1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
KPMG 401(k) Capital Accumulation Plan

Opinion

We have audited the financial statements of KPMG 401(k) Capital Accumulation Plan (formerly known as the KPMG 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for plan benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2022, and delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain

additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description of the KPMG 401(k) Capital Accumulation Plan (formerly known as the KPMG 401(k) Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the provisions of the Plan.

(a) General

The Plan is a defined contribution plan, which became effective on May 1, 1984, and is open to eligible employees, principals and partners of KPMG LLP (the "Firm" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In May of 2021, the KPMG board of directors approved certain changes to the Plan as part of an overall redesign of retirement programs for both partners and employees. Effective January 1, 2022, the Plan was renamed as the KPMG 401(k) Capital Accumulation Plan. The Firm's matching contribution was eliminated after the 2021 plan year. Beginning with the 2022 plan year, Firm contributions are nonelective contributions, generally based on age and years of service.

The assets of the Plan are held in the KPMG 401(k) Capital Accumulation Plan Trust (the "Trust"), of which Bank of America, N.A., is the trustee (collectively with its affiliated companies, referred to as the "Trustee").

(b) Eligibility and Contributions

An employee, principal or partner of the Firm shall generally become a participant in the Plan on the 60th day following the date such employee or partner is first credited with an hour of service, provided he/she qualifies as an employee or partner as of such 60th day.

Participants may contribute from 1% to 50% of their eligible compensation each pay period on a pretax and after-tax basis, using the traditional 401(k) and/or Roth 401(k) options as defined by the Plan Document. Contributions are generally subject to a maximum amount permitted by the Internal Revenue Code ("IRC"), which is $20,500 and $19,500 for the calendar years ended December 31, 2022 and 2021, respectively. If a participant is age 50 or older, they may make additional pretax or Roth after-tax salary reduction contributions of up to $6,500 for the calendar years ended December 31, 2022 and 2021. Additionally, a participant may make after-tax contributions to the thrift feature of the Plan.

All eligible employees hired or rehired on or after January 1, 2022 are automatically enrolled in the savings feature of the Plan with a pre-tax contribution election of 5% of eligible compensation with automatic increases of 1% each November 1 to a maximum 8% pre-tax contribution rate.

Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2022, eligible employees and partners who are at least 21 years old, have completed one year of service with the firm, and are employed with the Firm on the last business day of the calendar year will receive the Firm's CAP contribution. The CAP contribution for employees and partners is calculated once per year after the last day of the Plan year.

For 2021, the employer match contribution was 25% of the elective contributions made by the participant to the extent such contributions did not exceed 5% of such participant's eligible compensation, as defined by the Plan document. The matching contribution was calculated once a year after the last day of the Plan year for active participants on that date.

CAP contribution amounts are generally equal to a percentage of eligible compensation, as defined by the Plan, limited by the IRS maximum ($305,000 for 2022 and $290,000 for 2021). The CAP contribution percentage for employees ranges from 6% to 8%, based on their points in a Plan year, which is defined as age plus years of service with the firm as of January 1 of that Plan year. Employees who had at least 50 points on January 1, 2022, and who remain continuously employed since December 31, 2021, are also eligible for an additional contribution ranging from 0.5% to 4% of eligible compensation, based on their points as of such date.

CAP contribution amounts for eligible partners age 44 or less are based on their age as of the first day of the Plan year (January 1) and their CAP eligible compensation paid for the Plan year, limited by the IRS maximum ($305,000 for 2022). The CAP contribution percentage is 6% for partners less than age 40 and 9% for partners age 40 to 44. For partners age 45 or more, the CAP contribution is equal to the aggregate annual 415 limit for the Plan year ($61,000 for 2022) minus the maximum permitted pre-tax/Roth contribution for the Plan year ($20,500 for 2022). The maximum partner CAP contribution in 2022 was $40,500. For Plan years prior to 2022, participants were eligible for matching contributions.

(c) Participant Accounts

Individual accounts are maintained for each participant. The account of each participant is credited with: (a) pre-tax deferrals, after-tax Roth contributions, and after-tax thrift contributions and any rollover contributions of the participant, (b) allocation of any applicable Firm contributions, if eligible, (c) an allocation of investment earnings (losses) (which may be net of investment expenses), based on account balances, and (d) administrative expenses. The account balances are charged for loans and withdrawals of the participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions (including rollovers) plus actual earnings thereon. Vesting in the Firm's contribution portion of the participant's account balance, plus actual earnings thereon, is based on years of service. Years of service are determined based on a participant's date of hire.

(i) Vesting of the Firm's CAP Contribution

A participant becomes 100% vested in the CAP contribution after three years of vesting service as shown in the table below.

Years of service	Vested percentage
Less than 3	— %
3 or more years	100

(Continued)

(ii) Vesting of the Firm's Match Account

For matching contributions made for plan years beginning before January 1, 2022, a participant becomes vested in the Firm's matching contributions on the date they complete five years of vesting service under the graded vesting schedule as shown below:

Years of service	Vested percentage
2 but less than 3	20 %
3 but less than 4	40
4 but less than 5	60
5 or more	100

Additionally, both the matching contribution and the CAP contribution will be 100% vested upon a participant's Normal Retirement Date (age 62), your death or your Total and Permanent Disability, provided such event occurs while you are an active Partner or Employee.

(e) Forfeitures

Forfeitures represent the nonvested account balances of participants who have terminated their employment with the Firm and withdrawn their account balance. Forfeitures are used to reduce future Firm contributions and administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately $5,285,000 and $8,459,000, respectively. In 2022 and 2021, Firm contributions were reduced by approximately $8,459,000 and $5,578,000, respectively, from forfeited nonvested accounts.

(f) Notes Receivable from Participants

Active participants may borrow from their vested accounts, excluding the thrift feature, a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to twenty years for the purchase of a primary residence. The loans are secured by the balances in the accounts of the participants and bear interest at a rate commensurate with the interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. For the year ended December 31, 2022 and 2021, the interest rates on outstanding loans ranged from 3.25% to 8.25%. Principal and interest are paid ratably, generally through payroll deductions. A participant may only have two loans outstanding at any time.

(g) Payment of Benefits

Upon termination of service, a participant whose vested benefits are over $5,000 generally may elect to receive the vested portion of his/her account as a lump-sum distribution, or in monthly installments over a period not to exceed his/her life expectancy, or the joint life expectancy of himself/herself and his/her beneficiary. Beginning January 1, 2023, participants may elect partial lump-sum distributions of their account. Active participants, over the age of 59-1/2, may withdraw all available amounts in their accounts. Certain hardship withdrawals by active participants may be allowed, as determined by the Plan Committee, to the maximum amount available for hardship distribution in the account of the participant. In addition, any portion of defaulted participant loans, relating to terminated participants, is

included in benefit payments. Involuntary distributions of more than $1,000 but less than $5,000 may be rolled over into a designated IRA, absent an affirmative election by the participant to have the distribution paid in cash or as a direct rollover. The Plan will distribute the participant's benefit in a lump sum without the participant's consent if the value of the benefit is $1,000 or less. For participants who have died, the remaining portion of their vested account balance will be distributed to designated beneficiaries. For participants who die without a surviving spouse or designated beneficiary on or after January 1, 2022, death benefits are paid to the participant's estate. For participants who die without a surviving spouse or designated beneficiary prior to January 1, 2022, death benefits are paid in accordance with the Plan's hierarchy.

(h) Administration

The Trust generally pays the administrative expenses of the Plan. Expenses not paid by Trust are paid by the Firm.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("US GAAP") requires management of the Plan to make estimates and assumptions that affect the reported amounts in the Statements of Net Assets Available for Plan Benefits and disclosures at the date of the financial statements and the reported amounts of additions and deductions in the Statements of Changes in Net Assets Available for Plan Benefits. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net appreciation (depreciation) in the fair value of plan investments presented in the Statements of Changes in Net Assets Available for Plan Benefits consists of realized gains or losses and unrealized appreciation or depreciation on those investments.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reported as distributions based upon the terms of the Plan Document.

(e) Payment of Benefits

Benefits are recorded when paid.

(3) Fair Value Measurements

Fair value is defined by US GAAP as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The determination of fair value is based on the principal or most advantageous market in which the Plan could commence transactions and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance. Also, determination of fair value under US GAAP assumes that market participants will consider the highest and best use of the asset.

US GAAP establishes a fair value hierarchy whereby the inputs contained in valuation techniques used to measure fair value are categorized into three broad levels as follows:

- Level 1 – quoted prices in active markets that the reporting entity has the ability to access at the date of the fair value measurement;
- Level 2 – inputs other than quoted market prices described in Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following provides a summary of the recognized assets that are measured at fair value on a recurring basis and the valuation methodologies:

Money Market Funds, Mutual Funds and Collective Trusts: The fair value of mutual funds and collective trust funds is based on the net asset value ("NAV"), calculated daily and is based on the fair value of the underlying investments.

Included in collective trusts are custom funds that are wholly invested in other common collective trusts, however the custom funds include some cash and certain investment management expenses paid from the fund. The custom funds calculate a NAV consistent with other investment companies.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022 (in thousands)			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 527,988	—	—	$ 527,988
Mutual funds	3,328,454	—	—	3,328,454
Collective trusts	2,965,856	—	—	2,965,856
Total investments at fair value	$ 6,822,298	—	—	$ 6,822,298

	Assets at Fair Value as of December 31, 2021 (in thousands)			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 517,784	—	—	$ 517,784
Mutual funds	4,080,339	—	—	4,080,339
Collective trusts	3,354,652	—	—	3,354,652
Total investments at fair value	$ 7,952,775	—	—	$ 7,952,775

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by the Trustee. The Trustee also serves as recordkeeper for the Plan. Therefore, these transactions qualify as party in interest transactions.

Partners, principals, and employees of the Firm provide services to the Plan. Neither these individuals nor the Firm receives compensation from the Plan for these services. Expenses related to the use of premises, facilities, and equipment, for the years ended December 31, 2022 and 2021, were paid by the Firm.

The Trustee receives revenue (rebates) from certain investments of the Plan. The Trustee allocates such revenue amounts to plan participants. Rebates are included in Other income on the Statements of Changes in Net Assets Available for Plan Benefits.

(5) Income Tax Status

The Internal Revenue Service ("IRS") had determined and informed the Plan, by letter dated July 3, 2014, that the Plan and related trust were designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel continue to believe that the Plan, as amended, is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate fluctuations, market conditions, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statements of Changes in Net Assets Available for Plan Benefits.

(7) Plan Termination

Although it has not expressed any intent to do so, the Firm has the right to discontinue its contributions and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(8) Legal Action

In October 2021, a putative class action lawsuit was filed in the U.S. District Court for the District of New Jersey against KPMG, the KPMG Board of Directors and the Pension Strategy and Investment Committee. The Plan itself is not named as a defendant. The complaint alleges that the defendants breached their fiduciary duties with respect to recordkeeping and investment management fees, investment performance, and the share classes of certain investment options in the Plan. Defendants are vigorously defending the lawsuit and the case is ongoing.

(Continued)

(9) Reconciliation of Financial Statements to Form 5500

For financial statement purposes, the Plan does not record a liability for benefits payable to current and former participants of the Plan. The following reconciles the financial statements to Form 5500, as of and for the years ended December 31, 2022 and 2021.

	2022	2021
	(in thousands)	
Net assets available for plan benefits, as reported in financial statements	$ 7,224,534	$ 8,038,105
Less: due to current and former participants	(1,358)	(3,789)
Net assets available for plan benefits, as reported in Form 5500	$ 7,223,176	$ 8,034,316

The following is a reconciliation of benefits paid per the financial statements to the Form 5500:

	2022	2021
	(in thousands)	
Benefits paid to participants, as reported in the accompanying financial statements	$ 429,697	$ 579,051
Less: due to current and former participants, beginning	(3,789)	(4,928)
Add: due to current and former participants, end of year	1,358	3,789
Benefits paid to participants, as reported in Form 5500	$ 427,266	$ 577,912

(10) Nonexempt transactions

The Firm determined that certain contributions for the plan years ended December 31, 2020, 2021 and 2022 were not remitted in a timely manner. The Firm has paid lost earnings to the Plan.

(11) Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

The Plan was amended effective January 1, 2023, to require that participants who die, become disabled or retire after reaching age 60, must terminate employment on or after September 1 of a plan year in order to receive the CAP contribution. The January 1, 2023 amendment also added a partial distribution option, allowing participants to take a lump-sum distribution of a portion of their account, and other administrative changes. In addition, the Plan was amended effective January 1, 2022 to provide a minimum contribution to certain non-highly compensated employees to satisfy the nondiscrimination testing rules under Code Section 401(a).
