INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Ware Industries, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ware Industries, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule 1, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Ware Industries, Inc. 401(k) Retirement Plan (the "Plan") for employees of Ware Industries, Inc. and related entities Norbet Trucking Corp., LS Steel LLC, and Dudley, Inc. (collectively, the "Company") is provided for general information purposes only. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan with salary reduction features and is commonly referred to as a 401(k) plan. It covers all nonunion employees attaining age 21, who have completed three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

(b) Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to the maximum allowed under the provisions of the Internal Revenue Code (IRC). Participants may contribute up to \$20,500 for the year ended December 31, 2022. Participants over the age of 50 are allowed an additional catch-up contribution of \$6,500 for the year ended December 31, 2022. Participants may designate some or all of their deferral contributions as a Roth deferral election. Participants may also contribute amounts representing distributions from other eligible retirement plans, known as rollovers. The Company may make a discretionary matching and a nonelective contribution to the Plan. The matching contribution would be equal to a discretionary percentage. The nonelective contribution is discretionary, with the amount being determined by the Company each year. There were discretionary matching contributions of \$392,392 for 2022.

(c) Participant Accounts

Each participant's account is self-directed and is credited with the participant's contribution, any rollover contribution, allocations of the Company's contribution, allocations of plan earnings, allocations of plan expenses and unrealized fair market value adjustments. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. A participant becomes vested with respect to the Company's contribution based upon the number of years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(e) Investment Options

The plan administration determines and approves investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. Empower Trust Company, LLC, the trustee and Empower Annuity Insurance Company of America, (collectively, "Empower"), invests monies according to participant directions.

(f) Notes Receivable from Participants

Participants may borrow from their vested fund accounts. Loans must be for a minimum of \$1,000, up to a maximum amount of \$50,000, or 50% of the participants' nonforfeitable account balances. A participant is limited to having two loans outstanding at any time. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate. Rates on existing loans range from 4.25% to 8.00% and 3.25% to 5.50% for the years ended December 31, 2022 and 2021, respectively. However, the Plan reserves the right to change the basis. Loans must be repaid by payroll deductions if the participant is currently employed by the Company, not to exceed five years, except when the loan is used for the purchase of a primary residence, in which case the repayment period cannot exceed 15 years.

(g) Payments of Benefits

On termination of service due to death, disability, or retirement, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance or installments only for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, either in cash, as a direct rollover, or a combination of both. The Plan permits for hardship withdrawals of the participants' vested account balances. Permissible circumstances for hardship withdrawals include education, purchase of a principal residence, medical expenses, to prevent eviction or foreclosure of a principal residence, payments for burial or funeral expenses, and expenses for the repair of damage to a principal residence.

(h) Forfeited Accounts

Nonvested amounts forfeited by departing participants may be used by the Plan for discretionary contributions or the payment of plan administrative expenses. There were no forfeitures applied for discretionary contributions or plan administrative expenses for the year ended December 31, 2022. There was a forfeiture balance of \$26,435 and \$14,734 at December 31, 2022 and 2021, respectively.

(i) Administrative Expenses

The Plan is administered by the Company. Administrative expenses are paid by the Plan and the Company.

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investments, Valuation and Income Recognition

Investments are stated at fair value, except for the guaranteed investment contract which is reported at contract value (Note 11). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair values of investments are based on quoted market prices, where available. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are reported on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for discussion of fair value measurements.

(c) Payment of Benefits and Other Costs

Benefits are recorded when paid. Administrative expenses are primarily comprised of record keeping fees. These expenses are paid directly by the Plan. Other expenses related to the Plan are paid directly by the Company.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions, based upon the terms of the plan document.

(e) Contributions

Employee contributions are recorded in the period the participant's salary is earned. The Company's contributions to the Plan, if any, are voluntary and discretionary.

(f) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability in the statements of net assets available for benefits.

(continued)

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan's management and trustee to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and the disclosure of contingencies, if any, at the date of the financial statements, and additions to and reductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(h) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2022 through October 9, 2023, the date that the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEES

The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Empower, formerly known as Great-West Trust Company, LLC and Great-West Life and Annuity Insurance Company (collectively, "Great-West"), have certified that the following data, included in the accompanying financial statements and supplementary information, is complete and accurate as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Mutual funds	\$ <u>12,026,700</u>	\$ <u>13,354,651</u>
Investment at contract value:		
Guaranteed investment contract	\$ <u>3,698,473</u>	\$ <u>3,415,032</u>

During the year ended December 31, 2022, the Plan's investments (including investments bought and sold, as well as held, during the year) depreciated in value by \$2,867,820.

During the year ended December 31, 2022, the Plan received dividend and interest income of \$543,184.

Notes receivable from participants was \$533,829 and \$503,699 as of December 31, 2022 and 2021, respectively.

During the year ended December 31, 2022, the Plan received interest income in the amount of \$23,014 from these notes receivable from participants.

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted market prices in an active market for identical assets (Level 1) and the lowest to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021:

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	\$ <u>12,026,700</u>	\$ <u>-</u>	\$ <u>-</u>
	\$ <u>12,026,700</u>		
Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 2
	Total		
Mutual funds	\$ <u>13,354,651</u>	\$ <u>-</u>	\$ <u>-</u>
	\$ <u>13,354,651</u>		

(continued)

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA, at any time. Upon termination, the Company will discontinue its contributions, and all amounts credited to participants' accounts will become 100% vested. The Plan will direct the distribution of the accounts in a manner permitted by the Plan as soon as practical.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a pro-type plan. The IRS has determined and informed Empower, by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator and the trustees believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS

Personnel and facilities of the Company have provided services to the Plan at no charge.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The Plan paid administrative expenses of \$53,764 for the year ended December 31, 2022.

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

Excess participant contributions payable as of December 31, 2022 and 2021 were \$18,366 and \$3,387, respectively. These payments were made to certain participants to return to them the excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 11 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract's issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. The average yield for 2022 was 1.43%.

This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC
- Premature termination of contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options

(continued)

WARE INDUSTRIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 11 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

- Bankruptcy of the Plan Sponsor or other plan sponsor events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreement without the consent of the issuer
