Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Frederick Health 403(b) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2022 Financial Statements

We do not express an opinion on the accompanying 2022 financial statements of Frederick Health 403(b) Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2022 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Opinion on the 2022 Financial Statements

Frederick Health 403(b) Plan has not maintained sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Frederick Health 403(b) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our responsibility is to conduct an audit of Frederick Health 403(b) Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Frederick Health 403(b) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Frederick Health 403(b) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 17, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information.

Notes to Financial Statements

1. Description of Plan

The following description of the Frederick Health 403(b) Plan (the Plan) provides general information about the Plan's provisions. Frederick Health, Inc. (the Hospital) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Hospital.

General

The Plan is a defined contribution plan providing for both employer contributions and voluntary employee deferrals. Substantially all employees of the Hospital, those normally working 20 or more hours per week, are eligible to receive employer contributions. Upon commencement of employment with the Hospital, all employees are eligible to enroll and make voluntary contributions to the Plan.

Retirement Plan Committee (Committee) is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Principal Life Insurance Company is the record-keeper of the Plan and Principal Trust Company is the custodian, and Empower Annuity Insurance Company of America (formerly, Great-West Life & Annuity Insurance Company) is the insurance company and the record keeper of the Plan.

On November 11, 2019, the Plan changed its name from Frederick Memorial Hospital, Inc. 403(b) to Frederick Health 403(b) Plan consistent with the change in name of the Plan sponsor.

Contributions

Each year, participants may contribute up to the legal maximum deferral limit, as defined by Section 402(g) of the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the year are eligible to make additional catch-up contributions totaling an additional \$26,000 for 2021. Participants may also roll over amounts representing retirement from other eligible retirement plans (401(k), 403(b), Government 457(b), individual retirement account (IRA), etc.).

Effective January 1, 2018, the Plan was amended such that all new hires will be automatically enrolled in the 403(b) plan at 3% of employee earnings and will be automatically increased 1% annually up to 10%. Employees can opt out of this automatic enrollment and annual increase. The Hospital will match 100% on employee contributions up to 5% of employee earnings beginning on the first of the month, following one year of employment with 1,000 hours of service. Base contributions continue for employees with 5–10 years of service at 0.5% and at 1.0% for employees with more than ten years of service.

Effective June 1, 2021, the Plan was amended such that the age for employer matching contributions in the 403(b) plan changed from age 21 to age 18 provided that 1 year of service is complete.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options at any time. The Hospital's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and the Hospital's contributions and allocations of their plan earnings or losses, and is charged with an allocation of administrative expenses, if applicable. Plan earnings are allocated based on the participant's share of the net earnings or losses in their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Hospital's contributions does not occur until the participant has three years of service, at which time they are fully vested (100%). Participants who, while employed, reach the age of 65, become permanently disabled, or die while employed become fully vested in the Hospital's contributions.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances are first used to reinstate participant balances, as applicable; then to reduce plan expenses, if any; or to reduce future hospital contributions to the Plan. Forfeitures balances as of December 31, 2022 and 2021, were \$30,428 and \$29,396, respectively. Forfeitures used to reduce the Hospital's contributions for 2022 were \$1,035. Forfeitures used to pay the Plan's administrative expenses for the year ended December 31, 2022 was \$248,419.

Participant loans

Participants may borrow from their accounts amounts of not less than \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment must be made within five years or a longer term for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at a rate of the prime rate plus 1%. At December 31, 2022, outstanding loans bore interest rates ranging from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the Hospital, he or she may continue to make loan payments through a coupon method. If a loan is in default, as defined by the Plan, it will be deemed to have been distributed to the participant.

Payment of benefits

Upon separation from service with the Hospital due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump sum or other available distribution and investment options. A participant whose vested account balance is \$1,000 or less may receive an immediate lump-sum distribution equal to their vested account balance after notification of their rollover rights. Participants with a balance between \$1,000 and \$5,000 can have their balance automatically rolled to an IRA after notification of their rollover rights.

Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Effective April 10, 2021, the Plan was amended such that to comply with the Bipartisan Budget Act of 2018 relating to financial hardship withdrawals.

Administrative expenses

The Plan's administrative expenses are shared between the Plan and the Hospital, as provided by the Plan's provisions. Loan transaction fees and fees associated with certain investment options will be deducted from the participant's account. An annual plan service credit of 0.09% accrues for most investment options and is credited to participant accounts monthly, or sooner if an investment is liquidated.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments held by the Plan (except for the Guaranteed Pool Fund, fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion about fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Guaranteed Pool Fund invests in a fully benefit-responsive investment contract and is recorded at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded upon distribution.

Subsequent events

The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued.

3. Unaudited Information Certified by Custodians

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by Principal Trust Company and Great-West Life Annuity & Insurance Company.

	<u>2022</u>	<u>2021</u>

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly for substantially the full term of the asset or liability.

Level 3: Significant unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – For certain investments, the initial pricing input is the quoted price obtained for the underlying mutual fund, which is then adjusted to apply the expense factor disclosed in the annuity contract. The expense factor applied is a directly observable input, making the fair value of these assets Level 2. Remaining investments are classified as Level 1 because the values are based on quoted market prices.

Frederick Health 403(b) Plan
Notes to Financial Statements

Guaranteed pooled and fixed funds – The fair value is determined through the valuation methodology disclosed in the annuity contract utilizing existing contract terms and readily available financial information on the website of the issuing financial institution.

Other investments – For certain investments, prices for securities in the underlying portfolios are primarily obtained from independent pricing services and are based on observable market data for the same or similar securities and, consequently, are classified as Level 2. The remaining investments are classified as Level 1 because the values are based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value on a recurring basis as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	<u>\$239,985,194</u>	<u>\$ 2,242,301</u>	<u>\$ -</u>	<u>\$ 242,227,495</u>

5. Fully Benefit-Responsive Investment Contracts

The Plan holds traditional investment contracts that meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contracts held by the Plan was \$21,260,204 and \$18,546,888 as of December 31, 2022 and 2021, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at the contract value with the contract issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax exempt under Section 501(a) of the Code
- Premature termination of the contracts

- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at the contract value with the contract issuers and that also would limit the ability of the Plan to transact at the contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan holds units of guaranteed investment contract funds managed by Principal Life Insurance Company, the record-keeper of the Plan. The Plan also holds investments in funds managed by Great-West Life & Annuity Insurance Company, insurance company and record-keeper of the Plan. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the record-keepers by the Plan for administrative services were \$351,823 for the year ended December 31, 2022. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

9. Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, stating that the written form of the underlying prototype document is qualified under Section 403(b) of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code, and, therefore, the related custodial accounts are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States require the plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500
