FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

MARTIN MEMORIAL HEALTH SYSTEM 403(B) RETIREMENT SAVINGS PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of the Martin Memorial Health Systems 403(b) Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 10, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Martin Memorial Health System 403(b) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General - The Plan is a defined contribution plan sponsored by the Martin Memorial Health Systems, Inc. ("System") and certain of its affiliated entities (together the "System") that is designed under and intended to comply with the provisions of Internal Revenue Service ("IRS") code section 403(b). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On January 1, 2019, the Foundation, through a subsidiary, became the sole member of the System through a business combination transaction.

The Plan Administrator is the System. The Board of Directors of the System has authorized the Retirement Committee of the Foundation to act on behalf of the System to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

Eligibility – Employees are eligible to contribute to the Plan immediately upon hire provided they are not excluded by certain provisions in the Plan agreement. Employees are eligible to receive employer contributions after one year of service (defined in the Plan agreement as working 1,000 hours during the plan year), provided they are employed by the System on the last day of the Plan year and are not excluded by certain provisions in the Plan Document. Employer contributions made on behalf of eligible participants are remitted to such participants accounts within the Martin Memorial Health System 401(k) Retirement Savings Plan (the "401(k) Plan"), which is another plan sponsored by the System.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions - Participants may contribute up to 75% of annual compensation as either a pre-tax or Roth deferral, as defined in the Plan, not to exceed the Internal Revenue Code Section 402(g) limit. Eligible participants may also contribute "catch up" contributions to the Plan if they attained age 50 by the end of the calendar year. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, the Plan includes provision whereby the participant deferral rate is automatically increased 1% each year at the beginning of the Plan year until the deferral rate equals 10% unless the participant provides an alternative election. The System matches 100% of each participant's annual contribution, up to a maximum of 6% of their eligible compensation. Matching funds are contributed to the participants 401(k) Plan account. Participants must be employed by the System on the last day of the Plan year, employment status of either full-time or part-time and worked at least 1000 hours in the Plan year to receive the matching contribution.

Rollover contributions from other Plans are also accepted, provided certain specified conditions are met.

Participant investment account options - All current contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity"). Separate accounts are maintained for each participant. All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or a guaranteed investment contract held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's elective contributions, and an allocation of earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - All participants are 100% vested in elective deferrals and rollover contributions made to the Plan plus any earnings therein. Vesting in the Systems matching contributions made to the participant's 401(k) plan account is based on years of credited service. A participant is 100% vested after three years of credited service.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All notes have a definite repayment period, not to exceed five years, unless used for the purchase of primary residence in which case the repayment period can extend up to fifteen years. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid directly to the Plan by participants.

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance does not exceed $5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant as defined in the Plan Document. The Plan allows in-service distributions for participants age 59 ½ or older. The Plan also permits withdrawals of active participants' elective and rollover contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan Document.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the System and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participants accounts and are included in administrative expenses. The System may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information prepared and certified by the custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net (depreciation) appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 163,681,871	$ -	$ -	$ 163,681,871
Self-directed brokerage accounts	616,410			616,410
Investments at fair value	$ 164,298,281	$ -	$ -	$ 164,298,281

	Investments at Fair Value at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 190,738,830	$ -	$ -	$ 190,738,830
Self-directed brokerage accounts	612,044	-	-	612,044
Investments at fair value	$ 191,350,874	$ -	$ -	$ 191,350,874

(5) Fully benefit-responsive investment contracts

The Plan has fully benefit-responsive guaranteed investment contracts (GICs) with Prudential Life Insurance Company of America (“Prudential”) and Principal Life Insurance Company (“Principal”). The Prudential and the Principal contracts are held by Fidelity. Contributions are maintained in the general accounts of the contract issuers. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GICs. The crediting interest rates are based on formulas agreed upon with the issuers, but may not be less than 2.4 and 1.3%, respectively. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

(5) Fully benefit-responsive investment contracts (continued)

The GICs meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the custodian, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contracts. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuers to terminate the contracts which would require the Plan to transact at amounts different than contract value.

(6) Related party transactions and party-in-interest transactions

Fees for legal, accounting, custodian, and other services are paid by the System. Administrative fees charged by the custodian, including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity (the custodian). Such transactions are exempt from being prohibited transactions. The custodian provides certain management services to the Plan pursuant to a plan service agreement. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

(6) Related party transactions and party-in-interest transactions (continued)

A Revenue Credit Account is maintained at Fidelity and funded quarterly based on revenue sharing on covered investments, as defined, in excess of a quarterly participant fee. The Revenue Credit Account may be used to reimburse the System for fees and expenses or to pay such vendors directly for services provided to the Plan. Amounts not used to pay expenses of the Plan may be allocated to Plan participants. During 2022 and 2021, the Plan earned revenue credits of $4,031 and $0, respectively, which are reported in the financial statements as other income.

(7) Plan termination

Although it has not expressed any intent to do so, the System has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the benefits accrued to the date of termination.

(8) Tax status

The Plan adopted the Fidelity Workplace Services LLC 403(b) Volume Submitter Plan Document (Basic Plan Document #20 and Adoption Agreement #001).

The Fidelity Workplace Services LLC 403(b) Volume Submitter Plan has received a favorable opinion letter from the Internal Revenue Service (“IRS”) dated August 7, 2017 regarding the tax-qualified status of the Plan pursuant to Revenue Procedure 2013-22. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan’s tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

NOTES TO FINANCIAL STATEMENTS

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risk includes global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Reconciliation of Financial Statements to Schedule H of IRS Form 5500

The following is a reconciliation of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of the Forms 5500 at December 31:

	December 31,	
	2022	2021
Net assets for benefits reported in these financial statements	$ 174,734,035	$ 201,101,048
