INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
NOTS Logistics LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of NOTS Logistics, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NOTS Logistics, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NOTS Logistics, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NOTS Logistics, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NOTS Logistics, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about NOTS Logistics, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTS LOGISTICS LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

NOTE A – DESCRIPTION OF PLAN

Effective January 1, 2016, NOTS Logistics, LLC formed NOTS Logistics LLC 401(k) Plan (the Plan) to provide a retirement savings plan to employees of NOTS Logistics, LLC and affiliated companies (the Company). Employee deferrals and Roth deferrals were effective October 1, 2016. The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering eligible employees of the Company who are eighteen years of age or older. Until December 1, 2017, Plan entry dates were immediately after eligible. Effective December 1, 2017, participants were eligible after three months of service with the plan entry date being the first of the month after three months of service have been completed. Until January 1, 2019, associates were eligible to participate in the Plan. Effective January 1, 2019, associates are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This Plan is not integrated with Social Security. The Plan is amended as necessary to conform to current rules and regulations under ERISA.

Secure 2.0 Act of 2022 (Act) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. The provisions that were effective for the year ended December 31, 2022 did not have a significant effect to the Plan.

Employee 401(k) Contributions. Each year, participants may elect to defer up to 80% of pre-tax eligible compensation, as defined in the Plan and subject to Internal Revenue Code (IRC) limitations to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make Roth contributions and contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Company 401(k) Matching Contributions. The Company's matching contribution is discretionary; however, in 2022, the Company contributed 20% of employee contributions for the first 5% of the employee contributions. The Company's matching contribution is invested using the same percentages selected for employee contributions.

Company Profit-Sharing Contributions. Additional discretionary amounts may be contributed at the option of the Company. For 2022, the Company made profit-sharing contributions totaling \$147,500. The Company's profit-sharing contribution is invested using the same percentages selected for employee contributions.

Participant-Directed Investments. Participants direct the investment of their accounts (including Company matching and profit-sharing contributions) into various investment options offered by the Plan. The Plan currently offers several registered investment companies/mutual funds from American Funds as investment options for participants. If the participant fails to provide such direction, all contributions are automatically invested in the American Funds Target Date Retirement Series.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contributions, and Company profit-sharing contributions, if any. The individual accounts are credited with a pro-rata share of investment income or loss (including unrealized appreciation or depreciation) experienced by the respective funds into which their account balances have been directed. Participant's accounts are charged with a prorated portion of any administrative fees. Fees related to redemption or investment advice are charged to the accounts of those participants incurring such transactions or seeking such services.

Vesting. Participants are immediately vested in their own employee contributions plus actual earnings thereon. Vesting in the portions of participant accounts for the Company's matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 25% vested after one year of credited service and vesting increases 25% per year of credited service until 100% vested after four years of credited service. Participants may also become fully vested upon attainment of retirement age or upon termination of employment due to disability or death.

Notes Receivable from Participants. Participants may borrow from their fund accounts. Loans are made in any amount greater than \$1,000, in amounts not exceeding 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Loan terms are a maximum of five years. Loan transactions are treated as transfers from the investment funds to the participant loan accounts. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator at the time the loan is approved. As of December 31, 2022 and 2021, the loans bear interest from 5.25% to 9.50%. Principal and interest are paid ratably through weekly payroll deductions.

Participant Hardship Withdrawals. Participants may withdraw from the Plan that portion of their account resulting from employee contributions and vested Company contributions in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's 100% vested balance.

Payment of Benefits. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account subject to limitations in the Plan. The Plan provides for normal retirement benefits to begin upon the age of 65, but no later than April 1 of the calendar year after the participant attains the age of 72. Upon death, disability, or attainment of normal retirement age, distributions shall occur as soon as administratively feasible following the date the participant requests a distribution. On termination of employment, participants with account balances less than \$5,000 will receive a lump-sum amount equal to the value of their vested account balance as soon as administratively feasible. Participants with account balances of \$5,000 or greater may elect to receive a lump-sum amount equal to the value of the participant's vested account balance.

Forfeited Accounts. Under the terms of the plan document, the portion of non-vested employer contributions in a participant's account, which was forfeited due to termination of employment for reasons other than retirement, disability, or death, is to be applied to offset administrative expenses of the Plan or will be used to reduce future employer contributions. During 2022 and 2021, forfeited accounts of \$35,210 and \$16,640, respectively, were used to pay administrative expenses. During 2022 and 2021, forfeited

accounts of \$0 and \$35,000, respectively, were used to reduce employer contributions. The balance of the forfeiture account at December 31, 2022 and 2021 was \$5,284 and \$11,956, respectively.

Administrative Expenses. Certain expenses incurred in the administration of the Plan are paid directly by the Company, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates. The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosures. Accordingly, actual results may differ materially from those estimates.

Notes Receivable from Participants. Loans to participants are reported at their unpaid principal balances. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant’s account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded at December 31, 2022 or 2021. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition. The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of the fair value of investments includes the Plan’s realized gains and losses and the unrealized appreciation or depreciation of these investments included in the statement of changes in net assets available for benefits.

Payment of Benefits. Benefits are recorded when paid. Amounts allocated to former participants who have terminated employment with the Plan sponsor but have not withdrawn their account balance as of December 31, 2022 and 2021 were \$539,890 and \$655,640, respectively.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are therefore excluded from these financial statements. Fees related to distribution of benefits and administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Certain investment expenses are included in net appreciation or depreciation in fair value of investments. Certain expenses of the Plan are paid with available forfeitures or by an allocation from participants’ accounts.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered Investment Companies/Mutual Funds. Registered investment companies/mutual funds are stated at net asset value as determined by the custodian at the end of the Plan year. The fair value of these investments is a quoted price in an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's participant-directed investments at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2022</u>				
Registered investment companies	\$ 3,795,656	\$ -0-	\$ -0-	\$ 3,795,656
<u>December 31, 2021</u>				
Registered investment companies	\$ 4,287,409	\$ -0-	\$ -0-	\$ 4,287,409

NOTE D – INVESTMENTS – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The financial statements and the supplemental schedule were prepared from information certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Value of interest in registered investment companies	\$3,795,656	\$4,287,409
Notes receivable from participants	\$283,696	\$223,664

During 2022, the Plan's investment activity was certified as complete and accurate including dividends of \$206,263, notes receivable from participants interest income of \$12,772, and net depreciation of \$(960,862) from registered investment companies.

NOTE E – PARTIES-IN-INTEREST

Custodians, brokers, and others who provide services to the Plan are considered fiduciaries under ERISA. Plan investments are managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payments of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company matching and profit-sharing contributions.

NOTE G – TAX STATUS

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code (IRC) that provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan document and the applicable federal laws in order to maintain its qualification. The Plan received a favorable determination letter dated March 31, 2014, based on a prototype Plan document used by the plan administrator, stating that the Plan is a qualified plan under the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax exempt. The Company is not aware of any action or event that has occurred that might affect the Plan's qualified status.

U. S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to the Plan year ended December 31, 2019. Generally, the applicable statutes of limitations are three to four years from their filings.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

The effect of subsequent events on the financial statements has been evaluated through the report date, which is the date the financial statements were available to be issued. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and has likely contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Effective October 1, 2023, the affiliates, Nashville Material & Supply, LLC and Truck Repair Service, LLC, adopted a resolution to terminate their participation in the Plan and the assets held by this Plan that are associated with the employees of the affiliates are to be transferred with all benefits, rights, and features into the respective company's 401(k) Plan.
