INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Plan Administrator
PRC Management Company, Inc. 401(k) Plan
Red Bank, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PRC Management Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PRC Management Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PRC Management Company, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PRC Management Company, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PRC Management Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PRC Management Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION:

The following description of the PRC Management Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan available to substantially all employees of PRC Management Company, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are currently eligible to participate for employee deferral and qualified non-elective employer contributions upon attaining age twenty-one and completing two months of eligibility service (no minimum hours of service). Eligibility for employer matching and employer non-elective contributions requires one year of service with completion of 1,000 hours of service. Participants enter the Plan on the first day of the month coinciding with or immediately following the date eligibility requirements are met. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

Contributions - The Plan allows participants to defer up to eighty percent of their annual eligible pretax compensation as defined by the Plan. In addition, participants who have attained age fifty before the end of the plan year are eligible to make "catch-up" deferral contributions. Additional participant deferrals for bonuses and other compensation may also be available with proper notification to the Plan administrator. Participants may also contribute amounts representing distributions from other qualified plans (rollover) other than rollovers of designated Roth contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees hired on or after January 1, 2021, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated balanced fund, based upon date of birth, until changed by the participant. The employer may make a discretionary matching contribution of a percentage, if any, to be determined in the Plan year based upon a percentage of the participants' pre-tax contribution. Further, the employer may designate all or a portion of any matching contribution for the Plan year as "qualified matching contributions" and allocate them to non-highly compensated employees who meet any continuing eligibility requirements under the Plan to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination test(s). The employer match for the 2022 and 2021 plan years was 100% of the first 2% of eligible compensation deferred into the Plan. Contributions are subject to certain IRS limitations.

Participants direct the investment of their deferral contributions and any employer contributions into various investment options offered by the Plan. Participants may change their investment selections as they so desire. Default investment alternatives established under the Plan are used if investment directions are not provided by the participant.

Contributions are remitted to the Plan on a bi-weekly basis.

Participant Accounts - Each participant's account is credited with the participant's and Company's matching contributions as well as allocations of (a) other Company contributions and (b) Plan earnings (losses), and, if applicable, charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - Forfeited nonvested accounts are retained by the Plan and will be used to pay administrative expenses or reduce future employer contributions. At December 31, 2022 and 2021 forfeited nonvested accounts amounted to \$63 and \$1,121, respectively. Administrative expenses of \$3,282 were paid from forfeited nonvested accounts during 2022.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION: (Continued)

Vesting - Participants are immediately vested in their rollover, qualified matching, qualified non-elective, and deferral contributions plus actual earnings thereon. Vesting in the employer's matching and employer non-elective contribution portion of participant accounts plus actual earnings thereon is based on years of continuous service. Vesting under the Plan is currently based upon the "elapsed time method." Hours of service are not counted and instead periods of service are computed. A period of service is determined by the time you work for the employer and only whole years of service will be counted to compute years of service for vesting purposes. A participant is 100% vested after five years of credited service. Under the Plan, an employee who reaches their normal retirement date or postponed retirement, dies, or becomes permanently disabled, as defined in the Plan, becomes 100% vested in the amount allocated to his or her account balance.

Notes Receivable from Participants - Participants normally may borrow up to \$50,000 or 50% of their vested interest in the Plan, whichever is less. The minimum loan is \$1,000. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the administrator. The interest rate remains fixed throughout the duration of the loan. Principal and interest are paid back ratably through payroll deduction, generally within five years from origination. The repayment period for loans for the purchase of a principal residence may not extend beyond ten years from the date of the loan.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") enacted on March 27, 2020, permitted certain loan repayments to be delayed for up to one year and also permitted employers to increase the maximum loan amount available to eligible individuals as defined in the CARES Act. The Plan adopted the CARES Act loan provisions during 2020. Eligible individuals who self-certified their status as such, could obtain loans ("CARES Act loans") up to the lesser of \$100,000 (reduced by existing outstanding plan loans of the individual) or the individual's vested benefit under the Plan. The increased loan limit pertains to loans made from March 27, 2020 to September 22, 2020. CARES Act loans outstanding on or after March 27, 2020 may have had repayments due on the loan from March 27, 2020 to December 31, 2020, delayed for up to one year. Payments made after the suspension period have been adjusted to reflect the delay and any interest accruing during the delay. CARES Act loans were re-amortized in January 2021.

Notes receivable from participants issued during 2020 as CARES Act loans amounted to \$4,400 and are in repayment at December 31, 2022 and 2021, with final maturity during 2023.

Payment of Benefits - On termination of service, death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or systematic installment payments. A participant with a vested balance greater than \$5,000 may elect to receive their benefits as a cash distribution, direct rollover distribution, a combination of cash and direct rollover distributions, or an installment distribution. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates, Risks, and Uncertainties - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and asset custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is calculated using the simple-interest method on principal amounts outstanding and is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions and related earnings of \$5,663 for the 2022 plan year to the applicable participants prior to March 15, 2023.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of administering the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of administering the Plan that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Date of Management's Review - In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

NOTE 3 - CARES ACT, SECURE ACT, SECURE ACT 2.0 AND PLAN AMENDMENT:

The Plan elected to implement the CARES Act ("the Act") loan provisions described in Note 1 relating to Notes Receivable from Participants, as well as the CARES Act distribution provisions during 2020. The CARES Act distribution provisions permitted eligible individuals, as defined by the Act, who self-certified their qualification as such, to obtain distributions ("CARES Act distributions") from January 1, 2020 to December 30, 2020, up to an aggregate limit of \$100,000 from all eligible plans or IRAs. The distributions may be voluntarily recontributed to the same or a different eligible plan within three years of the distribution date. Repayments of CARES Act distributions are treated as direct rollover contributions by the Plan.

The Pre-Approved Plan Sponsor executed the CARES Act amendment in September 2022, in accordance with IRS requirements.

The mandatory and optional provisions of the Setting Every Community Up for Retirement Enhancement Act ("the SECURE Act") and SECURE Act 2.0 phase in from 2020 through 2027. SECURE Act 2.0 provides for the following mandatory changes affecting the Plan: long-term, part-time (LTPT) employee eligibility; catch-up contribution increases and mandatory catch-up Roth contributions;

required minimum distribution (RMD) changes (age, form, penalty reduction); and Top Heavy rule modifications. Other optional provisions may also be adopted by the Plan. The SECURE Act provisions impact: RMDs; eligible penalty-free withdrawals which may be repaid to the Plan; automatic enrollment cap; beneficiary withdrawal rules for inherited 401(k) plans; LTPT employee eligibility; fiduciary safe harbor for offering annuity options; and "lifetime income investment" distributions.

Formal amendments of the Plan to implement the SECURE Act and SECURE 2.0 provisions are required to be made by December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

NOTE 5 - CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (FMTC) (the trustee of the Plan).

NOTE 6 - OTHER EMPLOYER CONTRIBUTIONS RECEIVABLE - CORRECTIVE AND EMPLOYEE DEFERRAL CONTRIBUTIONS PAYABLE - CORRECTIVE:

The Plan is required to refund participant deferral contributions deposited to the trust in excess of the deferral election made by the participant. The amount due back to the participant at December 31, 2021, amounted to \$358.

The Employer is required to deposit an amount to the trust for participants whose deferral contributions were calculated and deposited to the trust at an amount less than the automatic enrollment deferral rate or other deferral election rate selected by the participants. The corrective amount is calculated at 50% of the missed deferral contributions plus any missed employer matching contributions and lost earnings. The amount due to the Plan from the employer for corrective contributions at December 31, 2022 and 2021, amounted to \$450 and \$461, respectively, consisting of missed deferral contributions. All required employer matching contributions were deposited during the plan year.

NOTE 7 - TAX STATUS:

The Plan uses a pre-approved defined contribution plan document provided by Fidelity Management & Research Company ("Fidelity") to maintain the Plan. The Internal Revenue Service has determined and informed Fidelity by an advisory opinion letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the advisory opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY/PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Investments or related companies. FMTC is the trustee and recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity Workplace Services LLC (FWS) provides certain administrative services to the Plan pursuant to a Service Agreement (the "Agreement") between the Company and FWS. FWS and related companies receive revenue from mutual fund service providers for services FWS

and related companies provide to the funds. This revenue is used to offset certain amounts owed to FWS for its administrative services to the Plan. Revenue received by FWS from such mutual fund service providers in excess of the amount owed under the Agreement may be used within twelve months of the quarter earned as a service credit to offset the cost of certain FWS and related companies' services to the Plan. The Plan or the Company may make a payment to FWS for administrative expenses not covered by revenue sharing. In addition, personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge.

The Company collected participant deferral contributions and loan repayments through payroll deductions amounting to \$38,077 for the year ended December 31, 2022, which were not timely remitted to the trust as determined by Department of Labor Regulations 2510.3-102(b), prohibited transactions. Late deferral deposits and loan repayments amounting to \$38,077 have been corrected at December 31, 2022. Procedures have been implemented by the Company to ensure timely remittance of participant deferrals to the trust in the future.

NOTE 9 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 11 - SUBSEQUENT EVENT:

In October 2023, the Plan became aware of an operational defect related to the use of the incorrect definition of compensation in determining contributions to the Plan. The Plan is in the process of determining the impact of the error on the Plan and making corrections to make the affected participants whole and return the Plan to compliance. The amount of the corrections resulting from this error cannot currently be estimated.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Plan Administrator
PRC Management Company, Inc. 401(k) Plan
Red Bank, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PRC Management Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PRC Management Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PRC Management Company, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PRC Management Company, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PRC Management Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PRC Management Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION:

The following description of the PRC Management Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan available to substantially all employees of PRC Management Company, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are currently eligible to participate for employee deferral and qualified non-elective employer contributions upon attaining age twenty-one and completing two months of eligibility service (no minimum hours of service). Eligibility for employer matching and employer non-elective contributions requires one year of service with completion of 1,000 hours of service. Participants enter the Plan on the first day of the month coinciding with or immediately following the date eligibility requirements are met. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

Contributions - The Plan allows participants to defer up to eighty percent of their annual eligible pretax compensation as defined by the Plan. In addition, participants who have attained age fifty before the end of the plan year are eligible to make "catch-up" deferral contributions. Additional participant deferrals for bonuses and other compensation may also be available with proper notification to the Plan administrator. Participants may also contribute amounts representing distributions from other qualified plans (rollover) other than rollovers of designated Roth contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees hired on or after January 1, 2021, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated balanced fund, based upon date of birth, until changed by the participant. The employer may make a discretionary matching contribution of a percentage, if any, to be determined in the Plan year based upon a percentage of the participants' pre-tax contribution. Further, the employer may designate all or a portion of any matching contribution for the Plan year as "qualified matching contributions" and allocate them to non-highly compensated employees who meet any continuing eligibility requirements under the Plan to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination test(s). The employer match for the 2022 and 2021 plan years was 100% of the first 2% of eligible compensation deferred into the Plan. Contributions are subject to certain IRS limitations.

Participants direct the investment of their deferral contributions and any employer contributions into various investment options offered by the Plan. Participants may change their investment selections as they so desire. Default investment alternatives established under the Plan are used if investment directions are not provided by the participant.

Contributions are remitted to the Plan on a bi-weekly basis.

Participant Accounts - Each participant's account is credited with the participant's and Company's matching contributions as well as allocations of (a) other Company contributions and (b) Plan earnings (losses), and, if applicable, charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - Forfeited nonvested accounts are retained by the Plan and will be used to pay administrative expenses or reduce future employer contributions. At December 31, 2022 and 2021 forfeited nonvested accounts amounted to \$63 and \$1,121, respectively. Administrative expenses of \$3,282 were paid from forfeited nonvested accounts during 2022.

PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION: (Continued)

Vesting - Participants are immediately vested in their rollover, qualified matching, qualified non-elective, and deferral contributions plus actual earnings thereon. Vesting in the employer's matching and employer non-elective contribution portion of participant accounts plus actual earnings thereon is based on years of continuous service. Vesting under the Plan is currently based upon the "elapsed time method." Hours of service are not counted and instead periods of service are computed. A period of service is determined by the time you work for the employer and only whole years of service will be counted to compute years of service for vesting purposes. A participant is 100% vested after five years of credited service. Under the Plan, an employee who reaches their normal retirement date or postponed retirement, dies, or becomes permanently disabled, as defined in the Plan, becomes 100% vested in the amount allocated to his or her account balance.

Notes Receivable from Participants - Participants normally may borrow up to \$50,000 or 50% of their vested interest in the Plan, whichever is less. The minimum loan is \$1,000. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the administrator. The interest rate remains fixed throughout the duration of the loan. Principal and interest are paid back ratably through payroll deduction, generally within five years from origination. The repayment period for loans for the purchase of a principal residence may not extend beyond ten years from the date of the loan.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") enacted on March 27, 2020, permitted certain loan repayments to be delayed for up to one year and also permitted employers to increase the maximum loan amount available to eligible individuals as defined in the CARES Act. The Plan adopted the CARES Act loan provisions during 2020. Eligible individuals who self-certified their status as such, could obtain loans ("CARES Act loans") up to the lesser of \$100,000 (reduced by existing outstanding plan loans of the individual) or the individual's vested benefit under the Plan. The increased loan limit pertains to loans made from March 27, 2020 to September 22, 2020. CARES Act loans outstanding on or after March 27, 2020 may have had repayments due on the loan from March 27, 2020 to December 31, 2020, delayed for up to one year. Payments made after the suspension period have been adjusted to reflect the delay and any interest accruing during the delay. CARES Act loans were re-amortized in January 2021.

Notes receivable from participants issued during 2020 as CARES Act loans amounted to \$4,400 and are in repayment at December 31, 2022 and 2021, with final maturity during 2023.

Payment of Benefits - On termination of service, death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or systematic installment payments. A participant with a vested balance greater than \$5,000 may elect to receive their benefits as a cash distribution, direct rollover distribution, a combination of cash and direct rollover distributions, or an installment distribution. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates, Risks, and Uncertainties - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and asset custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is calculated using the simple-interest method on principal amounts outstanding and is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions and related earnings of \$5,663 for the 2022 plan year to the applicable participants prior to March 15, 2023.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of administering the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of administering the Plan that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Date of Management's Review - In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

NOTE 3 - CARES ACT, SECURE ACT, SECURE ACT 2.0 AND PLAN AMENDMENT:

The Plan elected to implement the CARES Act ("the Act") loan provisions described in Note 1 relating to Notes Receivable from Participants, as well as the CARES Act distribution provisions during 2020. The CARES Act distribution provisions permitted eligible individuals, as defined by the Act, who self-certified their qualification as such, to obtain distributions ("CARES Act distributions") from January 1, 2020 to December 30, 2020, up to an aggregate limit of \$100,000 from all eligible plans or IRAs. The distributions may be voluntarily recontributed to the same or a different eligible plan within three years of the distribution date. Repayments of CARES Act distributions are treated as direct rollover contributions by the Plan.

The Pre-Approved Plan Sponsor executed the CARES Act amendment in September 2022, in accordance with IRS requirements.

The mandatory and optional provisions of the Setting Every Community Up for Retirement Enhancement Act ("the SECURE Act") and SECURE Act 2.0 phase in from 2020 through 2027. SECURE Act 2.0 provides for the following mandatory changes affecting the Plan: long-term, part-time (LTPT) employee eligibility; catch-up contribution increases and mandatory catch-up Roth contributions;

required minimum distribution (RMD) changes (age, form, penalty reduction); and Top Heavy rule modifications. Other optional provisions may also be adopted by the Plan. The SECURE Act provisions impact: RMDs; eligible penalty-free withdrawals which may be repaid to the Plan; automatic enrollment cap; beneficiary withdrawal rules for inherited 401(k) plans; LTPT employee eligibility; fiduciary safe harbor for offering annuity options; and "lifetime income investment" distributions.

Formal amendments of the Plan to implement the SECURE Act and SECURE 2.0 provisions are required to be made by December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

NOTE 5 - CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (FMTC) (the trustee of the Plan).

NOTE 6 - OTHER EMPLOYER CONTRIBUTIONS RECEIVABLE - CORRECTIVE AND EMPLOYEE DEFERRAL CONTRIBUTIONS PAYABLE - CORRECTIVE:

The Plan is required to refund participant deferral contributions deposited to the trust in excess of the deferral election made by the participant. The amount due back to the participant at December 31, 2021, amounted to \$358.

The Employer is required to deposit an amount to the trust for participants whose deferral contributions were calculated and deposited to the trust at an amount less than the automatic enrollment deferral rate or other deferral election rate selected by the participants. The corrective amount is calculated at 50% of the missed deferral contributions plus any missed employer matching contributions and lost earnings. The amount due to the Plan from the employer for corrective contributions at December 31, 2022 and 2021, amounted to \$450 and \$461, respectively, consisting of missed deferral contributions. All required employer matching contributions were deposited during the plan year.

NOTE 7 - TAX STATUS:

The Plan uses a pre-approved defined contribution plan document provided by Fidelity Management & Research Company ("Fidelity") to maintain the Plan. The Internal Revenue Service has determined and informed Fidelity by an advisory opinion letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the advisory opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY/PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Investments or related companies. FMTC is the trustee and recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity Workplace Services LLC (FWS) provides certain administrative services to the Plan pursuant to a Service Agreement (the "Agreement") between the Company and FWS. FWS and related companies receive revenue from mutual fund service providers for services FWS

and related companies provide to the funds. This revenue is used to offset certain amounts owed to FWS for its administrative services to the Plan. Revenue received by FWS from such mutual fund service providers in excess of the amount owed under the Agreement may be used within twelve months of the quarter earned as a service credit to offset the cost of certain FWS and related companies' services to the Plan. The Plan or the Company may make a payment to FWS for administrative expenses not covered by revenue sharing. In addition, personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge.

The Company collected participant deferral contributions and loan repayments through payroll deductions amounting to \$38,077 for the year ended December 31, 2022, which were not timely remitted to the trust as determined by Department of Labor Regulations 2510.3-102(b), prohibited transactions. Late deferral deposits and loan repayments amounting to \$38,077 have been corrected at December 31, 2022. Procedures have been implemented by the Company to ensure timely remittance of participant deferrals to the trust in the future.

NOTE 9 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 11 - SUBSEQUENT EVENT:

In October 2023, the Plan became aware of an operational defect related to the use of the incorrect definition of compensation in determining contributions to the Plan. The Plan is in the process of determining the impact of the error on the Plan and making corrections to make the affected participants whole and return the Plan to compliance. The amount of the corrections resulting from this error cannot currently be estimated.

PRC Management Company, Inc. 401(k) Plan
Red Bank, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PRC Management Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PRC Management Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PRC Management Company, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PRC Management Company, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PRC Management Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PRC Management Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION:

The following description of the PRC Management Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan available to substantially all employees of PRC Management Company, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are currently eligible to participate for employee deferral and qualified non-elective employer contributions upon attaining age twenty-one and completing two months of eligibility service (no minimum hours of service). Eligibility for employer matching and employer non-elective contributions requires one year of service with completion of 1,000 hours of service. Participants enter the Plan on the first day of the month coinciding with or immediately following the date eligibility requirements are met. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

Contributions - The Plan allows participants to defer up to eighty percent of their annual eligible pretax compensation as defined by the Plan. In addition, participants who have attained age fifty before the end of the plan year are eligible to make "catch-up" deferral contributions. Additional participant deferrals for bonuses and other compensation may also be available with proper notification to the Plan administrator. Participants may also contribute amounts representing distributions from other qualified plans (rollover) other than rollovers of designated Roth contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees hired on or after January 1, 2021, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated balanced fund, based upon date of birth, until changed by the participant. The employer may make a discretionary matching contribution of a percentage, if any, to be determined in the Plan year based upon a percentage of the participants' pre-tax contribution. Further, the employer may designate all or a portion of any matching contribution for the Plan year as "qualified matching contributions" and allocate them to non-highly compensated employees who meet any continuing eligibility requirements under the Plan to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination test(s). The employer match for the 2022 and 2021 plan years was 100% of the first 2% of eligible compensation deferred into the Plan. Contributions are subject to certain IRS limitations.

Participants direct the investment of their deferral contributions and any employer contributions into various investment options offered by the Plan. Participants may change their investment selections as they so desire. Default investment alternatives established under the Plan are used if investment directions are not provided by the participant.

Contributions are remitted to the Plan on a bi-weekly basis.

Participant Accounts - Each participant's account is credited with the participant's and Company's matching contributions as well as allocations of (a) other Company contributions and (b) Plan earnings (losses), and, if applicable, charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - Forfeited nonvested accounts are retained by the Plan and will be used to pay administrative expenses or reduce future employer contributions. At December 31, 2022 and 2021 forfeited nonvested accounts amounted to \$63 and \$1,121, respectively. Administrative expenses of \$3,282 were paid from forfeited nonvested accounts during 2022.

PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION: (Continued)

Vesting - Participants are immediately vested in their rollover, qualified matching, qualified non-elective, and deferral contributions plus actual earnings thereon. Vesting in the employer's matching and employer non-elective contribution portion of participant accounts plus actual earnings thereon is based on years of continuous service. Vesting under the Plan is currently based upon the "elapsed time method." Hours of service are not counted and instead periods of service are computed. A period of service is determined by the time you work for the employer and only whole years of service will be counted to compute years of service for vesting purposes. A participant is 100% vested after five years of credited service. Under the Plan, an employee who reaches their normal retirement date or postponed retirement, dies, or becomes permanently disabled, as defined in the Plan, becomes 100% vested in the amount allocated to his or her account balance.

Notes Receivable from Participants - Participants normally may borrow up to \$50,000 or 50% of their vested interest in the Plan, whichever is less. The minimum loan is \$1,000. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the administrator. The interest rate remains fixed throughout the duration of the loan. Principal and interest are paid back ratably through payroll deduction, generally within five years from origination. The repayment period for loans for the purchase of a principal residence may not extend beyond ten years from the date of the loan.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") enacted on March 27, 2020, permitted certain loan repayments to be delayed for up to one year and also permitted employers to increase the maximum loan amount available to eligible individuals as defined in the CARES Act. The Plan adopted the CARES Act loan provisions during 2020. Eligible individuals who self-certified their status as such, could obtain loans ("CARES Act loans") up to the lesser of \$100,000 (reduced by existing outstanding plan loans of the individual) or the individual's vested benefit under the Plan. The increased loan limit pertains to loans made from March 27, 2020 to September 22, 2020. CARES Act loans outstanding on or after March 27, 2020 may have had repayments due on the loan from March 27, 2020 to December 31, 2020, delayed for up to one year. Payments made after the suspension period have been adjusted to reflect the delay and any interest accruing during the delay. CARES Act loans were re-amortized in January 2021.

Notes receivable from participants issued during 2020 as CARES Act loans amounted to \$4,400 and are in repayment at December 31, 2022 and 2021, with final maturity during 2023.

Payment of Benefits - On termination of service, death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or systematic installment payments. A participant with a vested balance greater than \$5,000 may elect to receive their benefits as a cash distribution, direct rollover distribution, a combination of cash and direct rollover distributions, or an installment distribution. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates, Risks, and Uncertainties - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**PRC MANAGEMENT COMPANY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and asset custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is calculated using the simple-interest method on principal amounts outstanding and is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions and related earnings of \$5,663 for the 2022 plan year to the applicable participants prior to March 15, 2023.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of administering the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of administering the Plan that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Date of Management's Review - In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

NOTE 3 - CARES ACT, SECURE ACT, SECURE ACT 2.0 AND PLAN AMENDMENT:

The Plan elected to implement the CARES Act ("the Act") loan provisions described in Note 1 relating to Notes Receivable from Participants, as well as the CARES Act distribution provisions during 2020. The CARES Act distribution provisions permitted eligible individuals, as defined by the Act, who self-certified their qualification as such, to obtain distributions ("CARES Act distributions") from January 1, 2020 to December 30, 2020, up to an aggregate limit of \$100,000 from all eligible plans or IRAs. The distributions may be voluntarily recontributed to the same or a different eligible plan within three years of the distribution date. Repayments of CARES Act distributions are treated as direct rollover contributions by the Plan.

The Pre-Approved Plan Sponsor executed the CARES Act amendment in September 2022, in accordance with IRS requirements.

The mandatory and optional provisions of the Setting Every Community Up for Retirement Enhancement Act ("the SECURE Act") and SECURE Act 2.0 phase in from 2020 through 2027. SECURE Act 2.0 provides for the following mandatory changes affecting the Plan: long-term, part-time (LTPT) employee eligibility; catch-up contribution increases and mandatory catch-up Roth contributions;

required minimum distribution (RMD) changes (age, form, penalty reduction); and Top Heavy rule modifications. Other optional provisions may also be adopted by the Plan. The SECURE Act provisions impact: RMDs; eligible penalty-free withdrawals which may be repaid to the Plan; automatic enrollment cap; beneficiary withdrawal rules for inherited 401(k) plans; LTPT employee eligibility; fiduciary safe harbor for offering annuity options; and "lifetime income investment" distributions.

Formal amendments of the Plan to implement the SECURE Act and SECURE 2.0 provisions are required to be made by December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at fair value:				
Mutual funds	\$ 9,029,009	\$ -	\$ -	\$ 9,029,009

NOTE 5 - CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (FMTC) (the trustee of the Plan).

NOTE 6 - OTHER EMPLOYER CONTRIBUTIONS RECEIVABLE - CORRECTIVE AND EMPLOYEE DEFERRAL CONTRIBUTIONS PAYABLE - CORRECTIVE:

The Plan is required to refund participant deferral contributions deposited to the trust in excess of the deferral election made by the participant. The amount due back to the participant at December 31, 2021, amounted to \$358.

The Employer is required to deposit an amount to the trust for participants whose deferral contributions were calculated and deposited to the trust at an amount less than the automatic enrollment deferral rate or other deferral election rate selected by the participants. The corrective amount is calculated at 50% of the missed deferral contributions plus any missed employer matching contributions and lost earnings. The amount due to the Plan from the employer for corrective contributions at December 31, 2022 and 2021, amounted to \$450 and \$461, respectively, consisting of missed deferral contributions. All required employer matching contributions were deposited during the plan year.

NOTE 7 - TAX STATUS:

The Plan uses a pre-approved defined contribution plan document provided by Fidelity Management & Research Company ("Fidelity") to maintain the Plan. The Internal Revenue Service has determined and informed Fidelity by an advisory opinion letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the advisory opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY/PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Investments or related companies. FMTC is the trustee and recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity Workplace Services LLC (FWS) provides certain administrative services to the Plan pursuant to a Service Agreement (the "Agreement") between the Company and FWS. FWS and related companies receive revenue from mutual fund service providers for services FWS

and related companies provide to the funds. This revenue is used to offset certain amounts owed to FWS for its administrative services to the Plan. Revenue received by FWS from such mutual fund service providers in excess of the amount owed under the Agreement may be used within twelve months of the quarter earned as a service credit to offset the cost of certain FWS and related companies' services to the Plan. The Plan or the Company may make a payment to FWS for administrative expenses not covered by revenue sharing. In addition, personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge.

The Company collected participant deferral contributions and loan repayments through payroll deductions amounting to \$38,077 for the year ended December 31, 2022, which were not timely remitted to the trust as determined by Department of Labor Regulations 2510.3-102(b), prohibited transactions. Late deferral deposits and loan repayments amounting to \$38,077 have been corrected at December 31, 2022. Procedures have been implemented by the Company to ensure timely remittance of participant deferrals to the trust in the future.

NOTE 9 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 11 - SUBSEQUENT EVENT:

In October 2023, the Plan became aware of an operational defect related to the use of the incorrect definition of compensation in determining contributions to the Plan. The Plan is in the process of determining the impact of the error on the Plan and making corrections to make the affected participants whole and return the Plan to compliance. The amount of the corrections resulting from this error cannot currently be estimated.
