Independent Auditor's Report

**The Plan Administrator
Shift Paradigm 401(k) Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the financial statements of the Shift Paradigm 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report, Continued

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Independent Auditor's Report, Continued

In performing an audit in accordance with GAAS, I:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Independent Auditor's Report, Continued

Other Matter - Supplemental Schedule Required by ERISA, continued

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHIFT PARADIGM 401(K) PLAN

Notes to Financial Statements

December 31, 2022

(1) Description of the plan

The following brief description of the Shift Paradigm 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan covering all full-time employees of Trendline Interactive LLC DBA Shift Paradigm (the “Plan Sponsor”) who are eighteen or older. The Plan, which was adopted by action of the Plan Sponsor’s Board of Directors on January 1, 2022 (date of Plan’s inception), is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On January 26, 2022 assets were transferred into the Plan from the Co-Advantage Corporate Retirement Savings Plan totaling \$3,056,943.

(b) Contributions

Each year, participants may defer a percentage of their pretax annual compensation as defined in the plan agreement up to 65% of their compensation, not to exceed the maximum annual amount as determined by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”) and make after-tax Roth contributions. Eligible participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Plan Sponsor makes a safe-harbor matching contribution up to 4% of a participant’s compensation and, at its discretion, may contribute additional amounts to the Plan as determined by the Board of Directors. Any profit sharing contribution will be allocated according to the plan document to participants eligible to share in the contribution.

(c) Participant accounts

Each participant's account is credited with the participant's contributions and the Plan Sponsor’s contributions, as well as allocations of plan earnings or losses. Participant accounts may be charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

(1) Description of the plan, continued

(d) Vesting

The Plan is a safe-harbor plan and therefore, all participants are immediately vested in their voluntary contributions and all Plan Sponsor contributions plus actual earnings thereon.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and loans outstanding bear interest at rates ranging from 4.25% - 6.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum distribution equal to the value of his or her entire account. On termination of service due to other reasons, a participant will receive a lump-sum distribution equal to the value of his or her vested account.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Payment of benefits

Benefits are recorded when paid.

(c) Use of estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of significant accounting policies, continued

(d) Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

(e) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

(f) Events occurring after the reporting date

The Plan has performed an analysis of the activities and transactions subsequent to December 31, 2022, to determine the need for any adjustments or disclosures for the year then ended. The Plan has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issued.

(g) Administrative expenses

Certain investment fund options may be subject to investment fees based upon a percentage of invested assets, as disclosed in a fund's prospectus. Such fees are typically charged directly against the fund's investment performance and thus, are not separately disclosed in the accompanying financial statements. Certain expenses incurred maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses paid by the Plan primarily represent fees related to withdrawals from the Plan and recordkeeping fees paid to the third-party administrator.

(3) Summary of information certified by the custodian

Information related to investments, investment income (loss) and notes receivable and related interest from participants disclosed in the accompanying financial statements and supplemental schedule, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustee of the plan, as of and for the year ended December 31, 2022.

SHIFT PARADIGM LLC 401(K) PLAN

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- (a) Quoted prices for similar assets or liabilities in active markets;**
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;**
- (c) Inputs other than quoted prices that are observable for the asset or liability; and**
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the assets or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trusts are composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value (“NAV”) of units of the collective trusts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2022.

The guaranteed interest account is valued at fair value, which approximates contract value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). In determining the reasonableness of the methodology, the Plan Sponsor evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

(4) Fair value measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds and total assets				
in the fair value hierarchy	\$ 3,016,610	\$ -	\$ -	\$ 3,016,610
Guaranteed interest account		49,517	-	49,517
Investments measured at NAV*	-	-	-	466,154
Total investments, at fair value	<u>\$ 3,016,610</u>	<u>\$ 49,517</u>	<u>\$ -</u>	<u>\$ 3,532,281</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

(5) Fair value of investments in entities that use NAV as a practical expedient

<u>Investments</u>	<u>Fair Value</u> <u>as of December 31,</u> <u>2022</u>	<u>Unfunded</u> <u>commitments</u>	<u>Redemption</u> <u>frequency</u> <u>(if currently</u> <u>eligible)</u>	<u>Redemption</u> <u>notice</u> <u>period</u>
Collective trusts	\$ 466,154	N/A	Daily	12 months

(6) Investment contract with insurance company

The Plan has entered into an investment contract with Empower Annuity Insurance Company of America, who maintains the Plan's contributions in a guaranteed interest account, which has been determined to be *non* fully benefit-responsive. The accounts are credited with contributions and earnings on the underlying investments and charged for plan withdrawals and administrative expenses. In 2022, interest amounted to \$253, contributions deposited into the account were \$98,800, net transfers amounted to \$46,894 out of the account, and disbursements totaled \$2,642. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed interest account was \$49,517 as of December 31, 2022. The average yield and crediting interest rate was 0.93% for 2022. Such interest rates are reviewed on at least an annual basis for resetting.

SHIFT PARADIGM 401(K) PLAN

(7) Party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and certain others. The Plan invests in mutual funds managed by the trustee of the Plan, and therefore, these transactions and administrative expenses paid to the trustee and other service providers, qualify as party-in-interest transactions. Notes receivable from participants held by the Plan also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor and no such officer or employee receives compensation from the Plan. Fees paid to parties-in-interest amounted to \$17,030 for the year ended December 31, 2022. The Plan Sponsor also pays for certain plan expenses for which it is not reimbursed by the Plan.

(8) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(9) Income tax status

The Plan Sponsor adopted a volume submitter plan which received a favorable opinion letter from the Internal Revenue Service on November 14, 2022, which stated that the volume submitter plan, as then designed, was in compliance with the applicable provisions of the IRC. The volume submitter plan has been amended since receiving the opinion letter and the Plan itself has not received a determination letter. However, the plan administrator believes that the Plan is currently designed and currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.
