## **INDEPENDENT AUDITOR'S REPORT**

To the Benefits Administrative Committee of  
Memorial Health System d/b/a Memorial Health

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Decatur Memorial Hospital Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 28, 2022 (in liquidation) and December 31, 2021 (in liquidation), and the related statements of changes in net assets available for benefits for the period ended December 28, 2022 (in liquidation) and year ended December 31, 2021 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 28, 2022 and December 31, 2021 and for the period ended December 28, 2022 and year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Emphasis of Matter**

As discussed in Note 3 to the financial statements, the Plan was amended to terminate effective November 30, 2021. Liquidation became imminent as a result of the termination. As a result, the Plan's 2022 and 2021 financial statements are prepared using the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of reportable transactions for the period ended December 28, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**1. DESCRIPTION OF PLAN**

The following description of Decatur Memorial Hospital Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit, noncontributory pension plan that covered substantially all full-time employees of Decatur Memorial Hospital (the Hospital). The Plan excluded leased employees and part-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective November 30, 2021, the Plan was amended to terminate the Plan. See Note 3.

The following provisions were in effect prior to the termination of the Plan.

Eligibility

Effective December 31, 1995, the Plan was frozen, and no future employees were eligible to participate in the Plan and no future benefits accrued to current Plan participants. Prior to the Plan freeze, employees became participants after completing at least 1,000 hours of service within a consecutive 12-month period and attaining age 21.

Pension Benefits

Eligible participants were entitled to normal annual pension benefits beginning at the participant's normal retirement age of 65, as described in the plan document. The individual pension benefit was equal to credited service times a monthly basic benefit on the participant's compensation. Special provisions for retirement at other than the normal retirement age are described in the plan document. Participants could also elect early retirement and receive the accrued normal benefit at the participant's normal retirement date or a reduced monthly retirement benefit payable immediately in accordance with the plan document. If an active participant died before their annuity starting date, the participant's surviving spouse would receive a surviving spouse benefit equal to fifty percent of the participant's accumulated pension benefit.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Hospital and are excluded from these financial statements. The Plan paid certain investment advisory, actuarial and plan administration fees from plan assets. Certain investment-related expenses are included in net depreciation in fair value of investments.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

Associated with the Plan's amendment to terminate the Plan, as discussed in Note 3, the Plan's financial statements have been prepared on the liquidation basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Under the liquidation basis of accounting, assets are measured to reflect the amount of expected consideration from liquidation and liabilities are measured in accordance with U.S. GAAP that otherwise applies to such liabilities.

Use of Estimates

The preparation of financial statements is in conformity with U.S. GAAP and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Investment Committee determined the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Funding Policy

The Hospital's funding policy is to make necessary contributions to the Plan to fund the benefits to be paid. No employee contributions are permitted. The Plan has met ERISA minimum funding requirements.

As noted above and in Note 3, the Plan was formally terminated effective November 30, 2021. As part of the termination, the Hospital promised to pay to the Plan, on or before the date prescribed for distribution of Plan assets, the amount necessary, if any, to ensure that the Plan is able to provide all plan benefits. For the period ended December 28, 2022, the Hospital made a contribution of \$2,150,000 to fund the distribution of plan benefits.

**3. PLAN TERMINATION**

Pursuant to the Plan's amendment to terminate, the Plan has implemented a plan for the liquidation of Plan assets. The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- (b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (d) All nonvested benefits

The actuarial present value of accumulated plan benefits was adjusted to the participants' total benefit liabilities due to the Plan's termination, which converted the actuarial present value of accumulated plan benefits to the liquidation basis. This was calculated by Milliman, a consultant, to complete Form 6088 filed with the Plan's application to terminate on December 1, 2021.

The Plan's amendment to terminate designated a special lump sum window which governed the method of liquidating plan assets. The timing and duration of the special lump sum window was established by the Hospital and ran from June 10, 2022 through August 5, 2022. Any participant whose benefit had not commenced as of the special lump sum window and whose benefit did not exceed \$5,000 received their benefit as a lump sum payment. All other participants were eligible to elect to receive their accrued benefit under the Plan in the form of a lump sum. Payments to participants during the special lump sum window were \$5,615,496.

On September 14, 2022, the Plan purchased a group annuity contract that transferred the benefit obligations of 168 participants and beneficiaries (Transferred Participants). Transferred participants included those receiving monthly annuity payments prior to the special lump sum window and those who did not elect to receive a lump sum payment. As part of the purchase of the group annuity contract, Plan benefit obligations and related annuity administration services for Transferred Participants were irrevocably assumed and guaranteed by the insurance company effective as of December 1, 2022. The Plan paid \$5,123,555 to the insurance company in connection with this contract. There will be no change to pension benefits for Transferred Participants.

**3. PLAN TERMINATION (Continued)**

Approximately 10 participants and beneficiaries were identified as missing and thus their benefit obligation and related administration services were transferred to the PBGC. As a result, the Plan transferred \$64,480 to the PBGC during the period ended December 28, 2022, which represented the estimated obligation for those participants. There will be no change to the pension benefits for this group of employees. The payment to the PBGC for missing participants is included in administrative expenses on the statement of changes in net assets available for benefits.

In December 2022, the final administrative tasks, including reconciling all participants, were completed and remaining Plan assets of \$36,294 were liquidated and reverted to the Hospital.

**4. CERTIFICATION OF FINANCIAL INFORMATION**

The following financial data included in the financial statements and supplemental schedule as of December 28, 2022 and December 31, 2021 and for the period ended December 28, 2022 and year ended December 31, 2021 has been certified as complete and accurate by PNC Bank, National Association, a qualified institution, and has not been audited by the independent auditors for the Plan; investments at fair value, accrued income, interest and dividends, and net depreciation in fair value of investments.

**5. TAX STATUS**

Prior to the Plan's termination, the Internal Revenue Service (IRS) had determined and informed the Hospital by letter dated November 9, 2015, that the Plan was designed in accordance with applicable sections of the IRC. The Plan had been amended since receiving the determination letter. However, the plan administrator believed that the Plan was designed and was being operated in compliance with the applicable provisions of the IRC.

The Hospital filed with the IRS for a determination letter on the termination of the Plan. The IRS has determined and informed Plan management by letter dated April 6, 2022, that the termination of the Plan does not affect its qualifications for federal tax purposes. Accordingly, no provisions for income taxes has been included in the financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**6. RISKS AND UNCERTAINTIES (Continued)**

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

**7. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  - a. Quoted prices for similar assets or liabilities in active markets,
  - b. Quoted prices for identical or similar assets or liabilities in inactive markets,
  - c. Inputs other than quoted prices that are observable for the asset or liability,
  - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**7. FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2021. There were no investments as of December 28, 2022.

*Money market funds:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Corporate obligations:* The fair value of corporate obligations are generally determined using observable market inputs that include quoted prices for identical or similar assets in markets that are not active, benchmark yields, reported trades, bids, offers and credit spreads. Accordingly, the fair value of corporate obligations are classified within Level 2.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. There were no investments as of December 28, 2022.

Description	Assets at Fair Value as of December 31, 2021			Total
	Level 1	Level 2	Level 3	
Money market funds	\$ 3,775,991	\$ -	\$ -	\$ 3,775,991
Corporate obligations	-	7,133,880	-	7,133,880
<b>TOTAL</b>	<b>\$ 3,775,991</b>	<b>\$ 7,133,880</b>	<b>\$ -</b>	<b>\$ 10,909,871</b>

**8. PARTY-IN-INTEREST TRANSACTIONS**

Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the Hospital. These transactions qualified as party-in-interest. Employees of the Hospital provided administrative services to the Plan for which no fees were charged.
