INDEPENDENT AUDITORS' REPORT

To the Board of Directors
RBA 401(k) Plan
Leland, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of RBA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of RBA 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RBA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RBA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RBA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of RBA 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

RBA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of Plan

The following description of RBA 401(k) Plan (the "Plan") provides only general information for the Plan sponsored by The Roger Bacon Academy (the "Academy"). Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 2011 as a defined contribution plan. The Plan covers all employees of the Company who are not substitute teachers, bus drivers, bus monitors, daycare staff, maintenance assistants, and custodial assistants and are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants are automatically enrolled with a 6% pre-tax deferral election once an employee becomes an eligible employee. Participants may elect to contribute a different percentage of their pre-tax or after-tax annual compensation, not to exceed the maximum allowed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualifying retirement plans. The Academy may make a discretionary employer match. During 2022, the Academy made a discretionary employer matching contribution at a rate of 100% of the first 3% of employee elective contributions.

Participant Accounts

Employee contributions, employer contributions, and rollover contributions activity are maintained separately in each participant's account. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investments daily. Each participant's account is credited with the participant's contribution, the Academy's contribution, and an allocation of plan earnings and administrative expenses. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the salary reduction amount contributed to the Plan. Vesting in the Academy's discretionary matching contributions is based on the years of continuous service. Participants are fully vested after completing six years of credited service.

Forfeitures

At December 31, 2022, forfeited accounts totaled \$54. Forfeitures can be reallocated as additional employer contributions or used to pay plan expenses.

RBA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of Plan (Continued)

Payment of Benefits

Generally, a participant becomes eligible to receive benefits on their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. Participants will receive 100% of their account balance in a lump sum amount. Partial withdrawals or installments are only permitted for participants or beneficiaries who must receive required minimum distributions. Fully vested participants are eligible to take in-service withdrawals once they attain age 59½. If the vested balance is less than \$5,000, a lump sum distribution is made. Early retirement is permitted for participants who are 55 years old and have six years of vesting service. Effective October 5, 2021, this early retirement provision was removed.

Hardship Withdrawals

Upon approval by the plan administrator, a participant may withdraw all or part of their elective deferral contributions for immediate and severe financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all invested cash balances to be cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are comprised of mutual funds and interest bearing cash and cash equivalents. Investments in mutual funds and interest bearing cash and cash equivalents are valued at quoted market prices established in an active market which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in value of investments are allocated to the participant accounts based on participant holdings in each fund.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

2. Significant Accounting Policies (Continued)

Plan Expenses

Certain plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (distributions) are charged directly to the participant's account.

3. Federal Income Taxes

The Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan document. This document received an opinion letter dated June 30, 2020, in which the IRS stated that the document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As allowed by the IRS, the Plan is relying on the opinion letter issued on the plan document for its own qualification. The plan document has been amended for changes required by the IRS since receiving the opinion letter. The plan administrator believes the Plan is designed and currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

4. Plan Termination

Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information certified as complete and accurate by Charles Schwab Trust Bank ("Charles Schwab"), the trustee of the Plan, and was not subject to audit for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Mutual Funds	\$ 6,877,937	\$ 7,789,886
Interest Bearing Cash and Cash Equivalents	187,633	37,515
Interest and Dividends	\$ 155,924	
Net Change in Value of Investments	(1,543,625)	

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

6. Fair Value Measurements (Continued)

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 Inputs are based on significant other observable inputs such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 2 or 3 investments in the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds and interest bearing cash and cash equivalents is based on quoted net asset values of the shares held by the Plan at year end.

7. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-in-Interest Transactions

Plan investments are managed by Charles Schwab, the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab and other parties-in-interest for contract administration, advisory and professional services amounted to \$47,477 for the year ended December 31, 2022.

9. Subsequent Events

The Academy has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 4, 2023, which is the date the financial statements were available to be issued.
