INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
The Greer 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Greer 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE GREER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of The Greer 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective May 1, 1998 and was amended and restated effective January 1, 2017. Substantially all employees of Greer Industries, Inc. and Subsidiaries and participating affiliates (the "Company") who meet specified service requirements are eligible to participate in the Plan.

The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions - Eligible employees may contribute between 1% and 100% of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Certain participating affiliates match portions of their employees' contributions to the Plan at various rates as set by the respective affiliates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the trustee determines. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the undistributed realized gains or losses and the unrealized appreciation (depreciation) on these investments, in the statements of changes in assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of their respective employer's contributions, as applicable. Plan earnings are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - The accounts for all participants' contributions are fully vested and nonforfeitable at all times. Employer contributions vest after three years of service.

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to matching contributions is utilized to reduce future employer contributions. Forfeitures used to offset contributions for the years ended December 31, 2022 and 2021 were \$75,843 and \$50,930, respectively.

Benefits - Upon termination of service due to death, disability, retirement or termination, participants or their beneficiaries may elect to receive an amount equal to the value of the vested interest in their account. Participants who face hardship or attain age 59½ may also be eligible for distributions. The form of payment is a lump-sum distribution.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. Participants may elect to have their accounts invested in the available options by allocating the contributions evenly among the investment options or by designating specific allocations among the options. Participants may change their investment allocations at any time.

Loans to Participants - The custodian of the Plan may make a loan to a participant from the trust fund. Participant loans are limited to the lesser of 50% of the participant's vested account balance or \$50,000 less the participant's highest outstanding loan amount during the previous year with the minimum available loan being \$1,000. The trustee determines a reasonable interest rate comparable to the rate charged by lending institutions. Loans are generally required to be repaid over a five-year period in equal monthly installments with interest typically at a rate equal to prime plus 1% at loan inception. Participant loans of \$624,375 and \$635,774 were outstanding at December 31, 2022 and 2021, respectively, with interest rates ranging from 4.25% to 7.25%.

Fair Value Measurement - U.S. generally accepted accounting principles establish a framework for measuring fair value, based upon a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priorities to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets, but they are observable either directly or indirectly. |

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which totaled \$30,739,763 and \$38,232,413 at December 31, 2022 and 2021:

Mutual Funds: Each mutual fund is valued using a quoted price in an active market (Level 1 input).

Pooled Separate Accounts (PSAs): Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 1 input).

There have been no changes to the methodologies used at December 31, 2022 and 2021. These methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs - Administrative costs may be paid by the Company or by the Plan, as provided by the amended and restated Plan document.

Subsequent Events - The Plan administrator has analyzed subsequent events for recognition and disclosure purposes through October 11, 2023, the date the financial statements were available to be issued.

2. INVESTMENTS

At December 31, 2022 and 2021, investments include an investment contract, the Empower Guaranteed Income Fund ("Fund"), with Empower Annuity Insurance Company ("EAIC") (formerly Prudential Retirement Insurance and Annuity Company, elements of which were acquired by EAIC in 2022). EAIC maintains the contributions to the Fund in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and fees.

The concept of a value other than contract value does not apply to this Fund as, even upon a discontinuance of the contract, the contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. As such, the contract, which is considered to be fully benefit responsive, is measured at contract value and is not subject to the fair value hierarchy.

EAIC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with EAIC, but may not be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate is established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The average yield based on actual earnings was approximately 1.60% and 1.53% for the years ended December 31, 2022 and 2021, respectively. The interest rate credited to participant accounts for these investment contracts was 1.60% and 1.53% at December 31, 2022 and 2021. Contract values were \$7,667,093 and \$7,518,528 at December 31, 2022 and 2021, respectively.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 6, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving this letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2019.

5. CERTIFIED FINANCIAL INFORMATION

The custodian has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and loans to participants, as shown in the statements of assets available for benefits as of December 31, 2022 and 2021.
- Net investment income (loss), as shown in the statements of changes in assets available for benefits for the years ended December 31, 2022 and 2021.
- The schedule of assets held for investment purposes at December 31, 2022, as shown on the accompanying schedule.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of assets available for benefits per the statements of assets available for benefits to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Assets available for benefits as reflected in the financial statements	\$ 39,096,214	\$ 46,464,595
Current period contributions receivable not reflected in the Form 5500 prepared on the cash basis of accounting	<u>(64,983)</u>	<u>(77,880)</u>
Assets available for benefits as reflected in the Form 5500	<u>\$ 39,031,231</u>	<u>\$ 46,386,715</u>

The following is a reconciliation of the increase (decrease) in assets available for benefits per the statements of changes in assets available for benefits to the Form 5500 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Increase (decrease) in assets available for benefits as reflected in the financial statements	\$ (7,368,381)	\$ 3,644,395

Prior year contributions receivable reflected in the Form 5500 prepared on the cash basis of accounting	\$ 77,880	\$ 57,135
Current period contributions receivable not reflected in the Form 5500 prepared on the cash basis of accounting	<u>(64,983)</u>	<u>(77,880)</u>
Increase (decrease) in assets available for benefits in the Form 5500	<u>\$ (7,355,484)</u>	<u>\$ 3,623,650</u>

Additionally, there are minor classification differences between the financial statements and the Form 5500 in various income and expense categories.

7. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

Empower Annuity Insurance Company (EAIC), the custodian, provides access to certain investments and, therefore, is considered a party-in-interest.

Employees of the Company do not receive any compensation from the Plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
The Greer 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Greer 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE GREER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of The Greer 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective May 1, 1998 and was amended and restated effective January 1, 2017. Substantially all employees of Greer Industries, Inc. and Subsidiaries and participating affiliates (the "Company") who meet specified service requirements are eligible to participate in the Plan.

The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions - Eligible employees may contribute between 1% and 100% of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Certain participating affiliates match portions of their employees' contributions to the Plan at various rates as set by the respective affiliates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the trustee determines. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the undistributed realized gains or losses and the unrealized appreciation (depreciation) on these investments, in the statements of changes in assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of their respective employer's contributions, as applicable. Plan earnings are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - The accounts for all participants' contributions are fully vested and nonforfeitable at all times. Employer contributions vest after three years of service.

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to matching contributions is utilized to reduce future employer contributions. Forfeitures used to offset contributions for the years ended December 31, 2022 and 2021 were \$75,843 and \$50,930, respectively.

Benefits - Upon termination of service due to death, disability, retirement or termination, participants or their beneficiaries may elect to receive an amount equal to the value of the vested interest in their account. Participants who face hardship or attain age 59½ may also be eligible for distributions. The form of payment is a lump-sum distribution.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. Participants may elect to have their accounts invested in the available options by allocating the contributions evenly among the investment options or by designating specific allocations among the options. Participants may change their investment allocations at any time.

Loans to Participants - The custodian of the Plan may make a loan to a participant from the trust fund. Participant loans are limited to the lesser of 50% of the participant's vested account balance or \$50,000 less the participant's highest outstanding loan amount during the previous year with the minimum available loan being \$1,000. The trustee determines a reasonable interest rate comparable to the rate charged by lending institutions. Loans are generally required to be repaid over a five-year period in equal monthly installments with interest typically at a rate equal to prime plus 1% at loan inception. Participant loans of \$624,375 and \$635,774 were outstanding at December 31, 2022 and 2021, respectively, with interest rates ranging from 4.25% to 7.25%.

Fair Value Measurement - U.S. generally accepted accounting principles establish a framework for measuring fair value, based upon a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priorities to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets, but they are observable either directly or indirectly. |

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which totaled \$30,739,763 and \$38,232,413 at December 31, 2022 and 2021:

Mutual Funds: Each mutual fund is valued using a quoted price in an active market (Level 1 input).

Pooled Separate Accounts (PSAs): Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 1 input).

There have been no changes to the methodologies used at December 31, 2022 and 2021. These methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs - Administrative costs may be paid by the Company or by the Plan, as provided by the amended and restated Plan document.

Subsequent Events - The Plan administrator has analyzed subsequent events for recognition and disclosure purposes through October 11, 2023, the date the financial statements were available to be issued.

2. INVESTMENTS

At December 31, 2022 and 2021, investments include an investment contract, the Empower Guaranteed Income Fund ("Fund"), with Empower Annuity Insurance Company ("EAIC") (formerly Prudential Retirement Insurance and Annuity Company, elements of which were acquired by EAIC in 2022). EAIC maintains the contributions to the Fund in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and fees.

The concept of a value other than contract value does not apply to this Fund as, even upon a discontinuance of the contract, the contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. As such, the contract, which is considered to be fully benefit responsive, is measured at contract value and is not subject to the fair value hierarchy.

EAIC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with EAIC, but may not be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate is established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The average yield based on actual earnings was approximately 1.60% and 1.53% for the years ended December 31, 2022 and 2021, respectively. The interest rate credited to participant accounts for these investment contracts was 1.60% and 1.53% at December 31, 2022 and 2021. Contract values were \$7,667,093 and \$7,518,528 at December 31, 2022 and 2021, respectively.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 6, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving this letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2019.

5. CERTIFIED FINANCIAL INFORMATION

The custodian has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and loans to participants, as shown in the statements of assets available for benefits as of December 31, 2022 and 2021.
- Net investment income (loss), as shown in the statements of changes in assets available for benefits for the years ended December 31, 2022 and 2021.
- The schedule of assets held for investment purposes at December 31, 2022, as shown on the accompanying schedule.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of assets available for benefits per the statements of assets available for benefits to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Assets available for benefits as reflected in the financial statements	\$ 39,096,214	\$ 46,464,595

Assets available for benefits as reflected in the Form 5500	<u>\$ 39,031,231</u>	<u>\$ 46,386,715</u>

The following is a reconciliation of the increase (decrease) in assets available for benefits per the statements of changes in assets available for benefits to the Form 5500 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Increase (decrease) in assets available for benefits as reflected in the financial statements	\$ (7,368,381)	\$ 3,644,395

Prior year contributions receivable reflected in the Form 5500 prepared on the cash basis of accounting	\$ 77,880	\$ 57,135
Current period contributions receivable not reflected in the Form 5500 prepared on the cash basis of accounting	<u>(64,983)</u>	<u>(77,880)</u>
Increase (decrease) in assets available for benefits in the Form 5500	<u>\$ (7,355,484)</u>	<u>\$ 3,623,650</u>

Additionally, there are minor classification differences between the financial statements and the Form 5500 in various income and expense categories.

7. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

Empower Annuity Insurance Company (EAIC), the custodian, provides access to certain investments and, therefore, is considered a party-in-interest.

Employees of the Company do not receive any compensation from the Plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
The Greer 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Greer 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared by and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that

agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE GREER 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of The Greer 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective May 1, 1998 and was amended and restated effective January 1, 2017. Substantially all employees of Greer Industries, Inc. and Subsidiaries and participating affiliates (the "Company") who meet specified service requirements are eligible to participate in the Plan.

The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions - Eligible employees may contribute between 1% and 100% of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Certain participating affiliates match portions of their employees' contributions to the Plan at various rates as set by the respective affiliates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the trustee determines. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the undistributed realized gains or losses and the unrealized appreciation (depreciation) on these investments, in the statements of changes in assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of their respective employer's contributions, as applicable. Plan earnings are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - The accounts for all participants' contributions are fully vested and nonforfeitable at all times. Employer contributions vest after three years of service.

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to matching contributions is utilized to reduce future employer contributions. Forfeitures used to offset contributions for the years ended December 31, 2022 and 2021 were \$75,843 and \$50,930, respectively.

Benefits - Upon termination of service due to death, disability, retirement or termination, participants or their beneficiaries may elect to receive an amount equal to the value of the vested interest in their account. Participants who face hardship or attain age 59½ may also be eligible for distributions. The form of payment is a lump-sum distribution.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. Participants may elect to have their accounts invested in the available options by allocating the contributions evenly among the investment options or by designating specific allocations among the options. Participants may change their investment allocations at any time.

Loans to Participants - The custodian of the Plan may make a loan to a participant from the trust fund. Participant loans are limited to the lesser of 50% of the participant's vested account balance or \$50,000 less the participant's highest outstanding loan amount during the previous year with the minimum available loan being \$1,000. The trustee determines a reasonable interest rate comparable to the rate charged by lending institutions. Loans are generally required to be repaid over a five-year period in equal monthly installments with interest typically at a rate equal to prime plus 1% at loan inception. Participant loans of \$624,375 and \$635,774 were outstanding at December 31, 2022 and 2021, respectively, with interest rates ranging from 4.25% to 7.25%.

Fair Value Measurement - U.S. generally accepted accounting principles establish a framework for measuring fair value, based upon a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priorities to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets, but they are observable either directly or indirectly. |

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which totaled \$30,739,763 and \$38,232,413 at December 31, 2022 and 2021:

Mutual Funds: Each mutual fund is valued using a quoted price in an active market (Level 1 input).

Pooled Separate Accounts (PSAs): Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 1 input).

There have been no changes to the methodologies used at December 31, 2022 and 2021. These methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Costs - Administrative costs may be paid by the Company or by the Plan, as provided by the amended and restated Plan document.

Subsequent Events - The Plan administrator has analyzed subsequent events for recognition and disclosure purposes through October 11, 2023, the date the financial statements were available to be issued.

2. INVESTMENTS

At December 31, 2022 and 2021, investments include an investment contract, the Empower Guaranteed Income Fund ("Fund"), with Empower Annuity Insurance Company ("EAIC") (formerly Prudential Retirement Insurance and Annuity Company, elements of which were acquired by EAIC in 2022). EAIC maintains the contributions to the Fund in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and fees.

The concept of a value other than contract value does not apply to this Fund as, even upon a discontinuance of the contract, the contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. As such, the contract, which is considered to be fully benefit responsive, is measured at contract value and is not subject to the fair value hierarchy.

EAIC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with EAIC, but may not be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate is established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The average yield based on actual earnings was approximately 1.60% and 1.53% for the years ended December 31, 2022 and 2021, respectively. The interest rate credited to participant accounts for these investment contracts was 1.60% and 1.53% at December 31, 2022 and 2021. Contract values were \$7,667,093 and \$7,518,528 at December 31, 2022 and 2021, respectively.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 6, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving this letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2019.

5. CERTIFIED FINANCIAL INFORMATION

The custodian has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and loans to participants, as shown in the statements of assets available for benefits as of December 31, 2022 and 2021.
- Net investment income (loss), as shown in the statements of changes in assets available for benefits for the years ended December 31, 2022 and 2021.
- The schedule of assets held for investment purposes at December 31, 2022, as shown on the accompanying schedule.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of assets available for benefits per the statements of assets available for benefits to the Form 5500 at December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Assets available for benefits as reflected in the financial statements	\$ 39,096,214	\$ 46,464,595

Assets available for benefits as reflected in the Form 5500	<u>\$ 39,031,231</u>	<u>\$ 46,386,715</u>

The following is a reconciliation of the increase (decrease) in assets available for benefits per the statements of changes in assets available for benefits to the Form 5500 for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Increase (decrease) in assets available for benefits as reflected in the financial statements	\$ (7,368,381)	\$ 3,644,395

Prior year contributions receivable reflected in the Form 5500 prepared on the cash basis of accounting	\$ 77,880	\$ 57,135
Current period contributions receivable not reflected in the Form 5500 prepared on the cash basis of accounting	<u>(64,983)</u>	<u>(77,880)</u>
Increase (decrease) in assets available for benefits in the Form 5500	<u>\$ (7,355,484)</u>	<u>\$ 3,623,650</u>

Additionally, there are minor classification differences between the financial statements and the Form 5500 in various income and expense categories.

7. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

Empower Annuity Insurance Company (EAIC), the custodian, provides access to certain investments and, therefore, is considered a party-in-interest.

Employees of the Company do not receive any compensation from the Plan.
