Independent Auditor's Report

To the Trustees of the VanDevere 401(k) Profit Sharing Plan
Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the VanDevere 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)") audit. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the VanDevere 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the VanDevere 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the VanDevere 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VanDevere 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VanDevere 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

December 31, 2022 and 2021

A. PLAN DESCRIPTION

The following is a brief description of the VanDevere 401(k) Profit Sharing Plan (the “Plan”) provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan with an Internal Revenue Service (“IRS”) Code Section 401(k) arrangement which allows plan participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. These employee salary savings type contributions are hereafter referred to as employee salary deferrals.

The Plan covers all employees of VanDevere, Inc. (the “Company”) who have completed ninety days of service and have attained age twenty-one and provides for automatic enrollment for newly eligible participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s administrator and has appointed the Plan trustees to receive and invest the funds in the trust in accordance with the Plan’s provisions.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Beginning on the first day of the calendar quarter following the date of eligibility, participants may voluntarily contribute a minimum of 1% to a maximum of 100%, limited to the Internal Revenue Code (“IRC”) 402(g) limit of their compensation on a pre-tax and post-tax (“Roth”) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The types of employer contributions are as follows:

Discretionary Employer Matching Contribution - The Company’s Board of Directors annually declares a percentage of the employee salary deferral contribution that it will match and contribute to the Plan for each participant. For the year ended December 31, 2022, the Company elected to match 25% of each dollar deferred up to 5% of participants’ compensation up to a maximum of 1.25%.

Discretionary Employer Matching True-up Contributions - The Company may make a true-up contribution to eligible employees on an annual basis based on the ratio of elective deferrals to compensation. The Company made true-up contributions totaling \$31,764 for the year ended December 31, 2022.

Discretionary Profit Sharing Contribution - The Company’s Board of Directors may elect to make an additional discretionary contribution for eligible participants who have completed a year of service and who are employed on the last day of the year. The contribution is allocated based on participant’s compensation.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s deferral contribution, employer matching contribution, allocation of the Company’s discretionary profit sharing contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to the Financial Statements

December 31, 2022 and 2021

Participants direct the investment of their contributions into the various funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of continuous service.

Notes Receivable from Participants - Participants may borrow from their salary deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The note is secured by the balance in the participant's account. The loan bears interest at a rate determined at the time the loan is taken based on Prime. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, the participant will receive his or her account balance as a lump-sum payment. The Plan Administrator may automatically make a lump-sum distribution for account balances less than \$5,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Hardship distributions are not permitted under the Plan.

Forfeitures - As of December 31, 2022 and 2021, forfeited non-vested accounts, including the unallocated contract, totaled \$116,379 and \$40,803, respectively. These accounts will be used to reduce future employer contributions. For the year ended December 31, 2022, employer contributions were reduced by \$66,944 from forfeited non-vested accounts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustees. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid from the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net depreciation in fair value of investments.

Notes to the Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

C. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Charles Schwab Trust Bank ("Schwab"), the custodian of the Plan.

Schwab has certified as to the completeness and accuracy of the investments and notes receivable to participants it holds and changes in net assets arising from said investment activity and notes receivable as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

Schwab has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2022.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

VanDevere 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund - Shares of the money market fund are valued in accordance with the SEC rules, using the penny-rounding method, which permits the fund to maintain a constant net asset value ("NAV") of \$1.00 per share.

Collective Trust Fund ("CTF") - The fair value of the CTF is estimated based on the NAV derived from the fair value of the underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Total
Mutual funds	\$ 17,878,526	\$ 17,878,526
Money market fund	120,652	120,652
Total assets in the fair value hierarchy	17,999,178	17,999,178
Investments measured at net asset value ^(a)	-	1,187
Investments at fair value	\$ 17,999,178	\$ 18,000,365

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds	\$ 1,187	\$ -	Daily	Up to 12 Months

^(a) In accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Total
Mutual funds	\$ 19,333,752	\$ 19,333,752
Money market fund	45,010	45,010
Investments at fair value	<u>\$ 19,378,762</u>	<u>\$ 19,378,762</u>

E. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Schwab, the custodian of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

Schwab provides certain administrative services to the Plan pursuant to Service Agreements ("SA") between the Company and Schwab. Schwab receives revenue from mutual fund service providers for services Schwab provides to the funds. This revenue is used to offset certain amounts owed to Schwab for their administrative services to the Plan.

If the revenue received by Schwab from such mutual fund service providers exceeds the amount owed under the SA, Schwab remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, no amounts were remitted to the Plan. The Plan or Plan Sponsor may make a payment to Schwab for administrative expenses not covered by revenue sharing. During 2022, administrative expenses totaling \$25,049 were paid to Schwab.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

G. FEDERAL INCOME TAX STATUS

The Plan has adopted a pre-approved defined contribution plan provided by Schwab Retirement Plan Services. Schwab Retirement Plan Services has received an opinion letter, dated September 21, 2020, from the IRS.

The opinion letter states that the pre-approved plan is acceptable under section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

VanDevere 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America, require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. PLAN AMENDMENTS

Effective October 1, 2021, the Plan adopted the restated Schwab pre-approved plan document.

J. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2023, the date that the Plan's annual financial statements were available to be issued.
