Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kraft Power Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kraft Power Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kraft Power Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kraft Power Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for up to one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Participants and Plan Administrator
Kraft Power Corporation 401(k) Profit Sharing Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kraft Power Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kraft Power Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year-end) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KRAFT POWER CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

General

The following description of the Kraft Power Corporation 401(k) Profit Sharing Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established on April 1, 1975 by Kraft Power Corporation (the Sponsor) to provide benefits to eligible employees. The Plan is administered by the Sponsor (the Plan administrator) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC). The trustee of the Plan is Empower Trust Company, LLC (formerly Great-West Trust Company, LLC).

Eligibility

All eligible employees having completed six months of service (subject to quarterly entrance dates) and attained the age of 20 1/2, as defined, are eligible for participation.

Contributions

A participant may contribute a percentage (up to 90%) of his/her compensation, pre-tax to a traditional 401(k) or post-tax to a Roth 401(k), as defined in the Plan. Such contributions are deducted from the participant's earnings. The Plan also permits catch-up contributions pursuant to federal regulations. The Sponsor is currently matching up to 5% of the first 5% of an eligible employee's compensation contributed to the Plan under a discretionary match formula. Certain Union employees are not eligible for matching contributions per the Plan document. Both Sponsor and participant contributions are subject to certain limitations as defined in the Plan documents and in accordance with applicable regulations.

Participants' Accounts

Contributions made by the participants and the Sponsor are sent to the trustee and are allocated to the respective participant's account. Each participant's account is credited with his/her pre-tax contributions, the employer matching contributions and investment earnings. The benefit which a participant is entitled to is the benefit provided by his/her account.

Vesting of Contributions

A participant's contributions and earnings thereon are fully vested at all times. Under normal vesting circumstances, the employer matching contributions and earnings thereon are 20% vested after two years of service, and an additional 20% vested each subsequent year until 100% vested after six years of vesting service, as defined in the Plan. Any participant becomes fully vested upon death, disability, attainment of normal retirement age or upon termination of the Plan.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Participants who terminate their employment prior to becoming fully vested in Sponsor contributions forfeit such nonvested contributions and earnings thereon. Forfeitures are retained, in a noninterest bearing cash account, in the Plan and are used to reduce future Sponsor contributions and pay expenses. Additionally, unused revenue credits are deposited into the forfeiture account to be used by the Plan. The forfeitures and revenue credits held as of December 31, 2022 and 2021 were \$30,142 and \$12,302, respectively. For the year ended December 31, 2022, forfeitures used to reduce employer matching contributions and fees amounted to \$1,790.

Rollovers

With the approval of the Sponsor, the Plan may receive amounts designated as rollover contributions from another qualified plan, provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Notes Receivable from Participants

Under certain conditions, as defined in the Plan documents, a participant may be granted up to two loans for a minimum of \$500 each and up to a maximum equal to the lesser of 1) one half of his/her vested account balance, or 2) \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period, per loan. The loans are secured by the balance in the participant's account, and bear interest at a rate determined when the loan was granted. During 2022 and 2021, the interest rate applied to new loans was the prime rate, plus 1%.

Payment of Benefits

Upon termination of service due to retirement or disability, a participant may elect to receive either a lump-sum distribution equal to the value of his/her account or to defer receipt of his/her account balance, provided a distribution is made or commences no later than the April 1st following the end of the calendar year in which the participant attains age 70 1/2.

In the event of death, a participant's entire account balance will be distributed to his/her beneficiary.

Withdrawals

Withdrawals during employment are only allowed upon certain hardships outlined in the Plan document, or once the participant has attained age 59 1/2.

Revenue Sharing

At times, the Plan holds assets in a Plan expense account which receives deposits as a result of a revenue sharing arrangement with Empower Trust Company, LLC (formerly Great-West Trust Company, LLC). During 2022, deposits to the account totaled \$36,452, which are included in other income on the statement of changes in net assets available for benefits. Funds in the account are used to pay qualified Plan expenses. During 2022, these revenue sharing credits were used to pay Plan expenses.

DECEMBER 31, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued interest.

Investment Valuation, Income Recognition, and Investment Transactions

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

For the years ended December 31, 2022 and 2021, the Sponsor absorbed certain Plan administrative expenses.

Benefit Payments

Benefit payments to participants are recorded when paid.

Subsequent Events

Subsequent events were evaluated through September 21, 2023, the date the financial statements were available to be issued, and it was determined that there were no events requiring adjustment to, or disclosure in, the financial statements.

NOTE 3 PLAN TERMINATION

The Sponsor has stated its intent to continue the Plan indefinitely; however, continuation of the Plan is voluntary on the part of the Sponsor, and the Sponsor reserves the right to modify or terminate the Plan at any time. In the event of a Plan termination, participants will become 100% vested in their accounts, net of any expenses necessary to terminate the Plan.

KRAFT POWER CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 TAX STATUS

The Plan is a Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) prototype plan and is designed to operate in compliance with the applicable requirements of the IRC. The Plan obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

NOTE 5 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds – Valued at the estimated fair value based on the value of the underlying assets. These investments are categorized in Level 1.

Common Collective Trust – The common collective trust (CCT) is valued at the net asset value (NAV) of shares of a bank collective trust held by the Plan at year-end. The NAV is typically based on the fair value of the underlying investments held by the fund. Because the CCT is valued at NAV as a practical expedient, the CCT is not leveled within the hierarchy; however, it is presented in the hierarchy table to allow for a reconciliation between investments at fair value and the fair value measurements note. Investments in the common collective trust provide for daily liquidity and have no redemption features or other restrictions.

Self-Directed Investments – Consists of corporate stock valued at quoted prices and cash. These investments are categorized in Level 1.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between levels of investments during the years ended December 31, 2022 and 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 6 CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC), the trustee, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

All investments are managed by an affiliate of the trustee; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2022, the Plan made direct payments to the affiliate in the amount of \$26,140. In addition, notes receivable from participants are party-in-interest transactions.
