INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

MARTIN MEMORIAL HEALTH SYSTEMS 401(K) RETIREMENT SAVINGS PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of the Martin Memorial Health Systems 401(k) Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,

forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and

Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 10, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented,

in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of Martin Memorial Health Systems 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General - The Plan is a defined contribution plan sponsored by Medical & Financial Management, Inc. (the "Company") for the benefit of its eligible employees and the eligible employees of its affiliates that have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 1, 2019, the Foundation became the sole member of Martin Memorial Health Systems, Inc. through a business combination transaction.

The Plan Administrator is the Company. The Board of Directors of the Company has authorized the Retirement Committee of the Foundation to act on behalf of the Company to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Eligibility - Employees are eligible to contribute to the Plan immediately upon hire provided they are not excluded by certain provisions in the Plan agreement. Employees are eligible to receive Plan Sponsor contributions after one year of service (defined in the Plan Document as working 1,000 hours during the Plan year), provided they are employed by the Company or its affiliates on the last day of the plan year, and are not excluded by certain provisions in the Plan Document. Additionally, employees of certain affiliated tax-exempt employers are entitled to matching contributions based on their elective contributions made under the Martin Memorial Health Systems 403(b) Retirement Savings Plan (the "403(b) Plan"). Such employees are not eligible to make pre-tax elective contributions or Roth contributions to the Plan.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions – Each year participants may contribute up to 75% of annual compensation as either a pre-tax or Roth deferral, as defined in the Plan Document, not to exceed the maximum allowed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, the Plan includes a provision whereby the participant deferral rate is automatically increased 1% each year at the beginning of the Plan year until the deferral equals 10% unless the participant provides an alternative election. The Company matches 100% of each participant’s annual contribution, of the 401(k) and 403(b) Plans, up to a maximum of 6% of their eligible compensation. Matching funds are contributed to the participant’s 401(k) Plan account. Participants must be employed by the Company or its affiliates on the last day of the Plan year, employment status of either full-time or part-time and worked at least 1000 hours in the Plan year to receive the matching contribution.

Participant investment account options - All contributions of the Plan have been deposited in accounts maintained by Fidelity Management Trust Company (“Fidelity”). Separate accounts are maintained for each participant. All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or guaranteed investment contracts held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions and an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s matching contributions is based on years of credited service. A participant is 100% vested after three years of credited service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All notes have a definite repayment period, not to exceed five years, unless used for the purchase of a primary residence in which case the repayment period can extend up to fifteen years. The loans are secured by the balance in the participant’s account and bear interest at rates which are commensurate with local prevailing rates at the time the notes are issued, as determined by the Plan Administrator. Principal and interest are paid directly to the Plan by participants.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan Document. If the participant's account balance is \$1,000 or less, payment will be made in an immediate lump sum without the participant's consent. If the account balance is greater than \$1,000 but less than \$5,000, payment will be made to an individual retirement account established by the trustee, or such other provider as the Foundation designates in accordance with Department of Labor ("DOL") guidelines, unless the participant requests a different disposition of his or her account balance within the applicable election period. In service withdrawals of vested balances may be elected by participants who have reached 59 1/2 years of age. The Plan also permits withdrawals of active participants' elective and rollover contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan Document.

Forfeited accounts - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$251,987 and \$302,033 respectively. These accounts will be used to reduce future employer contributions or pay plan expenses. For the years ended December 31, 2022 and 2021, employer contributions were reduced by \$350,000 and \$286,246, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Master Trust - The investments of the Plan, along with the investments of certain other defined contribution plans sponsored by the Foundation and its affiliates, are pooled for investment purposes into a master trust pursuant to an agreement between Fidelity, the trustee, and the Foundation – The Cleveland Clinic Foundation DC Plans Master Trust. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the statements of net assets available for benefits and the statements of changes in net assets available for benefits in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): Employee Benefit Master Trust Reporting*. ASU 2017-06 also requires that the Plan disclose the general types of investments held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. These disclosures are provided in Note 4. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefits.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Company may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net investment (loss) income – participation in Master Trust.

Valuation of investments held by the Master Trust - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 5 for discussion of fair value measurements.

Recognition of income by the Master Trust - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment (loss) income – participation in Master Trust include gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021.

Payment of benefits - Benefits are recorded when paid.

(3) Information prepared and certified by the trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable:

- Investments at fair value – interest in Master Trust
- Investments at contract value – interest in Master Trust
- Note receivables from participants
- Net investment (loss) income – participation in Master Trust
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

(3) Information prepared and certified by the trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Master Trust

The following is financial information with respect to the Master Trust:

While certain of the investments of the participating plans are deemed part of the Master Trust, each plan maintains a separate accounting of its share of the Master Trust's investments and its participation in the net appreciation or depreciation of the Master Trust's investments based on fair value measured using the methodologies described in Note 5.

(5) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments held by the Master Trust and measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,766,623,118	\$ -	\$ -	\$ 2,766,623,118
Self-directed brokerage accounts	<u>108,525,245</u>	<u>-</u>	<u>-</u>	<u>108,525,245</u>
Investments at fair value	<u>\$ 2,875,148,363</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,875,148,363</u>

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value at December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 3,008,133,452	\$ -	\$ -	\$ 3,008,133,452
Self-directed brokerage accounts	<u>120,727,471</u>	<u>-</u>	<u>-</u>	<u>120,727,471</u>
Investments at fair value	<u>\$ 3,128,860,923</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,128,860,923</u>

(6) Fully benefit-responsive investment contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) issued by Principal Life Insurance Company ("Principal"). The Principal contract is held in the Master Trust. Contributions to this contract are maintained in the general account of the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GIC. The crediting interest rate is based on a formula agreed upon with the issuers, but may not be less than 1.3%. Such interest rates are reviewed on an annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contract is evergreen and does not have a maturity date.

The GIC meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(6) **Fully benefit-responsive investment contract (continued)**

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit Principal to terminate the contract which would require the Plan to transact at amounts different than contract value.

(7) **Related party transactions and party-in-interest transactions**

Fees for legal, accounting, trustee, and other services are paid by the Foundation. Administrative fees charged by Fidelity, including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in interest transactions include the purchase and sale of investments through Fidelity, the trustee of the Plan. Such transactions are exempt from being prohibited transactions. Fidelity provides certain management services to the Plan pursuant to a plan service agreement. Fees incurred by the Plan for investment management services are included in net investment (loss) income - participation in master, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

A Revenue Credit Account is maintained at Fidelity and funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2022 and 2021, the Plan earned revenue credits of \$21,111 and \$-0-, respectively, which are reported in the financial statements as other income.

(8) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the benefits accrued to the date of termination.

(9) **Tax status**

The Plan adopted the Fidelity 401(k) Profit Sharing Volume Submitter Plan Document (Basic Plan Document #17 and Adoption Agreement #001).

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(9) Tax status (continued)

The Fidelity 401(k) Profit Sharing Volume Submitter Plan has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The adoption of the Plan terms was executed in accordance with the applicable section of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Reconciliation of Financial Statements to Schedule H of Form 5500

(12) Subsequent events

The Plan has evaluated events that have occurred subsequent to the year ended December 31, 2022, through October 11, 2023, which is the date the financial statements were available to be issued. Other than a plan amendment that was effective January 1, 2023, which removes the requirement that a participant must be employed on the last day of the Plan year to receive matching contributions and also changed the matching contribution period from yearly to each payroll period, no other significant matters were identified for disclosure during this evaluation.
