AUDIT MANAGEMENT LETTER

To the Plan Administrator and Trustee
Smarte Carte, Inc. 401(k) Plan
White Bear Lake, Minnesota

We have audited the financial statements of Smarte Carte, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and have issued our report thereon dated October 12, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Life & Annuity Insurance Company, Empower Trust, Reliance Trust Company and Great-West Life & Annuity Insurance Company (the asset custodians/trustees of the Plan), which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 15, 2023. Professional standards also require that we communicate to you the following information related to our audit.

REQUIRED COMMUNICATIONS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

REQUIRED COMMUNICATIONS

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no particularly sensitive estimates.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. We noted no particularly sensitive disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified during the audit. However, there were closing entry adjustments made to the certified report and management is in agreement with those adjustments.

Reportable Findings

For the purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to

REQUIRED COMMUNICATIONS

management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

- 2022-1 Delinquent Remittance of Participant Contributions
- 2022-2 Eligible Compensation Following Termination
- 2022-3 Improper Vesting Percentages Used
- 2022-4 Excess Contributions to Participant Accounts

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

REQUIRED COMMUNICATIONS

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTERNAL CONTROL

Report on Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the asset custodian that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

INTERNAL CONTROL

INTERNAL CONTROL FINDINGS

2022-1 Delinquent Remittance of Participant Contributions

During our testing of timely remittance of participant contributions, we noted 3 instances of individual participant contributions and 1 payroll in its entirety, that were not remitted to the Plan in a timely manner. Participant contributions become “plan assets” on the earliest date on which such contributions can be reasonably segregated from the Company assets. Proper application of this rule is required by the Department of Labor (DOL) and the DOL requires corrective steps to be taken in order for the Plan to be in compliance. During the audit it was noted that these contributions have not yet been remitted. Per DOL guidelines, this may be viewed as an untimely remittance due to the Plan’s normal remittance period of 3 days. We recommend that Plan management work with their third-party administrator to correct the late remittances with lost earnings.

2022-2 Eligible Compensation Following Termination

During our detailed participant testing, we noted 5 instances in which participants were terminated, and despite having eligible compensation on their final payroll, did not have their applicable contributions withheld. Per review of the Plan documents, compensation paid after termination is generally excluded for Plan purposes unless the following types of compensation were paid within 2 1/2 months or prior to Plan year end (whichever is later), and would have otherwise been considered compensation under the Plan's definition.

1. Compensation paid for services performed during regular working hours, overtime, shift differential, or similar payments that would have been made had the participant continued employment.
2. Compensation for unused sick, vacation, or other leave, if amounts would have been included in compensation if paid prior to term and were usable had employment continued.
3. Nonqualified unfunded deferred compensation if payment is includible in gross income and would have been paid had employment continued.

Auditor recommends that the Plan work with the third-party administrator to correct missed contributions and any lost earnings on terminated employees that did not have the proper contributions withheld in accordance with Plan documents. Auditor also recommends the Plan implement procedures to review post-termination compensation for eligibility to ensure deferrals are properly withheld going forward.

INTERNAL CONTROL

2022-3 Improper Vesting Percentages Used

During our testing of distributions during we noted several instances of improper vesting percentage being applied to participant distributions. This caused several participants selected for testing to receive a larger distribution than they were entitled to or forfeitures withheld at amounts higher than participants vested amounts. We recommend the Company review all distributions in the current year and the prior year to determine if proper amounts of forfeitures were applied to distributions and correct any errors as soon as reasonably possible. We also recommend the Company implement controls to review the vesting percentages applied to all distributions to ensure these transactions are made within the guidelines of the Plan.

2022-4 Excess Contributions to Participant Accounts

During our reconciliation of the census contributions to the third-party administrators reports, we noted 2 participants that had contributions erroneously withheld. Payroll checks for these participants were subsequently reversed, and contributions were returned to the employees, but the original contribution amounts were still remitted to the Plan and applied to participant accounts. Auditor recommends that the Plan work with the third-party administrator to remove these excess contributions from employee's accounts. Auditor also recommends the Plan implement processes to ensure that future excess contributions are either not remitted to the Plan or are removed in a timely manner.
