INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Participating and affiliated employers include Kawasaki Motors Corp., U.S.A. (“AKM” or the “Company”), Kawasaki Motors Finance Corp. (“KMFC”), Kawasaki Precision Machinery, U.S.A., Inc. (“KPM”), and Kawasaki Robotics, U.S.A., Inc. (“KRI”). Effective January 1, 2019, Kawasaki Heavy Industries, Inc. (“KHI”) became a participating and affiliated employer in the Plan.

General

The Plan is a savings and profit-sharing plan established by the Company on February 1, 1986 to encourage and assist eligible employees of the Company and affiliates to adopt a regular program of savings to provide additional security for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The Company has delegated most of the Plan administrative functions to the 401(k) Committee appointed by the board of directors. The Plan’s contract administrator and custodian is Principal Life Insurance Company (“Principal”). The Plan’s third-party trustee and custodian is Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (“Principal Trust Company”). The Company has the discretion to appoint or remove any trustee or agent of the Plan.

With consultation from the board of directors, the 401(k) Committee has the power to administer the Plan and apply all of its provisions on behalf of the Company.

Eligibility

All employees of the Company and affiliated employers are eligible to participate in the Plan, except for leased employees, on-call employees or employees who are a member of a collective bargaining unit unless the bargaining agreement specifically provides for participation in the Plan. Eligible employees can participate in the Plan on the first of the month immediately following ninety days of service. Prior to January 1, 2016, AKM, KMFC and KPM eligible employees could participate in the Plan on the first of the month immediately following six months of employment.

Contributions

Participants may contribute to the Plan through elective salary deferrals of 1% up to 90% of their eligible compensation, not to exceed the maximum allowed under the Internal Revenue Code (“IRC”) of \$20,500 for the year ended December 31, 2022. Upon reaching the age 50 or older by the end of the year, eligible employees may make additional catch-up contributions limited to \$6,500 for the year ended December 31, 2022, as allowed by the IRC.

The employer may make matching contributions to the Plan on behalf of all participants who make elective deferrals. The employer shall contribute and allocate to each participant’s matching contribution account an amount equal to a percentage of elective salary deferrals. Matching contributions are computed on a per pay period basis. Additional matching contributions may be contributed at the option of the Company.

Effective January 1, 2016, the Company implemented safe harbor matching contributions equal to 100% of elective deferral contributions that are not over 3% of compensation, plus 50% of elective deferral contributions that are over 3% of compensation but are not over 5% of compensation.

Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Matching contributions by the Company are invested in the participants' accounts according to their specified allocations of investment fund options as of the date of the contribution.

Employer contributions of \$2,705,758 were made to the Plan for the year ended December 31, 2022. No additional matching contributions were made for the year ended December 31, 2022.

Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

The Plan provides for an automatic election to have elective deferral contributions made. The automatic elective deferral contribution shall be pre-tax elective deferral contributions and shall be 5% of compensation. Effective January 1, 2017, the elective deferral contribution for each participant shall be automatically increased effective each January 1st by 1% up to a maximum elective deferral contribution of 10%. Participants may affirmatively elect a different percentage or elect not to make elective deferral contributions. The automatic election shall apply when a participant first becomes eligible to make elective deferral contributions. The automatic elective deferral contribution shall apply to all active participants on each January 1st, who have not elected to make elective deferral contributions of at least 5%.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and Plan earnings. The participant's account is reduced by withdrawals, losses on investments, expenses of the plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances, up to \$50,000. No loan in any amount less than \$2,500 shall be granted. The loan repayment period must be no more than five years, with the interest rate determined based on prevailing rates at the date of the loan. The loans bear interest from 5.25% to 10.25% on December 31, 2022 and mature at various dates through July 2028. Loans that were issued before January 1, 2013 and used to acquire a principal residence can be repaid over a period of time that does not extend beyond ten years.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Effective January 1, 2016, participants are immediately vested in their safe harbor matching contributions plus actual earnings thereon.

AKM, KMFC and KPM participants are 100% vested in employer matching contributions when made. Effective January 1, 2013, the Plan was amended to adopt a provision for matching contributions made for employees who are hired on or after January 1, 2013 to be subject to the vesting percentages noted below.

For matching contributions made prior to January 1, 2016, KRI Plan participants and all other participants hired on or after January 1, 2013 vest in employer matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Payment of Benefits

Upon termination of service due to death, permanent disability, retirement, or early retirement, as defined by the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. The Plan allows for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants are based upon the vested balance in their individual accounts at the time of termination and are recorded in the year of distribution.

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company contributions and earnings on Company contributions can be used pay administrative expenses or to reduce future employer contributions. On December 31, 2022 and 2021, there were no unused forfeitures. During the year ended December 31, 2022, no forfeitures were used to pay administrative expenses or used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses have been recorded as of December 31, 2022 or 2021. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Risk and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued. Based upon that evaluation, the Plan determined that there were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820 ("FASB ASC 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Kawasaki Motors Corp., U.S.A. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at NAV as the practical expedient to estimate fair value:

Pooled Separate Accounts: Pooled separate accounts (“PSA”) are valued at NAV which is based on the fair value of the underlying investments of the PSA, less any liabilities. The underlying investments of the PSA are mainly equity and fixed income securities and short-term investments.

The investment strategies of the Plan’s PSA vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include investments in fixed income securities and investments in equity securities in domestic and international markets for growth and value objectives as well as to replicate market indexes and to invest in emerging markets. The Plan had no unfunded commitments related to PSA. The redemption of PSA is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

Common/Collective Trusts: Common/collective trusts (“CCT”) are valued at NAV which is based on the fair value of the underlying investments held by the fund less its liabilities. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The underlying investments of the CCT are mainly equity and fixed securities and short-term investments. The investment strategies of the Plan’s CCT vary generally based on the investment objectives of the asset class of which they are a part. Such investment strategies include to seek current income and, as a secondary objective, capital appreciation; and to seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of various investors who are expected to retire at various dates. The Plan had no unfunded commitments related to CCT. The redemption of CCT is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

The Principal Stable Value Fund (“PVSF”) is a CCT that is composed primarily of fully benefit-responsive investment contracts. The PVSF is valued at NAV which is based on the value of the underlying investments held by the fund less any liabilities. The Plan had no unfunded commitments related to the PVSF. Withdrawals from the PVSF for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within 30 days after written notification has been received. Withdrawals from the PVSF, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company (the "custodians"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the custodians, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the custodians of the Plan assets has certified to the completeness and accuracy of:

- Investments at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, as well as the supplemental schedule of assets held (at end of year) as of December 31, 2022.
- Net depreciation in fair value of investments, interest and dividend income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

6. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service ("IRS") dated September 7, 2017, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. As of December 31, 2022 and 2021, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company ("Principal Life") and Principal Global Investors Trust Company ("Principal Global"). Principal Life, Principal Global and Principal Trust Company are all owned by Principal Financial Group, Inc. Principal Trust and Principal Life are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays administrative expenses to parties-in-interest who provide services to the Plan and for whom a statutory exemption exists. Additionally, notes receivable from participants are considered party-in-interest transactions.
