INDEPENDENT AUDITORS' REPORT

To The Plan Administrator
Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Enterprise Welding and Fabricating, Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan, covering all employees of Enterprise Welding and Fabricating, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Principal Life Insurance Company, Principal Global Investors Trust Company, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively referred to as "Principal") are the custodians of the Plan. The Company is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act provisions is required to occur on or before December 31, 2025.

The Plan was restated effective February 17, 2022, to comply with all applicable recently adopted laws and regulations.

ELIGIBILITY

Under the terms of the Plan, all employees who have completed 3 months of service and are at least 18 years of age are eligible to participate in the Plan. Plan entry dates are the first day of the month following the date eligibility requirements are met.

CONTRIBUTIONS

Participants may elect to contribute from 1% to 100% of their compensation to the Plan through payroll reduction contributions on a pre-tax basis, as defined by the Plan, up to \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively (plus catch-up contributions of \$6,500 for participants who are age 50 and older for the years ended December 31, 2022 and 2021). Rollover contributions are permitted as described in the Plan document. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to Internal Revenue Code (IRC) limitations.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

During the years ended December 31, 2022 and 2021, the Company made discretionary matching contributions to participants' accounts equal to 25% of the first 4% of elective deferrals. The Company may also make a qualified non-elective contribution (QNEC). Discretionary matching contributions made by the Company totaled \$54,926 and \$40,152 for the years ended December 31, 2022 and 2021, respectively. The Company did not make any QNEC to the Plan during the years ended December 31, 2022 and 2021.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and allocations of QNEC, and any earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. QNEC are allocated proportionately on behalf of each participant who is included in the group of the lowest paid, non-highly compensated participants for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITURES

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. The forfeitures may be used to offset Company contributions or administrative expenses. Forfeited, non-vested accounts totaled \$0 at December 31, 2022 and 2021. During the years ended December 31, 2022 and 2021, the Company's contributions were reduced by \$542 and \$2,688, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, QNEC and earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year but less than 2	20%
2 years but less than 3	40%
3 years but less than 4	60%
4 years but less than 5	80%
5 years or more	100%

Participants who are still employed by the Company become 100% vested upon attainment of early retirement age, normal retirement age, or termination due to death or disability.

PAYMENT OF BENEFITS

Upon attaining age 65, participants may elect to withdraw funds from the Plan. The value of their account will automatically become fully vested and may be paid out in either a lump-sum amount or installments over a specific period. Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive a lump-sum amount or installments over a specific period equal to the value of their vested account. A participant may receive an in-service distribution if he or she experiences undue financial hardship or upon attainment of age 59 ½. Hardship distributions are limited to actual participant contributions, discretionary matching contributions, and qualified non-elective contributions. The Plan, in line with the Internal Revenue Service (IRS) rules, also requires the participants to receive required minimum distributions upon attainment of age 72.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan does not allow for participant loans.

BASIS OF ACCOUNTING

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain administrative expenses are paid by the Plan and charged to participant accounts. Expenses paid by the Company are excluded from these financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the custodians and the Plan's investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains (losses) on investments purchased and sold, as well as held, during the year.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 2, 2023, the date these financial statements were available to be issued. Other than the matter noted below, there were no events identified that required recognition or disclosure in the financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

ENTERPRISE WELDING AND FABRICATING, INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIANS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or are corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value, as well as information regarding unfunded commitments, redemption frequency and redemption notice period. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts – Valued at the net asset value (NAV) of the units held by the Plan at year-end. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

Registered Investment Companies – Investments in registered investment companies (mutual funds) are stated at the respective fund's net asset value (NAV), which is determined based on quoted market prices on the last business day of the Plan year. The NAV is a quoted price on an active market.

Common Collective Trust – Valued at fair value of the underlying investments, which represents the NAV of the investments. NAV is used as an estimate of fair value; the Plan has the ability to redeem its investment at NAV as of the measurement date as collective investment trusts can be redeemed on a daily basis. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

The Plan has applied the practical expedient in ASC 820 for assets valued using NAV and therefore the pooled separate accounts and the common collective trust are excluded from the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Total</u>
Registered Investment Companies	<u>\$20,669</u>	<u>\$20,669</u>

ENTERPRISE WELDING AND FABRICATING, INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 5 - TAX STATUS

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement, which received an opinion letter on June 30, 2020, in which the IRS stated that the prototype non-standardized profit sharing plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since the date of the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. As of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year pending or in progress.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their Company contributions.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are shares of pooled separate accounts and a common collective trust managed by Principal Life Insurance Company, Principal Global Investors Trust Company, and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, which are the the Plan's custodians and, therefore, these transactions are considered party-in-interest transactions.

FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
