Independent Auditor's Report

Trustee
Phoenix Processor Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Phoenix Processor Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Phoenix Processor Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Phoenix Processor Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees of Phoenix Processor Limited Partnership (the Company) who have one year of service, with at least 1,000 hours, and are 21 years of age or older, except employees covered under a collective bargaining agreement. The Plan Trustee is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percentage of pretax annual compensation, up to the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified plans. The Company follows the safe harbor rules and, as such, the level of employer match may change each year. For the year ended December 31, 2022, the Company contributed 100% of the first 3% of salary deferred by participants, plus 50% of deferrals from 3% to 5%.

Investment options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers registered investment companies (mutual funds), pooled separate accounts, a common collective trust and guaranteed interest accounts under a group annuity contract. Participants may change their investment options daily.

Vesting: Participants are vested immediately in their contributions and the Company's matching contributions, plus actual earnings thereon.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested interest in his or her account, annual installments over a specified period of time, not to exceed the life expectancy of the beneficiary, or a qualified joint and survivor annuity. Lump-sum distributions will be made for all terminated participants with account balances of less than \$1,000. A terminated participant's account balance is automatically rolled into an individual retirement plan if the account balance is greater than \$1,000 but less than \$5,000, unless otherwise elected.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Phoenix Processor Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed interest accounts are not fully benefit-responsive and are reported at fair value. The Plan Committee determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amount paid. Profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Custodians

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the custodians of the Plan assets. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments at fair value:		
Registered investment companies	\$ 4,107,190	\$ 5,761,269
Pooled separate accounts	4,546,940	5,198,585
Common collective trust stable value fund	1,425,275	1,497,380
Guaranteed investment contract	-	12,362
	<u>\$ 10,079,405</u>	<u>\$ 12,469,596</u>

The custodians/trustees also certified to the completeness and accuracy of \$2,693,084 of net depreciation in fair value of investments and \$20,872 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2022.

Phoenix Processor Retirement Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimate fair value.

Common collective trust fund: Valued at the NAV of units of the common collective trust. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value.

Guaranteed interest accounts: Participant and Plan sponsor transactions that occur prior to maturity are realized at fair value, which represents adjusted contract value that takes into account the current rates of interest available in the marketplace for similar guaranteed interest contracts. The guaranteed interest accounts are classified as Level 3 within the fair value hierarchy. During the year ended December 31, 2022, there were no transfers between Level 2 and Level 3 investments, nor were there any purchases of Level 3 investments. During the plan year ended December 31, 2022, the guaranteed interest account matured.

Note 4. Fair Value Measurements (Continued)

The following sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 4,107,190	\$ -	\$ -	\$ 4,107,190
	<u>\$ 4,107,190</u>	<u>\$ -</u>	<u>\$ -</u>	<u>4,107,190</u>
Investments measured at NAV (a)				5,972,215
Total investments at fair value				<u>\$ 10,079,405</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,761,269	\$ -	\$ -	\$ 5,761,269
Guaranteed interest accounts	-	-	12,362	12,362
	<u>\$ 5,761,269</u>	<u>\$ -</u>	<u>\$ 12,362</u>	<u>5,773,631</u>
Investments measured at NAV (a)				6,695,965
Total investments at fair value				<u>\$ 12,469,596</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31.

Investment	Fair Value Estimated Using NAV Per Share				
	Fair Value at December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate accounts (a):					
Large equity	\$ 811,160	\$ 905,510	None	Daily	None
Small/mid equity	135,268	152,216	None	Daily	None
International equity	484,200	622,129	None	Daily	None
Balance/asset allocation	2,610,741	2,893,669	None	Daily	None
Fixed income	505,571	625,061	None	Daily	None
Total pooled separate accounts	<u>4,546,940</u>	<u>5,198,585</u>			
Common collective trust fund (b)	1,425,275	1,497,380	None	Daily	None
	<u>\$ 5,972,215</u>	<u>\$ 6,695,965</u>			

- (a) This category consists of pooled separate accounts comprising various mutual funds. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.
- (b) This category consists of a stable value fund whose objective is to provide a predictable rate of return while avoiding market value fluctuations. Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets.

Phoenix Processor Retirement Savings Plan

Notes to Financial Statements

Note 5. Investment Contract With Insurance Company

In 1997, the Plan entered into Investment Contract No. GA 4-27886 with Principal Life Insurance Company (Principal). Principal maintains Plan contributions in pooled separate accounts (underlying assets are mutual funds) or guaranteed interest accounts, as defined by the contract. The guaranteed interest accounts are contract obligations of Principal to pay a fixed rate of interest over a fixed period. The guarantee is backed by Principal's assets, and only bankruptcy would prevent Principal from meeting this obligation. Withdrawals are permitted, subject to a surrender charge; therefore, the contract is not considered to be fully benefit-responsive. The fair market value of the account is the value paid when funds are withdrawn prior to the maturity date. The balance the participant would receive if withdrawn at December 31, 2022, is the fair market value. The investment contract is reported at fair value. The guaranteed interest account matured during the plan year ended December 31, 2022.

Note 6. Related Party and Party-in-Interest Transactions

At December 31, 2022 and 2021, certain Plan investments include funds managed by the Plan's custodians; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory and management services are incorporated into the earnings of the respective funds.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all portions of their accounts.

Note 8. Tax Status

Effective August 10, 2022, the Plan adopted an updated volume submitter plan sponsored by Principal Trust Company. The volume submitter plan provider has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Phoenix Processor Retirement Savings Plan

Notes to Financial Statements

Note 10. Administration of Plan Assets

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Administrative expenses and investment fees are shared by the Plan and the Company.

The Company has retained the services of a third-party administrator to perform certain other administrative functions.
