401(k) Plan and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of the LiquidAgents Healthcare, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LiquidAgents Healthcare, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LiquidAgents Healthcare, LLC 401(k) Plan's ability to continue as a going concern for one year after the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LiquidAgents Healthcare, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LiquidAgents Healthcare, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the LiquidAgents Healthcare, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by LiquidAgents Healthcare, LLC (the “Company”). The Company maintains the Plan for the benefit of its eligible employees and eligible employees of affiliated companies that have adopted the Plan. The Plan was originally effective January 1, 1999, with a restatement effective April 1, 2019. The Plan was also amended and restated effective on September 10, 2020, to adopt the Voya Retirement Insurance and Annuity Company Prototype Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Jenny Hanlon and Sheldon Arora are the trustees of the Plan. Effective September 10, 2020, VOYA Retirement Insurance and Annuity Company (“Voya”) was named the plan record-keeper and custodian.

The financial statements were approved for issue on October 12, 2023, which is the date the financial statements are available to be issued.

Plan amendments

The Plan was amended and restated effective March 1, 2022 to bring the Plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37.

The Plan was amended effective September 10, 2020, to adopt the Voya Retirement Insurance and Annuity Company Prototype Non-standardized 401(K) Profit Sharing Plan.

Upon adoption of the Voya plan, Staff DNA LLC was added as an affiliated employer.

Effective September 10, 2020, the eligibility conditions were amended to require the completion of one year of service defined as 1,000 hours at the end of the twelve month period beginning on the employee’s hire date.

The Plan was amended effective January 1, 2020, to modify the eligibility conditions to require the completion of one year of service defined as 1,000 hours during a calendar year.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE A – DESCRIPTION OF PLAN

Eligibility

Generally, all active employees of the Company are eligible to participate in the Plan. Employees are eligible to contribute at the first entry date upon attaining age 21 and completing the required service period. The required service period was at least one year of service (defined as 1,000 hours) in a twelve-month period. Entry dates are the first day of the quarter of the year.

401(k) provisions

Contributions are by salary reduction and are at the employee's discretion within the limits imposed by the 401(k) provisions of the Plan and the applicable Internal Revenue Code sections. The participant accounts are "participant directed accounts." The Plan also allows for rollovers from other plans.

Salary deferral

The Plan is a defined contribution plan wherein participants elect to reduce their compensation and have such reductions contributed to the Plan on their behalf. Participants may contribute on a pre-tax basis or an after-tax Roth basis subject to procedures established by the plan administrator.

Each year employees can elect to contribute to the Plan up to 100% of compensation. The term "compensation" for calculation of deferral shall be W-2 wages plus elective deferrals.

The maximum contributions allowed by the Internal Revenue Service were \$20,500 and \$19,500 for the years 2022 and 2021, respectively. The Plan also allows for rollovers from other plans. Participating employees are eligible to make catch-up contributions under the Plan provided the participating employees have attained or will attain the age of 50 before the close of the year. The amount of catch-up contributions allowed by the Internal Revenue Service was \$6,500 for 2022 and 2021.

Contributions

Discretionary employer 401(k) contributions are determined on an annual basis by the Board of Directors of the Company and are at the discretion of the Board of Directors within the limits imposed by the Plan documents and the applicable Internal Revenue Code sections. For 2022 and 2021, the Company made a matching contribution of 15% of each participant's

NOTE A – DESCRIPTION OF PLAN

401(k) contribution. Participants must complete at least 1,000 hours of service during the Plan year to receive any matching contributions made for the year.

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the year to receive any discretionary profit sharing contributions made for the year. For the years ended December 31, 2022 and 2021, the Company did not make a discretionary profit sharing contribution to the Plan.

The Plan also provides for discretionary Company contributions, which are allocated to participants' accounts based on the relative compensation of participants. There were no discretionary Company contributions during 2022 or 2021.

Participant accounts

Each participant's account is credited with the participant's 401(k) contribution, if any, and an allocation of (a) the Company's contribution, (b) investment experience on those amounts, and (c) forfeitures (at the Company's discretion). Allocations are based on participants' compensation or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses. The administrative and recordkeeping fees include an asset based fee of 0.3% which is deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions and rollover contributions are immediately 100% vested. Vesting of all employer contributions occurs at the following rates for employees enrolled in the Plan.

The vesting schedule applicable to matching contributions and discretionary contributions is:

<u>Years of Service</u>	<u>Vesting %</u>
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE A – DESCRIPTION OF PLAN

Notes receivable from participants

The Plan allows participants to borrow 50%, up to \$50,000, of their vested account balance from the Plan at any time; however, only one new loan is allowed per year, and a participant can have no more than two loans outstanding at any given time. The minimum loan amount is \$1,000 and the maximum is 50% of the participant's combined Employee pre-tax and after-tax Roth accounts, generally not to exceed \$50,000.

The rate of interest is determined as the prime rate plus 1% on the date of the loan. The maximum term of any loan is five years, or fifteen years if the loan is to acquire a primary residence. Principal and interest are paid ratably through payroll deductions. The notes are secured by the participant's vested account. Participant loans are valued at cost.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Termination

Although it has not expressed any intent to do so, the Company's Board of Directors may terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, the participants' vested interest in employer contributions shall be 100%.

Payment of benefits

Benefits are recorded when paid. Participants are entitled to receive benefit payments in the form of a lump-sum payment or installments equal to 100% of their accrued benefit upon attainment of age 59½, termination of employment, or upon death or disability. A participant who has terminated employment may defer benefit payments until reaching age 70½ or may request a rollover from the Plan to another eligible retirement plan. If no request is made and a participant's vested account balance is greater than \$1,000 but less than \$5,000, the Plan will automatically roll the distribution over to an individual retirement account. If the participant's account balance is less than \$1,000, it will be distributed in a lump-sum cash payment. The accrued benefit includes the sum of the value of participants' contributions, allocation of income (losses) and vested Company contributions.

NOTE A – DESCRIPTION OF PLAN

Hardship distributions

A participant may receive a hardship distribution from salary reduction contributions and rollover contributions if the distribution is (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse or dependents; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for burial or funeral expenses for the participant's parent, spouse, children or dependents; or (6) for expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty. Participant contributions will no longer be suspended for six-months following a hardship withdrawal and participants will not be required to exhaust the Plan's loan provision before taking a hardship.

Investing options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options listed in Note C. Participants may change their investment options at any time. In addition, a participant may request a reallocation of both the existing account and future contribution allocations or a rebalancing of the participant's existing account. The Plan also provides discretionary asset allocation services and investment recommendations to participants with respect to investment options made available by the plan sponsor.

Forfeitures

If a participant was not 100% vested and received a distribution, the Company contribution dollars left in the Plan are called forfeitures. At December 31, 2022 and 2021, forfeitures remaining to be used were approximately \$14,072 and \$39,441, respectively. Forfeiture allocations are utilized to reduce future Company contributions or pay administrative expenses of the Plan. If a forfeiture balance is not used according to the plan requirements, the amount must be allocated as an additional employer match contribution to eligible participants.

Forfeitures totaling \$2,846 and \$35,000 were reallocated to participant accounts as additional employer match for the years ended December 31, 2022 and 2021, respectively.

NOTE A – DESCRIPTION OF PLAN

Funding policy

It is the policy of the Plan sponsor to remit the employee contributions as soon as administratively possible, but no later than 4 business days after the date of payroll. The employer contribution is made annually within nine months of the Plan's year end.

CARES Act

The Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which was signed into law March 27, 2020. The CARES Act took immediate effect and allows for qualifying participants who experience adverse effects due to COVID-19 to take Coronavirus Related Distributions with a repayment or rollover right during the three-year period beginning the day after the distribution date. The CARES Act also permits the Plan to postpone required minimum distributions for one year.

Hardship Withdrawals

Participants may receive hardship withdrawals for reasons of financial hardship. The Plan adopted the provisions to allow participants to take COVID-19 eligible withdrawals under the CARES Act up to \$100,000 without penalty and the Plan granted several participant requests in 2020. The Plan was amended to incorporate these provisions when required. There were no hardship withdrawals in 2020 subject to the CARES Act provisions.

Participant loans

Effective April 2020, the Plan suspended participant loan repayments for participants who requested a suspension subject to the CARES Act. Repayments may be halted through December 2020 if requested by a participant. As of December 31, 2020, the Plan recorded \$0 in CARES Act loan deferrals.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Estimates are used in the determination of fair value of investments. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value as reported to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's common/collective trust fund investments are valued at their net asset value per unit as a practical expedient as reported by the fund manager of the collective trust. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Benefit payments

Benefits are recorded when paid.

Expenses

Administrative expenses are subject to offset for revenue received from investments based on average quarterly assets. Any remaining balance, after the application of the offsets, is charged to participant's accounts on a quarterly basis. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements.

Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE D – BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan offers the Voya Fixed Account, a benefit-responsive guaranteed separate account group annuity contract offered by Voya Retirement Insurance and Annuity Company as an investment option. The Voya Fixed Account is a guaranteed investment contract which is reported at contract value. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on an annual basis for resetting. The average yield and crediting interest rates were approximately 5.16% and 2.50% for 2022 and 2021, respectively. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE E – FAIR VALUE MEASUREMENTS

The Company has estimated fair value using available market information and valuation methodologies believed to be appropriate for these purposes. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The fair value hierarchy consists of three broad levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

ASC Topic 820 requires the Plan to describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried by the Plan as of December 31, 2022 and 2021. The Plan has described below, the methodology used to measure each major category of investment assets.

Mutual funds: Valued at the total market value of the underlying assets based on published market prices as of the close of the last day of the plan year. These values represent the net asset values of the shares held by the Plan and are classified within Level 1 of the valuation hierarchy.

Common collective trusts: Valued using the net asset value (NAV) per share provided by the investment fund's trustee and is determined by the fair value of the underlying assets within the portfolio. NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

There were 19 terminated participants with vested benefits of \$108,348 as of December 31, 2022. There were 16 terminated participants with vested benefits of \$55,498 as of December 31, 2021.

NOTE H – RELATED-PARTY TRANSACTIONS

VOYA Retirement Insurance and Annuity Company, is the custodian and recordkeeper of the Plan effective September 10, 2020. During the years ended December 31, 2022 and 2021, the Plan paid VOYA \$2,985 and \$1,627 in direct compensation for administrative services, respectively. Certain mutual funds offered as investment options under the Plan are managed by VOYA Retirement Insurance and Annuity Company. These transactions are exempt party-in-interest transactions.

Kestra Investment Services, LLC provided investment advisory services to the Plan for the years ended December 31, 2022 and 2021. During the years ended December 31, 2022 and 2021, the custodians paid \$14,881 and \$14,082, respectively, in commissions to Kestra Investment Services, LLC. These transactions are exempt party-in-interest transactions.

Bland Garvey, P.C. performs the annual audit of the Plan. This transaction is exempt party-in-interest transactions.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

The Plan allows for participant notes receivable. These notes receivable qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules.

NOTE I – DETERMINATION LETTER

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated September 1, 2014, that the form of the VOYA Retirement Insurance and Annuity Company Prototype Plan is qualified under the appropriate sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

NOTE J – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	2022	2021

NOTE L – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE M – FIDELITY BOND

ERISA requires a fidelity bond at the beginning of each plan year in the amount of 10% of the assets of the Plan but must not be less than \$1,000 and need not be greater than \$500,000. The Plan has a fidelity bond in the amount of \$1,000,000 as of December 31, 2022.

NOTE N – INCOME TAX STATUS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE O – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events up to and including October 12, 2023 which is the date the financial statements were available for issuance and have identified no subsequent events.
