective January 1, 1993. The Plan provides eligible employees of Vanguard Packaging and related companies the opportunity to defer for their retirement in accordance with section 401(k) of the Internal Revenue Code (IRC). Effective January 1, 2022, after 30 days of employment and attainment of age 21, employees (1) may commence making deferral contributions and receive employer discretionary match contributions and (2) are eligible for employer discretionary nonelective contributions. Prior to January 1, 2022, employees were eligible after six months' employment and attainment of age 21. The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Participants may contribute up to 75% of their annual compensation as pretax or Roth contributions, as defined in the Plan Agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain IRC limitations.

The Company contributions consist of a discretionary matching contribution and a discretionary nonelective contribution. The Company makes a discretionary matching contribution of up to 50% of the first 6% deferred by the participant. The Company did not make a discretionary nonelective contribution for the year ended December 31, 2022.

Investment options: Participants may direct their deferrals, rollover and Company contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the (a) employer discretionary matching and discretionary nonelective contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral contributions and rollovers, plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of service. A year of service is defined as any 12-month period in which a participant has worked at least 1,000 hours.

Forfeitures: Forfeitures of nonvested Company contributions may be used to reduce Plan administrative expenses or to reduce future Company contributions as defined in the Plan. The Plan allocated all forfeitures to reduce Company contributions and Plan expenses by \$0 and \$86, respectively, for the year ended December 31, 2022. At December 31, 2022 and 2021, available forfeited nonvested accounts totaled \$31,110 and \$23,996, respectively.

Vanguard Packaging 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and have various ending dates through April 2030. Interest is charged at a reasonable rate as determined by the Plan Administrator. Interest rates ranged from 3.25% to 6.25% for loans outstanding at December 31, 2022. Loan terms shall not exceed five years with the exception of loans used for a primary residence. Participants may have up to three loans outstanding at a time. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits: Upon termination of service due to death, disability, retirement, or other reasons, if a participant's vested account balance is \$1,000 or less, it will be paid in a single-sum payment or by direct rollover to an individual retirement account (IRA) or other eligible retirement plan. If the participant's vested account balance is more than \$1,000, the participant has the following options: (1) receive the vested benefit in the form of a single lump-sum payment, (2) have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan or (3) receive installments over a period of time, as defined by the Plan. A participant may make withdrawals from his or her participant deferral contributions account in the event of qualifying undue financial hardship, as defined by the Plan Agreement, which includes payments for education expenses, medical or burial expenses, the purchase of a home or delinquent mortgage payments, losses incurred due to a federally declared disaster, and for the repair of damage to the participant's principal residence. A participant may also receive in-service distributions if the participant has attained age 59½.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for further discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Vanguard Packaging 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant balances and the amounts reported in the 2022 statement of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of the notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Payment of benefits: Benefits are recorded when paid.

Note 3. Information Certified by the Agents Acting on Behalf of the Issuer

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Empower Annuity Insurance Company of America, as the agent acting on behalf of Talcott Resolution Life Insurance Company, the issuer of the investments, for the period from April 23, 2022 to December 31, 2022 and as of December 31, 2022, and Great-West Life & Annuity Insurance Company, as the agent acting on behalf of Talcott Resolution Life Insurance Company, the issuer of the investments, for the period from January 1, 2022 to April 22, 2022 and as of December 31, 2021. The Plan Administrator has obtained certifications from the agents acting on behalf of the issuer that the information provided to the Plan Administrator by the agents acting on behalf of the issuer related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the ERISA-required supplemental schedules related to the following assets:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ 11,123,460	\$ 14,721,723
Investments, at contract value:

Notes receivable from participants	300,937	369,635

Vanguard Packaging 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by the Agents Acting on Behalf of the Issuer (Continued)

The agents acting on behalf of the issuer also certified to the completeness and accuracy of \$3,268,020 of net depreciation in fair value of investments, \$116,401 of interest and dividends related to the aforementioned Plan assets, and \$11,477 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Vanguard Packaging 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Pooled separate accounts: Unit value of pooled separate accounts is calculated based on the observable net asset value (NAV) of the underlying investments at the end of the Plan year. The NAV is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2022 and 2021. The plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. Each pooled separate account is made up of shares or units of an underlying mutual fund, and the investment object of each subaccount corresponds to the investment object of the underlying fund. There are no funded commitments related to these investments and the investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future.

In accordance with the Fair Value Measurement Topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments measured using the net asset value per share practical expedient: The following table summarized investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate accounts	\$ 11,123,460	\$ 14,721,723	N/A	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment instrument and size of the transfer relative to total net assets available for benefits. There were no transfers in or out of Level 3 for the years ended December 31, 2022 and 2021.

Note 5. Investment Contract With Insurance Company

As of December 31, 2022 and 2021, the Plan is invested in the Talcott Resolution Life Insurance Company Fixed Account (Fixed Account), which is a fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The Plan's investment in the Fixed Account is reported at contract value in the statement of net assets available for benefits.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Vanguard Packaging 401(k) Plan

Notes to Financial Statements

Note 5. Investment Contract With Insurance Company (Continued)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact the Fixed Account at contract value with the insurance company and the financial institution issuer. Such events include: (1) amendments to the Plan documents, including complete or partial plan termination or merger with another plan, (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events such as, divestitures or spin-offs of a subsidiary that cause a significant withdrawal from the Plan or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Income Tax Status

The underlying non-standardized prototype plan used by the Plan has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the prototype plan is qualified under section 401(a) of the IRC and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and a fixed account issued by Talcott Resolution Life Insurance Company. Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company) is the recordkeeper of the Plan and parent company of Talcott Resolution Life Insurance Company. These transactions qualify as party-in-interest transactions allowable under ERISA. Fees paid by the Plan to these parties in interest totaled \$50,839 for the year ended December 31, 2022.

Note 8. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 14,942,429	\$ 19,506,525
Adjustment for deemed notes receivable from participants	(72,574)	(3,709)
Net assets available for benefits per Form 5500	<u>\$ 14,869,855</u>	<u>\$ 19,502,816</u>

The following is a reconciliation of net decrease in net assets available for benefits per the financial statement to net loss per Form 5500 for the year ended December 31, 2022:

Net decrease per the financial statements	\$ (5,252,676)
Adjustment for deemed notes receivable from participants	(68,865)
Net loss per Form 5500	<u>\$ (5,321,541)</u>

Note 10. Plan Merger

Effective November 9, 2022, the Plan Sponsor merged in assets associated with participants employed by Vanguard Packaging, LLC from the Advanced Logistics and Fulfillment 401(k) Plan. The participant accounts for all participants employed by Vanguard Packaging, LLC who were currently active on November 9, 2022, were transferred from the Advanced Logistics and Fulfillment 401(k) Plan on November 9, 2022. The merger affected 11 participants and legal title and responsibility of \$688,580 in plan assets were transferred from the Advanced Logistics and Fulfillment 401(k) Plan into the Plan during the year ended December 31, 2022.

Note 11. Prohibited Transactions

During the year ended December 31, 2022, the Plan Sponsor inadvertently failed to timely deposit \$2,801 of participant deferrals within the required time frame as stated by the DOL's regulations. Lost earnings related to this late deposit will be calculated and remitted into the Plan in 2023. The Plan Sponsor will file Form 5330 and pay the applicable excise tax to the IRS in 2023. The lost earnings and excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 12. Subsequent Events

Effective March 1, 2023, the Plan was amended to implement auto-enrollment and auto-escalation provisions. Upon meeting eligibility requirements, new hires that do not opt out of participating in the plan will automatically be enrolled with a participant deferral rate of 3%. Additionally, the automatic deferral rate will increase 1% each year until reaching a maximum of 6%.

Management has evaluated subsequent events up to and including October 11, 2023, which is the date the financial statements were available to be issued.
