Independent Auditors' Report

To the Participants and Plan Administrator of
Valley National Bank Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Valley National Bank Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 3, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

1. Plan Description

The following brief description of the Valley National Bank Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

(a) General

Valley National Bank (the Bank or the Plan Administrator) maintains the Plan, which is designed to promote savings for retirement. The Plan is a qualified defined contribution retirement plan under Internal Revenue Code (IRC) section 401(k) with an employee stock ownership feature. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is a participant directed, defined contribution plan and covers all eligible employees of the Bank and its subsidiaries. Full-time and part-time employees after two months of continuous employment are eligible to participate in the Plan and are automatically enrolled in the Plan. Prior to December 31, 2020, employees who have completed one year of service over a continuous 12-month period were eligible to receive an employer matching contribution. Effective January 1, 2021, the 12-month service period eligibility requirement for matching was eliminated.

(b) Contributions and Participant Accounts

Participants in the Plan may direct contributions to any of the available investment funds in 0.5% increments from 1% to 100% of eligible compensation, as defined, subject to the annual limit permissible under the IRC, which was \$20,500 for 2022 and \$19,500 for 2021. Participants age 50 and over are allowed to make an additional “catch-up” contribution each year subject to limits set by the Internal Revenue Service (IRS) up to \$6,500 in 2022 and 2021. Participants in the Plan may also designate all or a portion of their contributions to the qualified Roth contribution program, as defined by Section 402A (b)(1) of the IRC.

The Plan participants' contributions are automatically increased 1% each year up to 6% (subject to an opt-out provision) for participants who entered into qualified automatic contributions of 3%, as defined by the Plan. This automatic contribution escalation occurs on each anniversary date of the participant's enrollment in the Plan.

The Plan participants' contributions are matched by the Bank in an amount equal to 100% of the first 4% and 50% of the next 2% of each participant's salary deferred contribution. Catch-up contributions are not matched by the Bank.

Participant accounts are credited with the participants' voluntary contributions, an allocation of the Bank's matching contributions, and plan earnings or losses on such contributions. Allocations are based on the participants' eligible pre-tax earnings or account balances, as defined by the Plan, and payroll voluntary contribution elections. Participants' contributions and earnings and losses on participant contributions are fully vested at all times. The Bank's contributions and earnings or losses on Bank contributions made to a participant's account are vested 100% after two years of service.

(c) Investment Elections

Participants may direct their contributions into investment options offered by the Plan, which at December 31, 2022 consisted of 38 mutual funds and 2 common collective trust funds collectively managed by Fidelity Management Trust Company and with records kept by Fidelity Investments Institutional Operations Company, Inc., both affiliates of Fidelity (collectively referred as “Fidelity”). Effective January 10, 2020, the Valley common stock fund investment option was frozen. There are no new contributions or allocations from other funds allowed to Valley common stock fund. The activity is limited to withdrawals, dividend income, appreciation or depreciation in the common stock held and accumulated benefit distributions.

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

The Valley employer stock match fund wholly consists of Valley common shares resulting from an employee stock ownership plan assumed in a past bank acquisition. The Valley employer stock match fund is not a current investment option; therefore its activity is limited to withdrawals, interest and dividend income, and appreciation or depreciation in the common stock held.

In addition, certain former Bank Leumi Le-Israel Corporation (see note 6 for details) executives which became plan participants effective December 22, 2022 were allowed to carryover their investments in a self-directed brokerage account and elect to invest in stocks and bonds of their choice. Self-directed brokerage account is currently frozen prohibiting any new participants and contributions.

The investment election at enrollment applies to all participant and Bank contributions. A separate election is required for any participant rollover contributions, if applicable. If an investment election is not made at the time of enrollment, the contributions, including Bank matching contributions, are automatically invested in one of the Fidelity Freedom Funds based on the participant's current age and assumed normal retirement age, as defined by the Plan. Participants may change the voluntary contribution percentage or investment direction at any time.

(d) Notes Receivable from Participants

Plan participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of the vested portion of the participant's account balance. Loans used to purchase a primary residence of the participant are required to be repaid within fifteen years. Loans requested for any other reasons are required to be repaid within five years. The Plan also has participant loans resulting from various acquisitions by the Bank whereby participants in prior plans had loans transferred into the Plan with terms and conditions of prior plans. Repayments of participant loans are generally made through payroll deductions and are immediately allocated to the appropriate investment funds based on the participant's current investment elections. The loans may also be repaid in full at any time. The interest rates on participant loans ranged from 3.25% to 8.50% at December 31, 2022 and 4.25% to 8.50 % at December 31, 2021.

(e) Withdrawals

During employment, Plan participants are allowed to withdraw all or a portion of their vested account balance provided they attained the age of 59 ½ or they qualify for a financial hardship.

(f) Forfeitures

Forfeitures arise from the termination of employment of participants who are not fully vested in the employer's matching contribution. A participant's contributions plus actual earnings thereon are fully vested and non-forfeitable at all times. Forfeited amounts may be used to reduce future Bank matching contributions. Forfeitures that were used to reduce Bank contributions totaled \$214,766 and \$136,986 for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$109,822 and \$30,885, respectively.

(g) Payments of Benefits

The Plan provides for payment of benefits of vested amounts upon termination of employment, death, disability or retirement. Upon termination of service, if a participant's vested account balance does not exceed \$1,000, the vested value is distributed in the form of a lump-sum payment. If the vested account balance exceeds \$1,000, the participant may request a lump-sum payment, otherwise the distribution is deferred until the participant attains age 70 ½ as set forth in the Plan. Upon a participant's death, the entire vested account balance is distributed to the participant's beneficiary in the form of a lump-sum payment.

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

(h) Plan Termination

Although the Bank has not expressed any intent to terminate the Plan, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its Board of Directors subject to the provisions set forth in ERISA. In the event of a Plan termination, all participants of the Plan would become fully vested in their accounts to which all contributions, expenses, and investment gains and losses are allocated.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis, with the exception of the Valley common stock fund and Valley employer stock match fund, in which sales are recorded on settlement date. At December 31, 2022 and 2021, the effect on the financial statements related to recording sale transactions on a settlement date basis was immaterial. Net (depreciation) appreciation in the fair value of investments includes the Plan's realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year.

(d) Notes Receivable from Participants

Participant notes receivable are carried at amortized cost (i.e., unpaid principal balance plus any accrued, but unpaid interest).

(e) Administrative Expenses

Expenses of maintaining the Plan were paid directly by the Plan or by the Bank on the behalf of the Plan, except for fees paid directly by the Plan pursuant to the Plan agreement. These fees are reflected as administrative expenses in the Statements of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net (depreciation) appreciation in fair value of investments.

Effective July 1, 2021, the administrative fee was changed to a fixed annual fee of \$61 per participant with an account balance over \$5,000. The Bank covers the fee for active employees with a balance below \$5,000.

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

(f) Benefits Payments

Benefits are recorded when paid, except for Valley common stock fund and Valley employer stock match fund, which are recorded when the distribution request is submitted by the participant.

(g) Retirement Plan Provisions Under the Secure 2.0 Act of 2022

On December 29, 2022, the SECURE 2.0 Act of 2022 (Secure 2.0) was signed into law. Secure 2.0 includes required and optional changes that are applicable to both ERISA and non-ERISA retirement plans with effective dates varying across the provisions. Effective January 1, 2023, the required minimum distribution age was increased from 72 to 73.

(h) Subsequent Events

The Plan Administrator has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued and determined that there were no other significant events identified requiring recognition or disclosure.

3. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1	Unadjusted exchange quoted prices in active markets for identical assets or liabilities, or identical liabilities traded as assets that the reporting entity has the ability to access at the measurement date.
Level 2	Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly (i.e., quoted prices on similar assets), for substantially the full term of the asset or liability.
Level 3	Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 from December 31, 2021.

Mutual funds. Mutual funds are measured based on exchange quoted prices available in active markets (Level 1 inputs).

Common collective trust funds. The fair value of the common collective trust funds is measured at net asset value (NAV) reported by the sponsor of the fund. The Plan's investment in the common collective trust funds is calculated by applying the Plan's ownership interest to the total reported NAV of the MIP at the end of the reporting period. The Fidelity Managed Income Portfolio (the MIP) primarily consist of fixed income securities and asset-

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

backed securities, synthetic guaranteed investment contracts (wrap contracts) issued by insurance companies and other financial institutions. The fair values of fixed income securities and asset-backed securities are based on the values of the underlying debt securities, which are estimated using quoted prices on similar assets (Level 2 inputs). The wrap contracts are valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, the appropriate discount rate, and the duration of the underlying portfolio securities.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, Fidelity reserves the right to require a 12 month prior notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Loomis Sayles Core Plus Fixed Income Trust Class C primarily consists of domestic and foreign bonds and notes measured at fair value using quoted prices on similar assets (Level 2 inputs).

Self-directed brokerage account. Common stocks are measured using the exchange quoted price of the security in active markets (Level 1 inputs). Mutual funds and money market funds are measured based on exchange quoted prices available in active markets (Level 1 inputs). Investments in trusts, corporate bonds and preferred stocks are measured using quoted prices on similar assets (Level 2 inputs).

Valley common stock fund. Valley common stock fund is a unitized fund, which consists of Valley National Bancorp (Valley) common stock and cash. The common stock is measured using the exchange quoted price of Valley National Bancorp common stock in active markets and the cash is valued at cost, which approximates fair value (Level 1 inputs).

Valley employer stock match fund. Valley employer stock match fund is measured using the exchange quoted price of Valley common stock in active markets (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Federal Income Tax Status

The Plan has received a determination letter from the IRS dated March 24, 2014 stating that the Plan and underlying trust is qualified under Section 401(a) of the IRC, and therefore is exempt from federal taxes. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Bank believes that the Plan currently is designed and is operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods.

5. Related-Party Transactions

Plan's investments include shares of mutual funds managed by Fidelity, the trustee and the record keeper of the Plan and, therefore, related share transactions qualify as party-in-interest transactions. Expenses incurred by the funds, including investment management fees paid to the advisor of those funds, are paid through the funds themselves and are reflected in the net asset value of the funds and the net appreciation or depreciation in fair value of investments.

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

Certain costs of administrative services rendered on behalf of the Plan, that generally include accounting, tax, legal, audit and other administrative support, were provided by the Bank for which no fees were charged.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

During 2022 and 2021, the Plan had investments in common stock of the Valley National Bancorp. Valley National Bancorp paid cash dividends on its common stock equal to \$0.44 per share for both years ended December 31, 2022 and 2021.

6. Plan Mergers

On April 1, 2022, Valley completed its acquisition of Bank Leumi Le-Israel Corporation (Leumi). Effective December 31, 2022, the Sheltered Savings Plan of Bank Leumi USA (Leumi Plan) was merged into the Plan. The Leumi Plan transfer included liquidated assets and participant loans totaling \$110,521,663 and \$1,398,413, respectively. Each former Leumi employee who was a participant in the Leumi Plan became a participant in the Plan.

On December 1, 2021, Valley completed its acquisition of The Westchester Bank Holding Corporation (Westchester) and its principal subsidiary. Effective April 25, 2022, the Westchester Bank 401(k) Profit Sharing Plan (Westchester Plan) was merged into the Plan. The Westchester Plan included liquidated assets and loans \$6,161,648 and \$75,386, respectively. Each former Westchester employee who was a participant in the Westchester Plan became a participant in the Plan.

On October 8, 2021, Valley acquired certain subsidiaries of Arizona-based Dudley Ventures (Dudley), an advisory firm specializing in the investment and management of tax credits. Effective April 14, 2022, the Dudley Ventures, LLC 401(k) Plan (Dudley Plan) was merged into the Plan. The Dudley Plan assets included liquidated assets and loans totaling \$2,551,312 and \$40,632, respectively. Each former Dudley employee who was a participant in the Dudley Plan became a participant in the Plan.

The Dudley Plan, Westchester Plan, and Leumi Plan mergers were all considered plan terminations, therefore the participants become 100% vested in their accounts. The vesting period for the Bank's matching contributions includes the participant's years of service at Dudley, Westchester, and Leumi prior to their acquisitions by Valley on October 8, 2021, December 1, 2021, and April 1, 2022, respectively, under the definition of continuous service.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan's exposure to a concentration credit risk is limited by the participant-directed diversification of their contributions into various investment elections. Additionally, the underlying investments within each participant-directed fund are further diversified into various financial instruments, with the exception of investments in Valley National Bancorp common stock, which is held in the Valley common stock fund and Valley employer stock match fund. Plan Participants exclusively bear the risks of any potential losses that are incurred as a result of their participant-directed investment elections.

As of December 31, 2022 and 2021, the Plan had investments totaling \$121,823,959 and \$130,202,801, respectively, that were concentrated in two funds, respectively.

Independent Auditors' Report

To the Participants and Plan Administrator of
Valley National Bank Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Valley National Bank Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 3, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

1. Plan Description

The following brief description of the Valley National Bank Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

(a) General

Valley National Bank (the Bank or the Plan Administrator) maintains the Plan, which is designed to promote savings for retirement. The Plan is a qualified defined contribution retirement plan under Internal Revenue Code (IRC) section 401(k) with an employee stock ownership feature. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is a participant directed, defined contribution plan and covers all eligible employees of the Bank and its subsidiaries. Full-time and part-time employees after two months of continuous employment are eligible to participate in the Plan and are automatically enrolled in the Plan. Prior to December 31, 2020, employees who have completed one year of service over a continuous 12-month period were eligible to receive an employer matching contribution. Effective January 1, 2021, the 12-month service period eligibility requirement for matching was eliminated.

(b) Contributions and Participant Accounts

Participants in the Plan may direct contributions to any of the available investment funds in 0.5% increments from 1% to 100% of eligible compensation, as defined, subject to the annual limit permissible under the IRC, which was \$20,500 for 2022 and \$19,500 for 2021. Participants age 50 and over are allowed to make an additional “catch-up” contribution each year subject to limits set by the Internal Revenue Service (IRS) up to \$6,500 in 2022 and 2021. Participants in the Plan may also designate all or a portion of their contributions to the qualified Roth contribution program, as defined by Section 402A (b)(1) of the IRC.

The Plan participants' contributions are automatically increased 1% each year up to 6% (subject to an opt-out provision) for participants who entered into qualified automatic contributions of 3%, as defined by the Plan. This automatic contribution escalation occurs on each anniversary date of the participant's enrollment in the Plan.

The Plan participants' contributions are matched by the Bank in an amount equal to 100% of the first 4% and 50% of the next 2% of each participant's salary deferred contribution. Catch-up contributions are not matched by the Bank.

Participant accounts are credited with the participants' voluntary contributions, an allocation of the Bank's matching contributions, and plan earnings or losses on such contributions. Allocations are based on the participants' eligible pre-tax earnings or account balances, as defined by the Plan, and payroll voluntary contribution elections. Participants' contributions and earnings and losses on participant contributions are fully vested at all times. The Bank's contributions and earnings or losses on Bank contributions made to a participant's account are vested 100% after two years of service.

(c) Investment Elections

Participants may direct their contributions into investment options offered by the Plan, which at December 31, 2022 consisted of 38 mutual funds and 2 common collective trust funds collectively managed by Fidelity Management Trust Company and with records kept by Fidelity Investments Institutional Operations Company, Inc., both affiliates of Fidelity (collectively referred as “Fidelity”). Effective January 10, 2020, the Valley common stock fund investment option was frozen. There are no new contributions or allocations from other funds allowed to Valley common stock fund. The activity is limited to withdrawals, dividend income, appreciation or depreciation in the common stock held and accumulated benefit distributions.

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

The Valley employer stock match fund wholly consists of Valley common shares resulting from an employee stock ownership plan assumed in a past bank acquisition. The Valley employer stock match fund is not a current investment option; therefore its activity is limited to withdrawals, interest and dividend income, and appreciation or depreciation in the common stock held.

In addition, certain former Bank Leumi Le-Israel Corporation (see note 6 for details) executives which became plan participants effective December 22, 2022 were allowed to carryover their investments in a self-directed brokerage account and elect to invest in stocks and bonds of their choice. Self-directed brokerage account is currently frozen prohibiting any new participants and contributions.

The investment election at enrollment applies to all participant and Bank contributions. A separate election is required for any participant rollover contributions, if applicable. If an investment election is not made at the time of enrollment, the contributions, including Bank matching contributions, are automatically invested in one of the Fidelity Freedom Funds based on the participant's current age and assumed normal retirement age, as defined by the Plan. Participants may change the voluntary contribution percentage or investment direction at any time.

(d) Notes Receivable from Participants

Plan participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of the vested portion of the participant's account balance. Loans used to purchase a primary residence of the participant are required to be repaid within fifteen years. Loans requested for any other reasons are required to be repaid within five years. The Plan also has participant loans resulting from various acquisitions by the Bank whereby participants in prior plans had loans transferred into the Plan with terms and conditions of prior plans. Repayments of participant loans are generally made through payroll deductions and are immediately allocated to the appropriate investment funds based on the participant's current investment elections. The loans may also be repaid in full at any time. The interest rates on participant loans ranged from 3.25% to 8.50% at December 31, 2022 and 4.25% to 8.50 % at December 31, 2021.

(e) Withdrawals

During employment, Plan participants are allowed to withdraw all or a portion of their vested account balance provided they attained the age of 59 ½ or they qualify for a financial hardship.

(f) Forfeitures

Forfeitures arise from the termination of employment of participants who are not fully vested in the employer's matching contribution. A participant's contributions plus actual earnings thereon are fully vested and non-forfeitable at all times. Forfeited amounts may be used to reduce future Bank matching contributions. Forfeitures that were used to reduce Bank contributions totaled \$214,766 and \$136,986 for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$109,822 and \$30,885, respectively.

(g) Payments of Benefits

The Plan provides for payment of benefits of vested amounts upon termination of employment, death, disability or retirement. Upon termination of service, if a participant's vested account balance does not exceed \$1,000, the vested value is distributed in the form of a lump-sum payment. If the vested account balance exceeds \$1,000, the participant may request a lump-sum payment, otherwise the distribution is deferred until the participant attains age 70 ½ as set forth in the Plan. Upon a participant's death, the entire vested account balance is distributed to the participant's beneficiary in the form of a lump-sum payment.

SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

(h) Plan Termination

Although the Bank has not expressed any intent to terminate the Plan, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its Board of Directors subject to the provisions set forth in ERISA. In the event of a Plan termination, all participants of the Plan would become fully vested in their accounts to which all contributions, expenses, and investment gains and losses are allocated.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis, with the exception of the Valley common stock fund and Valley employer stock match fund, in which sales are recorded on settlement date. At December 31, 2022 and 2021, the effect on the financial statements related to recording sale transactions on a settlement date basis was immaterial. Net (depreciation) appreciation in the fair value of investments includes the Plan's realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year.

(d) Notes Receivable from Participants

Participant notes receivable are carried at amortized cost (i.e., unpaid principal balance plus any accrued, but unpaid interest).

(e) Administrative Expenses

Expenses of maintaining the Plan were paid directly by the Plan or by the Bank on the behalf of the Plan, except for fees paid directly by the Plan pursuant to the Plan agreement. These fees are reflected as administrative expenses in the Statements of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net (depreciation) appreciation in fair value of investments.

Effective July 1, 2021, the administrative fee was changed to a fixed annual fee of \$61 per participant with an account balance over \$5,000. The Bank covers the fee for active employees with a balance below \$5,000.

SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

(f) Benefits Payments

Benefits are recorded when paid, except for Valley common stock fund and Valley employer stock match fund, which are recorded when the distribution request is submitted by the participant.

(g) Retirement Plan Provisions Under the Secure 2.0 Act of 2022

On December 29, 2022, the SECURE 2.0 Act of 2022 (Secure 2.0) was signed into law. Secure 2.0 includes required and optional changes that are applicable to both ERISA and non-ERISA retirement plans with effective dates varying across the provisions. Effective January 1, 2023, the required minimum distribution age was increased from 72 to 73.

(h) Subsequent Events

The Plan Administrator has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued and determined that there were no other significant events identified requiring recognition or disclosure.

3. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1	Unadjusted exchange quoted prices in active markets for identical assets or liabilities, or identical liabilities traded as assets that the reporting entity has the ability to access at the measurement date.
Level 2	Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly (i.e., quoted prices on similar assets), for substantially the full term of the asset or liability.
Level 3	Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 from December 31, 2021.

Mutual funds. Mutual funds are measured based on exchange quoted prices available in active markets (Level 1 inputs).

Common collective trust funds. The fair value of the common collective trust funds is measured at net asset value (NAV) reported by the sponsor of the fund. The Plan's investment in the common collective trust funds is calculated by applying the Plan's ownership interest to the total reported NAV of the MIP at the end of the reporting period. The Fidelity Managed Income Portfolio (the MIP) primarily consist of fixed income securities and asset-

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

backed securities, synthetic guaranteed investment contracts (wrap contracts) issued by insurance companies and other financial institutions. The fair values of fixed income securities and asset-backed securities are based on the values of the underlying debt securities, which are estimated using quoted prices on similar assets (Level 2 inputs). The wrap contracts are valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, the appropriate discount rate, and the duration of the underlying portfolio securities.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, Fidelity reserves the right to require a 12 month prior notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Loomis Sayles Core Plus Fixed Income Trust Class C primarily consists of domestic and foreign bonds and notes measured at fair value using quoted prices on similar assets (Level 2 inputs).

Self-directed brokerage account. Common stocks are measured using the exchange quoted price of the security in active markets (Level 1 inputs). Mutual funds and money market funds are measured based on exchange quoted prices available in active markets (Level 1 inputs). Investments in trusts, corporate bonds and preferred stocks are measured using quoted prices on similar assets (Level 2 inputs).

Valley common stock fund. Valley common stock fund is a unitized fund, which consists of Valley National Bancorp (Valley) common stock and cash. The common stock is measured using the exchange quoted price of Valley National Bancorp common stock in active markets and the cash is valued at cost, which approximates fair value (Level 1 inputs).

Valley employer stock match fund. Valley employer stock match fund is measured using the exchange quoted price of Valley common stock in active markets (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Federal Income Tax Status

The Plan has received a determination letter from the IRS dated March 24, 2014 stating that the Plan and underlying trust is qualified under Section 401(a) of the IRC, and therefore is exempt from federal taxes. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Bank believes that the Plan currently is designed and is operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods.

5. Related-Party Transactions

Plan's investments include shares of mutual funds managed by Fidelity, the trustee and the record keeper of the Plan and, therefore, related share transactions qualify as party-in-interest transactions. Expenses incurred by the funds, including investment management fees paid to the advisor of those funds, are paid through the funds themselves and are reflected in the net asset value of the funds and the net appreciation or depreciation in fair value of investments.

**VALLEY NATIONAL BANK
SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements
December 31, 2022 and 2021**

Certain costs of administrative services rendered on behalf of the Plan, that generally include accounting, tax, legal, audit and other administrative support, were provided by the Bank for which no fees were charged.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

During 2022 and 2021, the Plan had investments in common stock of the Valley National Bancorp. Valley National Bancorp paid cash dividends on its common stock equal to \$0.44 per share for both years ended December 31, 2022 and 2021.

6. Plan Mergers

On April 1, 2022, Valley completed its acquisition of Bank Leumi Le-Israel Corporation (Leumi). Effective December 31, 2022, the Sheltered Savings Plan of Bank Leumi USA (Leumi Plan) was merged into the Plan. The Leumi Plan transfer included liquidated assets and participant loans totaling \$110,521,663 and \$1,398,413, respectively. Each former Leumi employee who was a participant in the Leumi Plan became a participant in the Plan.

On December 1, 2021, Valley completed its acquisition of The Westchester Bank Holding Corporation (Westchester) and its principal subsidiary. Effective April 25, 2022, the Westchester Bank 401(k) Profit Sharing Plan (Westchester Plan) was merged into the Plan. The Westchester Plan included liquidated assets and loans \$6,161,648 and \$75,386, respectively. Each former Westchester employee who was a participant in the Westchester Plan became a participant in the Plan.

On October 8, 2021, Valley acquired certain subsidiaries of Arizona-based Dudley Ventures (Dudley), an advisory firm specializing in the investment and management of tax credits. Effective April 14, 2022, the Dudley Ventures, LLC 401(k) Plan (Dudley Plan) was merged into the Plan. The Dudley Plan assets included liquidated assets and loans totaling \$2,551,312 and \$40,632, respectively. Each former Dudley employee who was a participant in the Dudley Plan became a participant in the Plan.

The Dudley Plan, Westchester Plan, and Leumi Plan mergers were all considered plan terminations, therefore the participants become 100% vested in their accounts. The vesting period for the Bank's matching contributions includes the participant's years of service at Dudley, Westchester, and Leumi prior to their acquisitions by Valley on October 8, 2021, December 1, 2021, and April 1, 2022, respectively, under the definition of continuous service.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan's exposure to a concentration credit risk is limited by the participant-directed diversification of their contributions into various investment elections. Additionally, the underlying investments within each participant-directed fund are further diversified into various financial instruments, with the exception of investments in Valley National Bancorp common stock, which is held in the Valley common stock fund and Valley employer stock match fund. Plan Participants exclusively bear the risks of any potential losses that are incurred as a result of their participant-directed investment elections.

As of December 31, 2022 and 2021, the Plan had investments totaling \$121,823,959 and \$130,202,801, respectively, that were concentrated in two funds, respectively.
