INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Development Corporation for Israel 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Development Corporation for Israel 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Development Corporation for Israel 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Development Corporation for Israel 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEVELOPMENT CORPORATION FOR ISRAEL 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Development Corporation for Israel (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan established January 1, 1984. Plan assets arise from employee contributions, Company matching contributions and non-elective contributions, and investment income. The Plan assets are for the exclusive benefit of the participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On the first day of the month, following completion of thirty continuous days of service with the Company, an employee is automatically enrolled in the Plan. As a result, 4% of the participant's eligible pay is automatically deducted each pay period and contributed to the Plan on the participant's behalf. A written confirmation of this direct enrollment is mailed to the participant. Those wishing not to participate can elect not to participate and those wishing to defer at a rate different than the automatic 4% may so elect. See Note A [2].

Effective September 1, 2016, the Plan was amended to change the automatic deferral percentage from 3% to 4% and to provide for automatic deferral amount increases by 2% annually up to 10% (increased to 15% effective September 1, 2020) of compensation. The automatic deferral increase will take effect during the second year following the Plan year in which the automatic deferral election first becomes effective with respect to a participant. The automatic increase provisions will be applied each September 1, as applicable, unless the participant makes an affirmative election to opt out of the current year increase, even if the participant made an affirmative election in a prior year to opt out of the automatic increase.

Effective January 1, 2018, the Plan was amended to establish a safe harbor/QACA (Qualified Automatic Contribution Arrangement) for the Company's non-union employees. The initial 4% non-elective contribution will be distributed as follows: 1% non-elect and 3% safe harbor. In accordance with this change, the non-union employees will follow an amended vesting schedule as follows: 0% vested for less than two years from their enrollment date, 100% vested thereafter.

On September 23, 2019, the IRS published updates amending the rules governing hardship distribution pursuant to changes contained in the Bipartisan Budget Act of 2018. The IRS final regulations made the following key changes: (1) requiring plans to eliminate the six-month suspension of contributions following hardship distributions made on or after January 1, 2020; (2) permitting plans to eliminate the requirement that participants obtain all available plan loans prior to receiving a hardship distribution; (3) expanding the types of contribution sources available for hardship distributions; (3) expanding the types of contribution sources available for hardship distributions; (4) adding a new type of safe harbor hardship expense for losses relating to a federally declared disaster; and (5) updating the administrative process required to document that the distribution is necessary to meet the financial need. Early adoption of these changes is permitted for plan years beginning on or after January 1, 2019. The Company has elected to adopt the amended hardship provisions during the 2019 plan year. The amendment was signed and dated September 1, 2020.

Effective September 1, 2021, the Plan transferred all assets from BMO Harris Bank N.A. to the Vanguard Fiduciary Trust Company, who on that day became both the record-keeper and trustee of the Plan

[2] Contributions:

Participants may elect to contribute from 1% to 65% of their annual eligible pretax compensation. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions.

DEVELOPMENT CORPORATION FOR ISRAEL 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. The Company has agreed to match dollar for dollar up to 3% of annual eligible compensation of employees who have elected to contribute at least 1% of their annual eligible compensation to the Plan. In addition, the Company has agreed to make a non-elective contribution equal to 4% of annual eligible compensation for all participants.

The Plan provides for after-tax Roth employee elective deferrals and allows rollover Roth accounts. The Company matches after-tax Roth employee elective deferrals.

[3] Participant accounts:

Each participant's account is credited with the participant's contributions, the Company's matching contributions and non-elective contributions, and Plan earnings and losses, both realized and unrealized, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Effective 2022, each plan participant with a balance over \$10,000 is assessed with an annual plan recordkeeping fee of \$85. Participants with a balance under the \$10,000 will not be assessed this fee. This fee is automatically deducted from participant account balance periodically. All other fees, not offset by forfeitures, are allocated based on account balances, as defined in the Plan agreement.

[4] Vesting:

Participants are vested immediately in 100% of their voluntary contributions and rollover contributions, plus the investment earnings thereon. For all employees hired before January 1, 2015, and non-union employees pursuant to the amendment establishing a safe harbor/QACA contribution as noted in Note A [1], the Company matching contributions and non-elective contributions are subject to a vesting schedule based on the number of years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years and thereafter	100%

For union employees hired on or after January 1, 2015, the Company matching contributions and non-elective contributions are subject to a vesting schedule based on the number of years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	60%
3 years	80%
4 years and thereafter	100%

Participants' interest in their accounts shall become 100% vested and nonforfeitable without regard to their credited years of service if they are employed by the Company on or after age 55, or incur a permanent disability, or are involuntarily terminated after six months of employment, or die while employed by the Company.

[5] Forfeitures:

A participant's non-vested benefits are forfeited upon termination. Forfeitures are used to reduce future employer matching contributions and Plan administrative expenses. During the years ended December 31, 2022 and 2021, forfeitures of approximately \$44,000 and \$42,000, respectively, were used to reduce employer contributions and pay Plan expenses. At December 31, 2022 and 2021, there were approximately \$115,000 and \$25,000, respectively, of unallocated forfeited amounts.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

OTHER MARKETABLE SECURITIES THROUGH SELF-DIRECTED BROKERAGE ACCOUNTS MONEY MARKET ACCOUNT THROUGH SELF-DIRECTED BROKERAGE ACCOUNT

Participants may change their investment options as determined by the rules applicable to each investment. The Plan also offers self-directed brokerage accounts, which permit an individual participant to make investments that are not otherwise offered by the Plan. Investment in State of Israel Bonds and other marketable securities is made available through the self-directed accounts only.

[7] Payment of benefits:

Participants are entitled to retirement benefits beginning at normal retirement age (65) (or normal retirement date if earlier or the date the participant terminates services with the employer). Benefits are payable in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity payment, subject to the minimum distribution rules, upon retirement, death, separation from service or reasons of proven hardship. In any event, payment of benefits must commence when the participant reaches age 70½ or, if later, following the year they terminate employment.

[8] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or one-half of the participant's vested account balance. Loan terms range from one to five years, unless the loan is extended due to a leave of absence for military service or the loan qualifies as a primary residence loan. The term for repayment of a primary residence loan may not exceed ten years. A \$50 fee is deducted from participants' accounts for each loan originated. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on outstanding balances at December 31, 2022 and 2021 are between 3.25% - 7%. Principal and interest are repaid through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[9] Mutual fund fees:

Underlying investments in mutual funds could be subject to sales charges in the form of 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of investment earnings activity and thus not separately identifiable as an expense.

For the years ended December 31, 2022 and 2021, none of the investments offered by the Plan were subject to or charged any 12b-1 fees.

DEVELOPMENT CORPORATION FOR ISRAEL 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. The cost of investments is determined on the average cost basis when calculating realized gains or losses. Purchases and sales of securities are recorded on a trade-date basis with gains and losses reflected in net appreciation (depreciation) in fair value of investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

[4] Expenses of the Plan:

Administrative expenses, including legal, audit, and other costs of administering the Plan, and all expenses directly relating to the investments are charged to and paid by the Plan.

[5] Payment of benefits:

Benefits are recorded when paid.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, as of December 31, 2022 and for the period September 1, 2021 to December 31, 2022 and BMO Harris Bank N.A. (together with Vanguard Fiduciary Trust Company, the "Trustees" of the Plan) for the period January 1, 2021 to August 31, 2021, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related notes receivable activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - GUARANTEED SEPARATE INVESTMENT ACCOUNT INVESTMENT OPTION

In 2017, the Plan entered into a benefit-responsive guaranteed investment contract with Massachusetts Life Insurance Company (MassMutual), where MassMutual invests the Plan contributions, as directed by the Plan and the recordkeeper, in a pooled Separate Account. The Plan's Separate Account Guaranteed Investment Contract (SAGIC) maintains both Book Value Account and Market Value Account balances. The Book Value Account balance is based on the Plan's participant-directed cash flow (bona-fide benefit payments and participant-directed transfers to and from the SAGIC Contract) and the guaranteed Book Value Crediting Rates, which are net of administrative contract fees. The Market Value Account balance is based on the Plan's cash flow and earnings on the underlying pooled bond investment portfolio and charged administrative expenses. MassMutual is contractually obligated to credit the net guaranteed interest rates to the Book Value Account Balance, and such guarantee is backed by the full faith and credit of MassMutual's general account. Because the Separate Account Guaranteed Investment Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Massachusetts Life Insurance Company, represents contributions made under the contract, plus earnings, less participant-initiated withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.00%. The crediting rate is reviewed and reset semi-annually.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The pooled Separate Account, however, is segregated from the general obligations of MassMutual, in the event of insolvency of the insurer.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events, which are not considered to be probable at this time, include, but may not be limited to, the following: (i) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code, (ii) Plan termination, (iii) replacement of the contract issued with terms available under a different contract.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include, but may not be limited to, the contract failing to qualify as a group annuity and meet the requirements of IRS Code sections 401(a), 403(a) and 414(d), 414(e) or any other applicable Code provisions or a Plan Change or Amendment that has an adverse effect on MassMutual's administrative procedures or financial experience.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes framework for measuring fair value and related disclosures. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

DEVELOPMENT CORPORATION FOR ISRAEL 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of *mutual funds* are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust is valued at the net asset value ("NAV") of units. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair market value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to make a full withdrawal from the Putnam Large Cap Value Trust ("PFTC"), a twelve month notice is required. PFTC reserves the right to temporarily delay Plan-level withdrawals pending availability of cash proceeds from the sale of securities liquidated to fund a withdrawal and other circumstances as determined by the PFTC trustees. Any such withdrawal may be made in cash or in-kind at the discretion of the PFTC trustees.

State of Israel bonds are valued at cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Levels 1 and 2.

Participants cannot sell, transfer or redeem their investment in State of Israel bonds until the bond's maturity date, except in cases of a bond redemption upon a participant's death as per the prospectus. In addition, a hardship redemption may be requested and is subject to the approval by the State of Israel. Rollovers or transfers out of State of Israel bonds investments for any other reason are permitted in-kind only. Upon a State of Israel bond's maturity, participants are allowed to transfer cash proceeds to another investment option under the Plan.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks, as well as risk related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE G - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA and the collective bargaining agreement between the Company and its applicable employees. The Plan administrator, upon termination of the Plan, shall cause the assets of the Plan to be allocated for the purposes set forth and in the order of priorities established by ERISA. In the event of termination, participants will become 100% vested in their accounts.

Notes to Financial Statements December 31, 2022 and 2021

NOTE H - TAX STATUS

The Plan has adopted a Volume Submitter Plan with CODA sponsored by The Vanguard Group. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE I – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.
