Report of Independent Auditors

To the Plan Administrator and Participants
The WICOR Americas Group Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The WICOR Americas Group Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The WICOR Americas Group Pension Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for Audit of the Financial Statements section of our report. We are required to be independent of The WICOR Americas Group Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The WICOR Americas Group Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The WICOR Americas Group Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The WICOR Americas Group Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The WICOR Americas Group Pension Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of The WICOR Americas Group Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a noncontributory defined benefit pension plan covering substantially all U.S. employees of WICOR Americas Inc., and its subsidiaries (the Company), except Weidmann Diagnostic Solutions Inc., who had at least one year of service prior to June 30, 2002. The board of directors voted to freeze future participation and benefit accruals to the Plan as of July 1, 2002.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Empower Retirement announced on July 21, 2021, its planned acquisition of Prudential's full-service retirement business. Prudential currently is the payee of retiree benefits for the Plan.

Pension Benefits

Employees with three or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.35% of their average monthly earnings up to the covered compensation, plus 2% of any average monthly earnings in excess of the covered compensation, multiplied by the number of years of credited service completed at the normal retirement age, up to a maximum of 30 years. In addition, a participant who has earned benefits prior to October 1, 1989, may elect to receive the present value of the participant's accrued benefits only on the portion earned before October 1, 1989, as defined. The Plan permits early retirement at age 55. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity, life annuity payable monthly, or a lump-sum amount determined by the present value of a participant's benefit. If employees terminate before rendering three years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions.

The Plan allows lump sum distributions up to \$50,000.

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Death Benefits

Death benefits provided under the Plan shall be distributed in accordance with the “minimum spouse’s death benefit,” as defined. In the case of an unmarried participant, no death benefits shall be payable under this Plan.

Funding Policy

The Company has agreed to voluntarily contribute amounts as necessary to provide assets sufficient to meet the benefits to be paid to Plan members determined by the application of accepted actuarial methods and assumptions. The Plan has met ERISA minimum funding requirements.

Vesting

Vesting credit is given to the participants for each year of service. A participant will be 20% vested after three years of service, increasing 20% each year thereafter. Participants will be 100% vested after seven years of service. The Plan has been frozen since 2002, participants are vested in their frozen benefits.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are stated at fair value based upon quoted market prices. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

Gains and losses on security transactions are recorded as the difference between the proceeds received and cost. Cost is determined on the average cost basis. Net appreciation or depreciation, including realized and unrealized gains or losses, is reflected in the statements of changes in net assets available for benefits as net realized and unrealized appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are generally based upon the employees' compensation during their five highest consecutive years of earnings during the ten plan years preceding normal retirement date. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances: retirement, death, disability and termination of employment are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The yield (interest, dividends and net appreciation in the fair value of investment) of the fund serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan.

The Plan includes a medical-benefit component in addition to the normal retirement benefits to fund a portion of the post-retirement obligations for retirees, their spouses and dependents in accordance with Section 401(h) of the Internal Revenue Code. A separate account has been established and maintained in the Plan for the net assets related to the medical-benefit component. In accordance with Internal Revenue Code Section 401(h), the Plan's investment in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related obligations for health benefits are not included in this Plan's obligations in the statements of accumulated plan benefits but are reflected as obligations in the financial statements of the health and welfare benefit plan. The total amount of such obligations that the Plan is obligated for is limited to the amount in the 401(h) account. Plan participants do not contribute to the 401(h) account. Employer contributions or qualified transfers to the 401(h) account are determined annually and are at the discretion of the Company. The 401(h) account assets are invested in a short-term pooled separate account.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination or partial termination of the Plan or in the event of complete discontinuance of employer contributions, each participant shall be 100% vested in their accrued benefit, to the extent funded, irrespective of length of participation under the Plan. Any distribution of assets shall be carried out in accordance with the allocations determined by the Company, as plan administrator, for payment of participants' accrued benefits and in the order of priorities established by Section 4044 of the Employee Retirement Income Security Act of 1974. The Company shall not be liable to participants for benefits other than those which can be provided by the Plan's assets. The Pension Benefit Guaranty Corporation (PBGC) guarantees vested benefits at the level in effect on the date of the Plan's termination. In addition, there is a ceiling on the amount of benefit that the PBGC guarantees which is determined based on each participant's age.

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

3. Accumulated Plan Benefits

Consulting actuaries with HUB International in 2023 and Summit Financial Corporation in 2022 estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of January 1 is as follows:

	January 1	
	2023	2022
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Active vested participants	\$ 3,706,812	\$ 4,445,004
Vested terminated participants	1,983,790	2,336,378
Retirees, beneficiaries and disabled participants	8,726,467	7,982,726
	\$ 14,417,069	\$ 14,764,108

The reconciliation of the actuarial present value of accumulated plan benefits from January 1, 2022 to January 1, 2023 is as follows:

	2023	2022
Actuarial present value of accumulated plan benefit	\$ 14,764,108	\$ 15,209,762
Increase (decrease) during the year attributable to:		
Benefits accumulated (include gain/loss)	480,799	175,718
Decrease in discount period	767,172	796,530
Actual benefits paid	(1,631,053)	(1,454,812)
Change in assumptions (mortality and interest)	36,043	36,910
Net decrease	(347,039)	(445,654)
Actuarial present value of accumulated plan benefits	\$ 14,417,069	\$ 14,764,108

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

3. Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial computations are as follows:

Actuarial cost method	PPA Unit Credit
Long-term rate of return on investments	5.5% in 2023 and 2022
Retirement	At normal retirement age (65)
Mortality basis for males and females	PRI-2012 Mortality table projected generational with MP-2021 generational mortality table in 2023 and 2022

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Had the valuations been performed as of December 31, there would be no material difference.

4. Investments

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends and interest income and investment expenses for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by The Prudential Retirement Insurance and Annuity Company, The Prudential Bank & Trust, FSB, and Wilmington Trust Company, the custodians of the Plan.

5. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2022 and 2021.

Pooled separate accounts are valued daily based upon the net asset value of shares held by the Plan at year end, as valued by Prudential Retirement Insurance and Annuity Company. Transactions (purchases and sales) may occur daily.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate and foreign obligations. Certain U.S. and sovereign obligations and investment-grade corporate bonds are valued based on quoted market prices, dealer quotations or alternative pricing sources.

5. Fair Value Measurements (continued)

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2022.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,088,834	\$	\$	\$ 1,088,834

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Transfers Between Levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no such transfers for the years ended December 31, 2022 and 2021.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

The WICOR Americas Group Pension Plan

Notes to Financial Statements (continued)

7. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by the custodians are considered party-in-interest transactions.

Certain plan investments are units of pooled separate accounts managed by Prudential Retirement Insurance and Annuity Company (Prudential). Prudential is a plan custodian and, therefore, these transactions qualify as party-in-interest transactions.

8. Income Tax Status

The Plan has adopted the FIS Business Systems LLC volume submitter defined benefit plan. The defined benefit plan sponsor received an advisory letter from the IRS dated March 30, 2018, in which the Internal Revenue Service stated that the form of the volume submitter defined benefit plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Company has evaluated all subsequent events through October 12, 2023, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

APPENDIX A: STATEMENT OF ACTUARIAL ASSUMPTIONS AND METHODS

<i>Cost Method</i>	PPA Unit Credit Cost Method
<i>Employee Data</i>	Employee data was supplied by WICOR Americas, Inc. as of January 1, 2022.
<i>Asset Method</i>	24-month asset smoothing as permitted by PPA, first gain/loss phase-in during 2008.
<i>Nature of Actuarial Calculations</i>	The results documented in this report are estimates based on data that may be imperfect as well as on assumptions with respect to future events. Certain plan provisions may be approximated or deemed immaterial and therefore are not valued. Reasonable efforts were made to ensure that items significant to the context of the actuarial liabilities and costs are treated appropriately. Future experience may differ from the assumptions used in these calculations. As differences arise, future expenses will be adjusted to reflect actual plan experience.
<i>Changes in Assumptions and Methods Since Most Recent Actuarial Valuation</i>	The mortality and interest assumptions were updated to remain consistent with PPA funding assumptions as amended by ARPA regulations for 2022 pension valuations. Mortality rates for ASC 960 (FAS 35) liabilities have been updated to reflect the assumptions used for the 2021 end of year disclosure / 2022 pension expense.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

APPENDIX B: SUMMARY OF PRINCIPAL PLAN PROVISIONS

Plan Sponsor EIN/PN	WICOR Americas, Inc. 06-1095018 / 001
Effective Date	February 1, 1974 re-stated January 1, 2020
Eligibility	<u>Employment Classification:</u> All employees of WICOR Americas Inc. who met eligibility requirements prior to July 1, 2002. <u>Minimum Age & Service:</u> Any eligible employee who has completed one year of service. The plan is closed to new participants.
Service	<u>Credited Service (for benefits):</u> 2,080 hours per calendar year; pro-rated service for hours between 1,000 - 2,080. Partial years of Credited Service are granted during years of initial participation, retirement, or changes in the plan year. <u>Vesting Service:</u> 1,000 hours per plan year.
Accrued Benefit	The monthly benefit is equal to 1.35% of average compensation plus 0.65% of average compensation in excess of Covered Compensation multiplied by Credited Service (up to a maximum of 30 years). Accruals ceased for all active participants on June 30, 2002.
Normal Retirement	<u>Eligibility:</u> The attainment of age 65. <u>Benefit Formula:</u> Benefit is the accrued benefit. <u>Commencement Date:</u> Payments will commence on the retired participant's Normal Retirement Date. <u>Form of Payment:</u> Payable monthly for life. Optional forms are available on an actuarially equivalent basis.
Early Retirement	<u>Eligibility:</u> The attainment of age 55 with at least 15 years of service with WICOR including at least 5 years of service while a participant. <u>Benefit:</u> Accrued benefit as of the early retirement date reduced by 1/180th for the first 60 months early retirement age precedes age 65, and 1/360th for each month thereafter in excess of 60. <u>Commencement Date:</u> Payments will commence on the retired participant's Early Retirement Date. <u>Form of Payment:</u> Payable monthly for life. Optional forms are available on an actuarially equivalent basis.

APPENDIX B: SUMMARY OF PRINCIPAL PLAN PROVISIONS

Late Retirement	<u>Eligibility:</u> Retirement after age 65.
	<u>Benefit:</u> The benefit calculated as of the participant's Deferred Retirement Date without actuarial increase for late retirement.
	<u>Commencement Date:</u> Payments will commence on the retired participant's Deferred Retirement Date.
	<u>Form of Payment:</u> Payable monthly for life. Optional forms are available on an actuarially equivalent basis.
Vested Deferred Retirement	<u>Eligibility:</u> Termination other than by retirement or death with a benefit that is at least partially vested. The plan employs a graded vesting schedule that provides for 20% vesting after 3 years of service, increasing 20% each subsequent year. Special top-heavy vesting schedules apply in the event that the plan becomes top-heavy.
	<u>Benefit:</u> Accrued benefit to date of termination.
	<u>Commencement Date:</u> Deferred until normal retirement date. Participants who have completed 15 years of Vesting Service may elect a benefit commencement date as early as age 55, reduced for early retirement (as applicable).
	<u>Form of Payment:</u> Payable monthly for life. Optional forms are available on an actuarially equivalent basis.
Death Before Retirement	<u>Eligibility:</u> Payable to surviving spouse.
	<u>Benefit:</u> Lifetime benefit equal to 50% of the participant's deferred vested benefit (including a reduction to reflect an assumed election of a 50% joint & survivor option).
	<u>Commencement Date:</u> Payable at the earliest date that the participant would have become eligible for early retirement.
	<u>Form of Payment:</u> Payable monthly for life.
Death After Retirement	Death benefits payable after a participant has attained normal retirement date are paid according to the form of annuity elected by the participant at retirement.
Disability Benefit	No disability payments, other than those payable upon termination of employment, are provided by the plan.
Forms of Payment	The normal form of payment for single participants is the life annuity. The normal form for married participants is an actuarially reduced 50% joint & survivor annuity. A lump sum payment is available for benefits earned through September 1, 1996.
Benefits Not Valued	None.
Changes Since Prior Valuation	None.
