REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Jim Beam Brands Company Union 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Jim Beam Brands Company Union 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

General

The Jim Beam Brands Company Union 401(k) Plan (the “Plan”) is designed to encourage and facilitate systematic retirement savings and investment by eligible union employees of Jim Beam Brands Co. and Cruzan Viril, Ltd., subsidiaries of Beam Suntory Inc. (collectively the “Company” or “Beam”). The following provides a brief description of the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, which is available from the Plan administrator.

The Plan is a tax-qualified defined contribution retirement plan intended to comply with Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”). The Plan is subject to various provisions of the Code and the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The assets of the Plan are held in the Jim Beam Brands Co Union 401(k) Plan Trust (the “Trust”). Fidelity Management Trust Company (“Fidelity” or the “Trustee”) serves as the trustee of the Trust.

The Plan covers non-salaried, union employees of the Company who are at least 18 years of age. In general, employees are eligible for benefits on the date of hire or transfer to the Company, except for certain collective bargaining employees for which the effective date is defined in the Plan document.

Contributions

Contributions are held by the Trustee and accumulated in individual participant accounts. Pursuant to the terms of the Plan, participants may make tax deferred contributions under Section 401(k) of the Code and catch up contributions that may not exceed 50% of “eligible compensation” (as defined under the Plan), subject to lower limits for “highly compensated employees” (as defined under the Code) who participate in the Plan. Participants’ annual tax deferred contributions are limited by the Code to \$20,500 and \$19,500 in 2022 and 2021. In addition, during the year in which a participant attains age 50 and in subsequent years, the participant may elect additional, pretax “catch up” contributions of up to \$6,500 in 2022 and 2021.

Participants that are eligible to make tax deferred contributions, may roll over balances from another eligible tax qualified retirement plan or individual retirement account into the Plan.

The Company provides a matching contribution and a non-elective employer contribution to participant accounts as defined by the Plan. The Company makes non-discretionary matching contributions to the accounts of eligible employees in an amount equal to 50% of deferral contributions not in excess of 14% of eligible compensation during each payroll period.

Participant Accounts

Participants may direct the investment of their accounts in the available investment funds under the Plan. If a participant does not make an investment election, it will be deemed that the age-appropriate Fidelity Freedom Fund (Target Date Fund) is selected.

Participant account balances are maintained to reflect each participant's beneficial interest in each of the investment funds available under the Plan. Participant account balances are increased by Company and participant contributions (including rollovers from other plans) and decreased by the amount of withdrawals and distributions as well as certain fees charged to participants' accounts. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's account balance invested in an investment fund to the total of all participants' account balances invested in that fund as of the preceding valuation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions and rollover contributions plus earnings on those contributions. Participants are vested in Company contributions and earnings as outlined below. If a participant becomes disabled or dies while employed by the Company, the participant becomes 100% vested in his or her total account balance.

Matching Contributions		Non-elective Employer Contribution	
Years of service	Vested percent	Years of service	Vested percent
Less than 1 year	0%	Less than 3 years	0%
1 year	100%	3 years	100%

Any amounts forfeited will be used to pay administrative expenses and then to reduce future employer contributions. As of December 31, 2022 and 2021, the forfeiture account balance totaled approximately \$8,400 and \$4,700, respectively. During 2022, approximately \$32,500 of forfeited non-vested accounts were used to pay plan expenses. No forfeitures were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. The term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal residence for which the term is ten years. A participant may only have one loan outstanding at any

given time. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions.

In response to the outbreak of novel coronavirus disease ("COVID-19"), the United States Congress passed the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") to provide expanded access to retirement plan accounts. The Plan adopted provisions under the CARES Act related to loans and deferred loan repayments for those participants who qualified under the CARES Act.

Payment of Benefits

Benefits are payable from a participant's account under the Plan's provisions upon a participant's death, retirement, permanent disability or termination of employment in a lump sum or in installment payments. The Plan also permits withdrawals by participants who have incurred a "hardship" as defined in the Plan or who have attained age 59½. Vested balances less than \$1,000 are distributed as a lump sum and do not require participant's consent. The Plan adopted provisions under the CARES Act related to distributions for those participants who qualified under the CARES Act.

Transfers

When an employee's coverage under a collective bargaining agreement changes, but the employee is continuing employment with the Company, a transfer occurs between the Plan and the Beam Suntory Retirement Savings Plan ("Savings Plan"), a separate plan sponsored by the Company for employees not covered under collective bargaining agreements. The change in coverage under a collective bargaining agreement also changes the employee's eligibility under the respective plan in which the employee is participating at the time of the change. The change in the participant's eligibility requires a transfer of the participant's account balance to the respective plan under which the participant is eligible after the change. During 2022, net transfers from the Plan to the Savings Plan totaled \$325,558.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Jim Beam Brands Company Union 401(k) Plan
PLAN NUMBER: 006, EIN: 13-2581196
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are reflected at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Income (Loss)

Security transactions are accounted for on the trade-date basis. Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Distributions and withdrawals are recorded when paid.

Administrative Expenses

Investment related expenses are included in net depreciation in fair value of investments recorded in the accompanying statement of changes in net assets available for benefits. All other expenses are paid by the Plan or the Company at the Company's discretion, except for individual participant transaction-based fees.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. In addition, the global pandemic triggered by the outbreak of novel coronavirus disease, COVID-19, persists as of the date of this report and continues to impact financial markets and global economies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan uses a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

Jim Beam Brands Company Union 401(k) Plan
PLAN NUMBER: 006, EIN: 13-2581196
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the quoted net asset value of the shares held by the Plan at year end, which is obtained from an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables present the Plan's investments by level within the fair value hierarchy as of December 31:

		2022		
		Level 1	Level 2	Level 3
		Total		
Mutual funds		\$ 40,011,997	\$	\$ 40,011,997
Total assets at fair value		\$ 40,011,997	\$	\$ 40,011,997
		2021		
		Level 1	Level 2	Level 3
		Total		
Mutual funds		\$ 45,765,223	\$	\$ 45,765,223
Total assets at fair value		\$ 45,765,223	\$	\$ 45,765,223

NOTE E - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated December 18, 2017, that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax years in progress.

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity or an affiliate thereof. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE I - SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events from December 31, 2022 through October 12, 2023, the date these financial statements were available to be issued. There were no subsequent events that require recognition or additional disclosure in these financial statements.
