Independent Auditor's Report

Plan Administrator
FSST 401(k) Plan
Flandreau, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the financial statements of FSST 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of fiduciary net positions as of December 31, 2022 and 2021, and the related statement of changes in fiduciary net position for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Required Supplementary Information

Management has omitted management's discussion and analysis that the Governmental Accounting Standards Board (GASB) requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FSST 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1: Description of the Plan

General

The following description of FSST 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan, covering all full-time employees of the Flandreau Santee Sioux Tribe, Flandreau Santee Sioux Tribe Gaming Commission and Royal River Casino, an enterprise fund of the Flandreau Santee Sioux Tribe (Tribe), who have 90 days of service and are age 21 or older. Employees will be credited with a year of service for eligibility purposes if the employee works 1,000 or more hours during the year.

Effective April 1, 2018, the Plan was restated by adopting the Non-Standardized 401(k) Plan, a prototype plan, from Empower Trust Company (formerly the Great-West Trust Company), the trustee. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA").

The Plan is established by a Tribal Council Resolution and is administered by the Tribal Council Members. The Tribal Council Members are composed of eight members, including the President, Vice-President, Secretary, Treasurer and four Tribal Trustees.

Contributions

Each year, participants may contribute up to 15 percent of plan compensation, with a minimum contribution rate of 1 percent, as defined in the Plan. The Tribe matches an amount equal to the participants' elective deferrals that do not exceed 3 percent of the participants' compensation, plus 50 percent of the participants' elective deferral that exceeds 3 percent of the participant compensation but not to exceed 5 percent of the participants' plan compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan accepts rollover contributions from other qualified plans. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. Total employer contributions were $726,002 and $314,265 and total participants' contributions were $705,682 and $499,856 for plan years 2022 and 2021, respectively.

In addition, the Tribe may elect to make a discretionary profit-sharing contribution. No such profit-sharing contribution has been made by the Tribe since the Plan's inception.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his/her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Tribe's contribution and (b) plan earnings (losses). Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative expenses for the Plan are paid by the Tribe and are not allocated to participant accounts.

Vesting

Participants are vested immediately in their contributions and in the Tribe's matching and/or discretionary contributions, plus actual earnings (losses) thereon.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. The interest rate is 1 percent over the prime rate published in the *Wall Street Journal* on the first business day of the month the loan is originated. The loan policy was amended to allow two loans outstanding at a time for each participant beginning in 2019.

All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. The loans are secured by the balance in the participant's account. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. At December 31, 2022, notes receivable from participants have maturity dates through August 2027.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive their benefits distributed as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments paid out over time. A terminated employee with a balance of less than $1,000 will be paid out automatically by the Plan. The benefits will be paid as soon as administratively feasible, following the date which a distribution is requested. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or incurrence of hardship as defined in the Plan Document.

Plan Membership

At December 31, 2022 and 2021, the Plan's membership consists of the following:

	2022	2021
Retired or separated participants entitled to current/future benefits	125	84
Current employees - vested	448	397
Total	573	481

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in a collective trust is recorded at fair value based on financial data, which is generally at an amount equal to the net asset value per share or the Fund's proportionate interest in the net assets or net equity of the Portfolio Funds as determined by each Portfolio Fund's general partner or investment manager. The estimated value of such investments is subject to uncertainty and, therefore, may differ from the value that would have been used had a market for such investments existed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Tribe. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3: Investments

Investment securities are exposed to various risks that can affect the value of the Plan's investments, such as custodial credit risk, interest rate risk, credit risk, concentration of credit risk and foreign currency risk.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a failure by the counterparty the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Plan's policies do not specifically address custodial credit risk.

Foreign Currency Risk – Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment denominated in a foreign currency. The Plan does not hold any direct investments of instruments denominated in a foreign currency.

Interest Rate Risk – Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed-rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change-in-interest rates. The Plan's policies do not specifically address interest rate risk. As of December 31, 2022 and 2021, the Plan had investments in mutual funds and a collective trust whose underlying assets are subject to interest rate risk.

Credit Risk – Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. The Plan's policies do not specifically address credit risk. As of December 31, 2022 and 2021, the Plan had investments in mutual funds and a collective trust that do not report individual credit ratings. The mutual funds may have underlying holdings in securities subject to credit risk.

Concentration of Credit Risk – The Plan's policies do not specifically address concentration of credit risk. Investments representing 5 percent or more of total investments consisted of the following as of December 31:

Issuer and Investment	Type of Investment	2022	2021
AMERICAN FUNDS AMERICAN BALANCED R6	Mutual Fund	$ 358,115	$ 353,705
DFA GLOBAL EQUITY I	Mutual Fund	597,584	673,194

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable, for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of fiduciary net position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

		Fair Value Measurements		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2022				
Mutual funds (A)	$ 5,238,527	$ 5,238,527	$ -	$ -
Total assets in the fair value hierarchy	5,238,527	5,238,527	-	-
Investments measured at net asset value (B)	399,084	-	-	-
Investments at fair value	$ 5,637,611	$ 5,238,527	$ -	$ -

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2021				
Mutual funds (A)	$ 5,052,340	$ 5,052,340	$ -	$ -
Total assets in the fair value hierarchy	5,052,340	5,052,340	-	-
Investments measured at net asset value (B)	339,055	-	-	-
Investments at fair value	$ 5,391,395	$ 3,898,183	$ -	$ -

(A) Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price.

(B) This category of investments includes collective trust funds. The fund invests primarily in stable value products, including guaranteed investment contracts (GICs) and synthetic GICs issued by major insurance companies and money market instruments. Share prices/NAV reported are generally obtained directly from the fund house or other investment provider.

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of fiduciary net position.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of fiduciary net position, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

The investments measured at NAV did not have any unfunded commitments as of December 31, 2022 and 2021. Additionally, there were no known redemption notice periods and limitations on redemption frequency are daily.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no Level 2 or Level 3 securities.

Note 5: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC (formerly Great-West Trust Company LLC), a qualified institution, has certified the following investment information included in the accompanying statements and ERISA required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of fiduciary net position as of December 31, 2022 and 2021.

- Investment income and interest income on notes receivable from participants as shown in the statements of changes in fiduciary net position for the years ended December 31, 2022 and 2021.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA required supplemental schedule.

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan incurs expenses related to general administration, record keeping, certain accounting and auditing fees relating to the Plan which are paid by the Tribe as provided by the Plan Document. The Plan paid $47,850 and $39,881 of administrative fees to Empower during 2022 and 2021, respectively.

These transactions qualify as party-in-interest transactions.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of fiduciary net position.

Note 8: Tax Status

The Plan adopted a prototype non-standardized plan sponsored by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC). The Internal Revenue Service issued a determination letter dated March 31, 2014 for the prototype plan, which indicated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not obtained or requested determination letter. However, the Plan Administrator and the Plan's tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Tribe has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net increase (decrease) in plan net position per the financial statements at December 31, 2022 and 2021, to Schedule H of Form 5500:

	2022	2021
Net increase prior to transfer of net position from other qualified plan per financial statements	$ 269,527	$ 1,091,055
Plus: Participant contributions receivable at December 31, 2020	-	7,222
Plus: Employer contributions receivable at December 31, 2020	-	4,976
Total increase per Form 5500	$ 269,527	$ 1,103,253

Note 11: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Tribe remitted all employee contributions to the Plan, contributions including loan payments of $212,596 were not remitted within the required time period. This amount included $6,114 from 2017, $12,720 from 2018, $60,287 from 2019, $69,780 from 2020, $28,635 from 2021, and $35,060 from 2022. Lost earnings were not calculated and remitted for these late employee contributions.

Note 12: Subsequent Events

Effective January 1, 2023, the Plan was amended to include a Safe Harbor Nonelective Contribution of 6% of a participant's compensation for all employees.

Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued.
