Independent Auditor's Report

The Plan Administrator
South Jersey Industries, Inc. 401(k) Plan
Folsom, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed audit of the financial statements of the South Jersey Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2022 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the 2022 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2021 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2021. Our audit report, dated June 27, 2022, indicated that the 2021 financial statements presented fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, in accordance with GAAP.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the South Jersey Industries, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for the complete information.

General

The Plan is a defined contribution plan covering substantially all full-time employees, and part-time employees who have one or more years of service, of South Jersey Industries, Inc. and Subsidiaries (SJI or the Company), as well as certain employees of an affiliate (participating employer). The Trust Committee appointed by the Board of Directors of the Company controls and manages the operation and administration of the Plan. Bank of America, N.A. (Trustee) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Enrollment

All newly hired employees are automatically enrolled into the Plan at a 3% deferral rate after 90 days of employment. The deferral rate automatically increases by an additional 1% annually until the deferral rate equals 8%. Participants may change the contribution rate prospectively at any time.

Contributions

Each year, participants may contribute up to 75% of their compensation on a pretax basis up to the maximum allowed by the Internal Revenue Service (IRS), excluding overtime, bonuses, and all forms of incentive compensation (except commissions), to the Plan. Participants may make after-tax Roth contributions in conjunction with their pretax contributions up to 75% of their compensation up to the maximum allowed by the IRS, excluding overtime, bonuses, and all forms of incentive compensation (except commissions), to the Plan. Participants may also make catch-up contributions. The Company matches 50% of the percentage of employee deferral contributions as determined by the Plan Document as summarized below:

1. 50% of the first 6% of salary deferral contributions:
 - Local 95 and Local 76 union employees hired before November 4, 2004.
 - Local 1293 union employees hired before December 17, 2004.
2. 50% of the first 8% of salary deferral contributions:
 - Local 95 and Local 76 union employees hired on or after November 4, 2004.
 - Local 1293 union employees hired on or after December 17, 2004.
 - South Jersey Energy Service Plus employees hired on or after April 15, 2003.
3. 100% of the first 4% plus 50% of the next 2%:
 - All non-union employees (except Elizabethtown Gas Company employees hired prior to July 1, 2018).

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

The Plan also provides an additional year-end Company contribution for the same groups of employees eligible for the match on the first 8% of salary deferral contributions if they are employed on the last day of the Plan year. Additional year-end contributions of \$2,000 for participants with ten years or less of service, and \$2,500 for participants with more than ten years of service are made for the same group of employees eligible for the match on the first 8% of salary deferral contributions. The Plan provides a year-end contribution, on a discretionary basis, for employees who are not members of a collective-bargaining unit. For the year ended December 31, 2022, the Company elected to contribute \$1,000 per eligible employee.

Per the Plan Document, additional amounts may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective July 1, 2018, the Company acquired Elizabethtown Gas Company and Elkton Gas Company (Elkton). On July 31, 2020, Elkton was sold to a third-party buyer. Effective July 31, 2020, all Elkton employees are no longer employed by the Company. Each year, Elizabethtown Gas Company Local 424 union participants may contribute, up to the maximum allowed by the IRS, their base salary (not including premiums), plus overtime, commissions, and bonuses (not including retention bonuses), to the Plan. Elizabethtown Gas Company non-union participants may contribute, up to the maximum allowed by the IRS, their base salary or wages to the Plan each year.

For Elizabethtown Gas Company, employee contributions are matched as follows:

- Local 424 employees hired before January 1, 2003, 65% of salary deferral contributions up to 8% of compensation.
- Local 424 employees hired on or after January 1, 2003, 100% of the first 3% of salary deferral contributions, plus 75% on the next 3% but not in excess of 6% of employees' compensation.
- Non-union employees hired prior to July 1, 2018, 100% of the first 4% of salary deferral contributions, plus 55% on the next 2%.
- Union employees hired on or after January 1, 2013 receive a non-elective company contribution for the Plan year equal to 1.5% of compensation.

Rollover Contributions

Rollover contributions reported in the statement of changes in net assets available for benefits amounted to \$619,386 for the year ended December 31, 2022.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) Company discretionary contributions and (2) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan, including the option to self-direct their Company match. Participants may transfer amounts related to Company contributions as soon as they are contributed to the participants' accounts, thus all investments are participant-directed.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. Elizabethtown Gas Company employees are 100% vested in all amounts credited to their accounts that were transferred into the Plan at the time of the acquisition noted above.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum balance of \$1,000 up to a maximum of \$50,000 or 50% of their vested (excluding Tax Reduction Act Stock Ownership Plan Contributions) account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years for general purpose loans and up to ten years for primary residence loans.

Payment of Benefits

On termination of service for any reason, a participant is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, unless the participant's vested interest, excluding rollover contributions, is less than \$5,000, in which case the funds are automatically distributed to the participant at year-end. In addition, the Plan allows for the following in-service withdrawals:

- Withdrawal of dividends on South Jersey Industries, Inc. common stock.
- Withdrawal of rollover account.
- Age 59½ withdrawals.
- Withdrawal of total savings contribution account by vested participant.
- Withdrawal of total savings contribution account by non-vested participant.
- Partial withdrawals of savings contribution account by vested participant.
- Hardships distributions and loans.

Forfeited Accounts

Forfeiture of non-vested amounts are used to reduce Company contributions and Plan expenses. Amounts forfeited during 2022 totaled \$111,286. Forfeited amounts were used in 2022 to fund employer contributions in the amount of \$100,000. The forfeiture account balance as of December 31, 2022 and 2021 was \$6,884 and \$20,763, respectively.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

Voting Rights

Each participant shall have the right to direct the Trustee as to the manner in which whole and partial shares of capital stock allocated to the Capital Stock Fund of the participant as of the record date are to be voted on each matter brought before an annual or special shareholders' meeting. Before each such meeting of shareholders, the Trustee shall furnish to each participant a copy of the proxy solicitation material, together with a form requesting directions on how such shares of capital stock allocated to such participant's account shall be voted on each such matter. Upon timely receipt of such directions, the Trustee shall on each matter vote as directed the number of shares (including fractional shares) of capital stock allocated to such participant's account, and the Trustee shall have no discretion in such matter. The directions received by the Trustee from participants shall be held by the Trustee in confidence and shall not be divulged or released to any person, including officers or employees of any employer. The Trustee shall vote allocated shares for which it has not received direction in accordance with the provisions of the Trust Agreement. See Note 9 for details regarding Company's status as a public company.

Plan Amendments

There were no Plan amendments in 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the financial statements.

Included in the Plan's net assets available for benefits are investments in Company common stock, whose value could be subject to change based upon market conditions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan Document. The Plan has a revenue sharing agreement with the Trustee for the reimbursement of Plan expenses. Revenue earned from this agreement is used to pay Plan expenses. Any excess revenue over the Plan expenses during the year form part of the Plan assets as an Employee Retirement Income Security Act of 1974 (ERISA) Spending Budget Account (ESBA) and will be used to pay future Plan expenses. During the year ended December 31, 2022, earnings from this agreement were not material and there were no payments to Plan-related expenses. As of December 31, 2022, the ESBA balance was not material.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, accrued investment income and due from broker and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., a qualified institution.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information for 2022, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the ERISA-required supplemental schedule is in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund - This asset is valued at the net asset value (NAV) of the shares held by the Plan at year-end. The Plan's investment in the money market fund can be redeemed immediately at the current NAV per share. There were no unfunded commitments as of December 31, 2022 and 2021.

Common Stock - This asset is valued at the closing price reported on the active market on which the individual security is traded on the last business day of the Plan year, which was \$35.53 and \$26.12 per share at December 31, 2022 and 2021, respectively, and represents the closing price for the stock as traded on the New York Stock Exchange.

Mutual Funds - These assets are valued at an unadjusted quoted price, which represents the NAV of the shares held by the Plan at year-end.

Common/Collective Trusts - The Plan invests in the Invesco Stable Value Retirement Trust Fund, which is a collective trust that consists primarily of synthetic guaranteed investment contracts, which are a combination of a portfolio of individual assets and a wrap contract typically issued by a financial institution or insurance company that provides that participant transactions are executed at contract value. Investments in common/collective trust funds are reported at NAV, which is used as a practical expedient to estimate fair value in the statements of net assets available for benefits.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

The Plan is required to give a 12-month irrevocable written notice of its intention to redeem all or a portion of its participation in the Invesco Stable Value Retirement Trust Fund. There are no participant restrictions on redemptions. The Plan has no unfunded commitments with the Invesco Stable Value Retirement Trust Fund as of December 31, 2022 and 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:

Investments at NAV*:				
Common/collective trust				19,666,542
Total Investments , at fair value				\$ 215,584,174

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Transfers between different levels of the fair value hierarchy may occur based on the level of observable inputs used to value the instruments from period to period. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Levels 1, 2, or 3.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. Related Party and Exempt Party-in-Interest Transactions

Merrill Lynch Investment Managers previously merged with BlackRock, Inc. As such, transactions in BlackRock funds qualify as exempt party-in-interest transactions. Certain fees paid by the Plan for investment management and recordkeeping services were included as a reduction of the return earned on each fund. Additional fees paid by the Plan for administration services were not material for the year ended December 31, 2022.

At December 31, 2022 and 2021, the Plan held 1,991,260 and 2,340,471 shares, respectively, of common stock of the Company, the sponsoring employer. During the year ended December 31, 2022, the Plan recorded dividend income associated with the Plan's investments in Company common stock of \$2,682,562.

Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Federal Income Tax Status

The Company received a favorable determination letter dated June 23, 2014, which stated the Plan and related trust were designed in accordance with the applicable regulation of the IRC. The Plan has been amended since receiving the determination letter. However, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Late Remittance

During the Plan years ended December 31, 2019, 2020, and 2021, certain participant contributions and loan repayments in the amount of \$2,742,407, \$379,462, and \$111,597, respectively, were not remitted within the appropriate time period by SJI. These transactions constitute prohibited transactions as defined by ERISA. SJI has taken the appropriate steps to correct the situation including remitting lost earnings to the Plan and filing a application with the VFCP which was accepted by the Department of Labor SJI in September 2023. See page 18 for the Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022.

South Jersey Industries, Inc. 401(k) Plan

Notes to Financial Statements

9. Subsequent Events

Events occurring subsequent to December 31, 2022 have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued. Apart from those disclosed below, management has concluded that there are no other events requiring adjustment to, or disclosure in, the financial statements of the Plan.

On February 1, 2023 (the Closing Date), pursuant to the terms and conditions set forth in the Merger Agreement with NJ Boardwalk Holdings LLC, a Delaware limited liability company (Parent), and Boardwalk Merger Sub, Inc., a New Jersey corporation and a wholly owned subsidiary of Parent (Merger Sub), Merger Sub was merged with and into the SJI (the Merger), with SJI surviving the Merger. On the Closing Date, in connection with the closing of the Merger (the Closing), SJI notified the New York Stock Exchange (NYSE) that the Merger had been consummated and requested that the NYSE delist shares of SJI common stock. Trading of SJI common stock on the NYSE was suspended prior to the opening of trading on the Closing Date.
