INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee
of the Bray International, Inc. 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bray International, Inc. 401(k) Profit Sharing Plan & Trust ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Member of PKF International Limited,

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 and Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bray International, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2022

Note 1 - Description of the PlanGeneral

Bray International, Inc. ("Employer") established the Bray International, Inc. 401(k) Profit Sharing Plan & Trust ("Plan") effective January 1, 1990. The Plan was restated effective January 1, 2022. The following entities have adopted the Plan: Bray Sales, Inc.; Ultraflo Corporation; Flow-Tek, Inc.; Unit Process Company, Inc.; and Nichols-Given Associates, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan trustee

The Plan's assets are held in a trust created under the terms of the Plan. Prudential Bank & Trust, F.S.B. ("Prudential") serves as the trustee. Effective April 2023, Empower Trust Company, LLC became the trustee of the Plan as the successor company to Prudential.

Eligibility

With the exception of employees covered by a collective bargaining agreement, leased employees, non-resident aliens, and residents or employees performing services in Puerto Rico, participation in the Plan is available to employees of the Employer who are 18 years of age or older.

Contributions

Participants may elect to reduce their compensation and make a contribution to the Plan on a pre-tax basis or as a Roth contribution. The Plan also contains an automatic contribution feature where newly eligible participants are automatically enrolled into the Plan at 6% of Plan compensation. In addition, on the first day of each Plan year, all participants with an elective pre-tax deferral percentage or automatic contribution that is less than 12% will be subject to an automatic annual 2% increase up to a maximum of 12% of Plan compensation unless the participant makes a contrary election. Federal law also limits the amount a participant may elect to defer under the Plan; however, if a participant is age 50 or over, they may defer an additional amount called a catch-up contribution. Participants may elect to start, increase, reduce, or totally suspend their elections to contribute to the Plan at any time.

The Employer may, in its sole discretion, make a matching contribution not to exceed 6% of Plan compensation. The Employer currently makes a matching contribution equal to 100% of the first 1% of participant contributions, and 50% of additional contributions, up to 6% of the participant's Plan compensation. The Plan allows the Employer to provide a true-up matching contribution. The true-up matching contribution for the year ended December 31, 2022 was \$118,983, which is recorded as an employer contribution receivable in the statements of net assets available for benefits as of December 31, 2022.

The Plan may accept a rollover contribution made on behalf of any eligible employee who has met the eligibility requirements of the Plan. Rollover contributions will be accepted from any qualified retirement plan and all contribution sources can be rolled into the Plan.

Notes to Financial Statements

December 31, 2022

Note 1 - Description of the Plan (Continued)Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions, rollover contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Employer allows participants to direct the investment of all of their accounts. Participant may direct the percentage of their account to be invested in one or more of the available investment securities.

Vesting

Participants are immediately vested in their contributions, rollovers, and actual Plan earnings and losses thereon. A participant is vested in the Employer's contributions and related Plan earnings and losses as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants employed upon obtaining age 65 are automatically vested in Employer contributions at 100%, regardless of service years.

Notes receivable from participants

The Employer permits participants to apply for a loan from the Plan. The minimum loan amount is \$1,000. A loan cannot be greater than 50% of the participant's vested account balance under the Plan. Additionally, the loan cannot \$50,000 minus the difference between the highest outstanding balance of loans in the past 12 months. Loans must be repaid through payroll deductions over a period not extending beyond five years from the date of the loan, unless such loan is used to acquire a principal residence. The participant's vested account balance under the Plan will serve as collateral for the loan, and the interest rate will be reasonable and comparable to the current interest rate charges by financial institutions for similar loans.

Benefit payments

Upon termination of employment, death, disability, or retirement, a participant is entitled to receive a distribution from their account. In-service distributions are permitted when a participant reaches age 59½ or in the event the Employer finds a participant has an immediate and heavy financial need.

Note 1 - Description of the Plan (Continued)Benefit payments (continued)

After termination of employment with the Employer, if the participant's vested amount of their account does not exceed \$5,000, the vested account balance will be distributed from the Plan. The participant may elect to receive the distribution in cash or roll over the distribution to an individual retirement account or the qualified plan of their new employer. However, if the participant does not timely return their election forms, the following will apply: if the vested amount of their account balance is less than or equal to \$1,000, the vested account balance will be distributed to them in cash. If the vested account balance is more than \$1,000 but does not exceed \$5,000, the Employer will transfer the vested account to an IRA established in their name. If the vested amount in the account exceeds \$5,000, the participant must consent to any distribution of their account.

Forfeitures

Upon termination of service, a participant's vested account balance will be distributed to the participant. The nonvested portion of their account is forfeited and maintained in the forfeiture account and may be used to pay administrative expenses or to reduce future Employer contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$166,122 and \$88,083, respectively. During 2022, forfeitures of \$94,155 were applied to reduce Employer contributions.

Plan termination

Although the Employer intends to maintain the Plan indefinitely, the Employer may terminate the Plan at any time in its sole discretion. If the Plan is terminated, all amounts credited to participants' accounts will become 100% vested.

Note 2 - Summary of Accounting PoliciesBasis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Employer to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of Accounting Policies (Continued)Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income and other loss are recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and dividends and interest income on investments, interest income on notes receivable from participants, net depreciation in fair value of investments, and other loss on investments for the year ended December 31, 2022, was obtained by the Employer and agreed to or derived from information certified as complete and accurate by Prudential.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to observable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Self-directed brokerage accounts – Valued based on the underlying investments. The self-directed brokerage accounts invest in common stocks, mutual funds, and interest bearing cash. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the fund. The common stocks and mutual funds held in the self-directed brokerage accounts are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$58,859,594	\$ -	\$ -	\$58,859,594
Self-directed brokerage accounts	1,946,478	-	-	1,946,478

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$69,367,407	\$ -	\$ -	\$69,367,407
Self-directed brokerage accounts	2,317,176	-	-	2,317,176
Investments at fair value	<u>\$71,684,583</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$71,684,583</u>

Note 5 - Guaranteed Investment Contract with Prudential

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract ("Contract") with Prudential totaling \$10,961,472 for 2022 and \$10,543,880 for 2021. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Prudential and reviewed for resetting.

The Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Prudential's ability to meet its financial obligations. Prudential's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Prudential. However, no events are probable of occurring that limit the ability of the Plan to transact at contract value with Prudential and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Prudential to terminate the Contract with the Plan and settle at an amount different from contract value. The Employer believes that any such events allowing Prudential to terminate the Contract and settle at an amount different from contract value are not probable of occurring.

Note 6 - Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA which obtained its latest opinion letter on September 16, 2022, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended receiving the opinion letter, the Employer believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Bray International, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

December 31, 2022

Note 6 - Tax Status (Continued)

GAAP requires the Employer to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Prudential. Prudential is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan provides for notes receivable from participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Prudential provides certain administrative services to the Plan pursuant to a services agreement between the Employer and Prudential. Prudential receives revenue from mutual fund service providers for services Prudential provides to the funds. This revenue is used to offset certain amounts owed to Prudential for its administrative services to the Plan. If the revenue received by Prudential from such mutual funds service providers exceeds the amount owed under the services agreement, Prudential remits the excess to the Plan's trust, net of administrative expenses. Such amounts may be applied to pay administrative expenses or allocated to the accounts of the participants. The Employer may make a payment to Prudential for administrative expenses not covered by the services agreement. The Plan implements a fee levelization whereby the revenue is received prior to Prudential's administrative expenses and these expenses are billed directly to participants. For the year ended December 31, 2022, Prudential's administrative expenses was \$79,027.

Note 8 - Prohibited Transactions

During 2018 and 2022, the Employer failed to remit to Prudential certain participant contributions and loan repayments of \$12,717 and \$10,993, respectively, within the period prescribed by Department of Labor regulations. Delays in remitting contributions to Prudential were due to administrative errors. The Employer is responsible for compensating participants for any lost interest resulting from the delay in contributions. The Employer believes these prohibited transactions do not affect the tax status of the Plan.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
