Independent Auditors' Report

To the Plan Administrator
International SOS and the International SOS Group of Companies 401(k) Plan
3600 Horizon Blvd, Suite 300
Trevose, PA 18053

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of International SOS and the International SOS Group of Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of International SOS and the International SOS Group of Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of International SOS and the International SOS Group of Companies 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International SOS and the International SOS Group of Companies 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International SOS and the International SOS Group of Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International SOS and the International SOS Group of Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of International SOS and the International SOS Group of Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by International SOS Assistance, Inc (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

The following adopting employers are allowed to participate in the Plan:

- International SOS Governmental Services Inc.
- Aspire Lifestyles Services LLC
- Aspire Lifestyles (Americas), Inc.
- Corporate Healthcare Management Services, Inc.
- Corporate Medical Advisors Holdings, Inc.
- International SOS Assistance (Latam), Inc.
- International SOS Government Medical, Inc.

Effective February 1, 2022, Corporate Medical Advisor Holdings, Inc. spun-off from the Plan and adopted their own volume submitter profit sharing plan with cash or deferred arrangement with Principal. Corporate Healthcare Management Services, Inc., International SOS Government Medical Services, Inc., and International SOS Assistance (Latam), Inc. also adopted the spin-off plan effective February 1, 2022. On February 8, 2022, \$6,137,034 was transferred from the Plan to the spin-off plan.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements:

- Age: None (Age 21 required for employer contributions)
- Service: 0 months (1 month required for employer matching contributions)
- Status Exclusions:
 - a. Non-resident aliens with no U.S. earned income
 - b. Leased Employees
 - c. Independent contractors
 - d. Part-time, temporary, or seasonal employees
 - e. Residents of Puerto Rico
 - f. Reclassified employees

Upon satisfying the eligibility requirements, employees may participate in the Plan immediately upon eligibility.

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or “rollover” into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the plan:

- Rollover contributions
- Elective deferrals
- Roth deferrals
- Employer matching
- Employer profit-sharing

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment provision (3% salary deferral) whereby employees must elect out of the Plan if they do not wish to participate.

The Company may elect to make discretionary matching contributions to the Plan. Employees become eligible for matching contributions after 1 month of service and obtaining age 21. For the year ended December 31, 2022, eligible employees received discretionary matching contributions from the Company equal to 50% of a participant’s elective deferrals, up to 6% of a participant’s compensation in any pay period. At the end of each plan year, true-up matching contributions are required to be made based on participant elective deferrals for the plan year.

The Company may make discretionary profit-sharing contributions which will be allocated in accordance with the plan document provisions. Participants must be employed on the last day of the plan year to be eligible to receive discretionary profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for company matching and profit-sharing contributions is based on vesting periods of service.

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Participants are credited with a period of service for 1,000 hours earned. Participants are always 100% vested in their company matching and profit-sharing contributions if they are employed on or after their Normal Retirement Age or if they terminate employment on account of their death or disability.

<u>Service Years</u>	<u>Matching</u>	<u>Profit-Sharing</u>
<1	0%	0%
1	25%	25%
2	50%	50%
3	75%	75%
4	100%	100%

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used in the following ways:

- Pay Administrative Expenses
- Reduce Company Contributions
- Reallocated As Company Contributions

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$373,914 and \$401,571, respectively. During the year ended December 31, 2022, forfeited non-vested accounts of \$159,211 were used.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of \$500 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the previous 12 months. The loans, in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years.

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

Participants with a vested account balance less than \$1,000 will automatically receive a lump-sum distribution. Participants with a vested account balance between \$1,000 and \$5,000 who do not elect a form of distribution will have their vested account balance rolled over to an individual retirement account selected by the Plan.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72, or (ii) the year in which the participant retires.

The following types of distributions are also allowed by the plan:

- Hardship
- In Service
- Rollover source withdrawal at any time
- Termination partial withdrawal

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Termination of the Plan

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. See Note 4 for discussion of fair value measurements. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. Management has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Note 3 – Certified Investments

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Notes to Financial Statements
December 31, 2022 and 2021

Collective Trust Funds

Collective trust funds are valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Pooled Separate Accounts

Pooled separate accounts are valued using the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Gains and losses realized and unrealized, for the year ended December 31, 2022 are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Note 5 – Principal Stable Value Fund

The Plan invests in the Principal Stable Value Fund (Fund), which is a collective investment trust maintained by Principal Global Investors Trust Company. The objective of the Fund is to provide diversification of investments consistent with a stable fixed income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability, and predictability of returns, liquidity to pay plan benefits and high credit quality. The Fund is 100% invested in the Morley Stable Value Fund.

This Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following represents the disaggregation of investment contracts held by the plan:

	<u>2022</u>	<u>2021</u>
Synthetic investment contracts	\$ 125,171	\$ 1,369,821
Guaranteed Investment Contract	\$ 2,456,065	\$ 67,050
Cash and cash equivalents	\$ 105,984	\$ 56,447
Total Fully Benefit-Responsive Investment Contracts	<u>\$ 2,687,220</u>	<u>\$ 1,493,318</u>

Synthetic investment contract crediting rates are tied to the market value performance of associated assets which are owned by the Fund. A synthetic investment contract allows the Fund to amortize gains and losses over time through adjustments to the contract's crediting rate. Synthetic investment contracts above include separate account contracts.

A guaranteed investment contract (GIC) is a group annuity contract from an insurance company which promises to accrue and pay interest at a specified rate for the life of the contract. The Fund may purchase GICs from insurance companies based upon selection criteria as determined appropriate by the Trustee, with assistance from the advisor. GICs typically have a fixed maturity.

These funds cannot accept investments from individuals or plans that do not meet the required criteria. While the funds' investment objective includes capital preservation, there is no assurance that the objective will be achieved. The Fund is not guaranteed by, insured by, and does not represent a deposit or obligation of Principal Financial Group, the FDIC, or any government agency. Investments in the Fund may involve investment risk, including the possible loss of the principal amount invested and are subject to a deferral redemption request of up to twelve months at the discretion of Principal Financial Group, as defined in the applicable trust agreement.

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

An issuer can terminate an investment contract upon the event of default by the contract holder, advisor, or Principal Financial Group if the issuer determines in its reasonable discretion such event has had, or is likely to have, a material adverse effect on the issuer's interest with respect to the contract. Such events may include, but are not limited to: 1) management of the portfolio not in accordance with investment guidelines, 2) a breach of any material obligation under the wrap agreement, 3) any representation or warranty made by the contract holder becomes untrue in any material way, 4) a replacement of the advisor without prior consent of the issuer, 5) the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or 6) the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

The Trustee determines the NAV at the contract value of the Fund each business day (valuation date) by dividing total assets less liabilities by the number of outstanding units. No distributions are made to unitholders as net investment income is reinvested into the Fund in accordance with the Fund's investment objectives. Unitholder transactions are processed daily, or as applicable, by the Fund at the current NAV which reflects contract value and are considered as made immediately after the daily valuation. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Trustee's approval.

Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require 12-month advance written notice. Included in this advance written notice requirement are full or partial withdrawals of assets invested in the Fund resulting from plan sponsor-directed actions. Such plan sponsor-directed actions include but are not limited to: (i) trustee or plan sponsor-directed reallocation of investments; (ii) company-sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Fund as an investment option of the Plan; and (v) terminating the Plan. Plan sponsors are prohibited from intentionally and specifically advising participants, or releasing participant communication, that is intended to encourage participants to not contribute to the Fund, or to withdraw part or all of their contribution from the Fund.

All plan sponsor-directed requests for full or partial withdrawals must be submitted to Principal Financial Group in writing certifying the reason for the withdrawal request. All such requests are subject to the twelve-month advance written notice requirement. Principal Financial Group may choose to disburse withdrawals in less than the required one-year period if, at Principal Financial Group's discretion, it is determined that such a disbursement is in the best interest of the Fund as a whole.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have, or will have, a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuers' interest hereunder. Such events may include but are not limited to: (i) Fund administration amendments or changes, (ii) merger or consolidation of investors, (iii) group terminations or layoffs, (iv) implementation of an early retirement program, (v) termination or partial termination of the Fund, (vi) failure to meet certain tax qualifications, (vii) participant communication that is designed to influence participants not to invest in the Fund, (viii) transfers to competing options without meeting the equity wash provisions of the Fund, and (ix) plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

International SOS and the International SOS Group of Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

The Company does not believe that any events which would limit the Fund's ability to transact at contract value with participants are probable of occurring.

Note 6 – Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practicable. The Plan has contributions total \$41,549, all of which represent employee salary deferrals and loan repayments, that are considered prohibited transactions. The Company will calculate lost investment earnings and file Form 5330, as applicable.

Note 7 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2022, the Plan made direct payments of \$45,043 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements
December 31, 2022 and 2021

Note 9 – Tax Status

Effective July 1, 2022, the Plan was restated to adopt the Principal Life Insurance Company non-standardized pre-approved profit-sharing plan with cash or deferred arrangement which received a favorable opinion letter, issued to the document provider, from the Internal Revenue Service dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.
