INDEPENDENT AUDITOR'S REPORT

TO THE PARTICIPANTS AND PLAN ADMINISTRATOR
403(B) THRIFT PLAN OF COMMUNITY DRUG BOARD, INC.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan of Community Drug Board, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(B) Thrift Plan of Community Drug Board, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(B) Thrift Plan of Community Drug Board, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(B) Thrift Plan of Community Drug Board, Inc.'s ability to continue as a going concern for the year ended December 31, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(B) Thrift Plan of Community Drug Board, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(B) Thrift Plan of Community Drug Board, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 Sch. H Schedule of Assets for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021 AND THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF PLAN

The following description of 403(B) Thrift Plan of Community Drug Board, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Community Drug Board, Community Drug Board Foundation, Community Health Center Foundation, and Ohio Multi-County Development Corporation (the "Sponsor"). Employees are eligible to participate in the Plan on their hire dates. In order to be eligible for employer contributions, participants must have reached the age of 21 and completed one year of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participant Accounts – Each participant's account is credited with his or her elective deferrals, the Sponsor's discretionary matching contributions, and an allocation of the Sponsor's discretionary non-elective contributions, if any, and Plan earnings, and is charged with an allocation of administrative expenses. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions – Participants may make pre-tax contributions in any percentage of their compensation as defined by the Plan up to the maximum amount set by the law. Employees who become eligible to participate but do not enroll or opt out of the Plan are automatically enrolled to defer 3% of compensation as defined by the Plan on a pre-tax basis. The Plan allows for catch-up contributions for participants who attain the age of 50 before year end. The Sponsor may make discretionary matching and non-elective contributions. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code).

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Notes receivable terms range from 1 – 5 years, or longer for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at 4% at December 31, 2022. Principal and interest are paid ratably through bi-weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participants' accounts. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan in a lump-sum or installments upon the occurrence of any of the following events:

Retirement -- A participant, upon retirement from employment with the Sponsor at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Disability -- In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death -- Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

In-Service Withdrawals -- Upon attaining the age of 59½, a participant may take in-service withdrawals.

Termination of Employment -- Upon termination of employment with the Sponsor for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account. If the value of vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to the participant without the participant's consent in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Hardship -- A participant shall be entitled to a hardship withdrawal of the participant's share of salary deferrals and rollover contributions after maximum participant loans have been withdrawn. The participant will not be allowed to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Vesting -- Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participants' shares of the Sponsor's matching and non-elective contributions is based upon years of continuous service according to a six-year graduated scale. Participants will be 20% vested after two years of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service or in the event of death, disability, or retirement.

Forfeitures -- The Sponsor has the option to use forfeited employer contributions to reduce future employer contributions, pay Plan expenses, or allocate to participants in the same manner as employer non-elective contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$-0-.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting -- The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition -- The Plan's investments are stated at fair value (except for fully-benefit responsive investment contracts, which are valued at contract value) (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. The change in the difference between fair value and the cost of investments and gain or loss on the sale of investments is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments. Interest income is recorded on the accrual basis.

Notes Receivable from Participants -- Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2022 or 2021. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the balance on the note receivable is reclassified to benefits paid to participants in accordance with Plan provisions.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

Mutual of America Life Insurance Company, a current trustee of the Plan, held Plan investment assets and executed transactions therein as of December 31, 2022 and for the period January 1, 2022 to December 31, 2022. Lincoln National Life Insurance Company, a custodian of the plan, held Plan investment assets and executed transactions therein as of December 31, 2022 and 2021 and for the year ending December 31, 2022. The following is a summary of the Plan's financial information certified by the trustees as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan assets certified by the trustees at December 31, 2022 and 2021 includes the following:

	December 31,	
	2022	2021
Investments, at fair value:		
Mutual funds	\$ 3,326,513	\$ 4,729,230
Fully benefit-responsive investment contracts	1,138,219	322,781
Notes receivable from participants	26,106	25,766

Plan income certified by the trustee for the year ended December 31, 2022 includes the following:

Investment loss	\$ (757,007)
-----------------	--------------

4. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term) the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the net asset value of shares held by the plan at year-end, as measured on the active markets in which the investments are traded.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Total
<u>December 31, 2022</u>		
Mutual funds	<u>\$ 3,326,513</u>	<u>\$ 3,326,513</u>
Total investments in the fair value hierarchy	<u>\$ 3,326,513</u>	3,326,513
Investments measured at net asset value		-
Total investments at fair value		<u>\$ 3,326,513</u>

	Level 1	Total
<u>December 31, 2021</u>		
Mutual funds	<u>\$ 4,729,230</u>	<u>\$ 4,729,230</u>
Total investments in the fair value hierarchy	<u>\$ 4,729,230</u>	4,729,230
Investments measured at net asset value		-
Total investments at fair value		<u>\$ 4,729,230</u>

5. INVESTMENT CONTRACTS

The Plan has traditional fully benefit-responsive investment contracts with Mutual of America Life Insurance Company and The Lincoln National Life Insurance Company (the Custodians) totaling \$1,138,219 and \$322,781 at December 31, 2022 and 2021, respectively. The Custodians maintain the contributions in general accounts. The accounts are credited with interest and charged for participant withdrawals and administrative expenses. The Custodians are contractually obligated to repay the principal and interest credited to participants.

The contracts meet the fully benefit-responsive investment contract criteria and are therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the Custodians' abilities to meet their financial obligations. The Custodians' abilities to meet their financial obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the Custodians, such as partial or complete contract termination by the Plan. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

6. PLAN TERMINATION

Although they have not expressed an intent to do so, the Sponsor has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Mutual of America Life Insurance Company and The Lincoln National Life Insurance Company. Mutual of America Life Insurance Company and The Lincoln National Life Insurance Company are the custodians of the Plan and therefore these transactions qualify as party-in-interest transactions.

9. TAX MATTERS

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

10. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the statement of net assets available for benefits date, but before the financial statements are issued, or are available to be issued. FASB ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through August 8, 2023, which is the date the financial statements were available to be issued.
