Independent Auditors' Report

To the Plan Administrator
Newport Harbor Corporation
Employees Retirement Savings Plan & Trust
Warwick, Rhode Island

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Newport Harbor Corporation Employees Retirement Savings Plan & Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Newport Harbor Corporation Employees Retirement Savings Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash deferral 401(k) arrangement which has been most recently amended and restated on January 1, 2021 by Newport Harbor Corporation and Subsidiaries (the "Employer"). The Employer is the Plan's administrator. All employees who have attained the age of 21 are eligible to enroll in the Plan on the first day of any month after their date of hire ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Contributions

Participants may defer up to 100% of eligible annual compensation, including bonuses, subject to dollar limits set by Federal law. Contributions may be directed to pre-tax, Roth or after-tax accounts. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers").

Employer Safe Harbor Matching Contributions

The Employer makes a safe harbor matching contribution for all eligible employees. The safe harbor matching contribution is equal to 100% of deferrals up to 3% of compensation and 50% of deferrals between 3% and 5% of compensation. Under the terms of the Plan, the matching contribution may be contributed to the Newport Harbor Corporation Employee Stock Ownership Plan (the "ESOP"). For the year ended December 31, 2022, the safe harbor match was made to the ESOP rather than the Plan and totaled $529,877.

Employer Flexible Discretionary Matching Contributions

Each year, the Employer, at its sole discretion, determines the amount, if any, of any additional Employer contribution that it may contribute to the Plan, subject to certain limitations. For the Plan year ended December 31, 2022, the Employer did not make a flexible discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer's contributions (unless contributed to the ESOP where amounts will be allocated to each individual account within the ESOP), Plan investment earnings/losses and reduced by direct loan fees and benefit disbursement processing fees, if applicable. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in elective deferrals, rollovers, and Employer safe harbor matching contributions made to this Plan or the ESOP, and actual earnings thereon. A participant's vested interest in Employer flexible discretionary matching contributions is based on years of continuous service. A participant begins vesting after two years of service and is fully vested after six years of service, or if employment is terminated due to death, disability or retirement.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance upon the earlier of the end of five consecutive one-year breaks in service or the distribution of the participant's entire vested account. Forfeited amounts may be used to pay Plan administrative expenses or to reduce Employer contributions. At December 31, 2022 and 2021, no forfeited accounts remained unallocated and during 2022 there were no forfeitures used to reduce Employer contributions or pay Plan administrative expenses.

Payment of Benefits

In-service withdrawals from a participant's elective deferral account are permitted only due to financial hardship or upon reaching age 59½. Hardship withdrawals are subject to a $500 minimum. The amount of hardship distribution cannot exceed the amount needed to meet the immediate financial hardship. Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum amount. Through September 14, 2020, upon termination, if a participant's vested account balance is $5,000 or less, and the participant does not elect to receive a distribution, the Plan administrator may make a lump-sum distribution to the participant. Effective September 15, 2020, if a former participant's vested account balance is greater than $1, but no more than $5,000 and the participant does not elect to receive a distribution, the Plan administrator may distribute the participant's entire vested account balance to an IRA rollover account for the benefit of the former participant.

Administrative Expenses

Individual participant accounts are charged directly for loan recordkeeping and benefit disbursement processing fees, if applicable. Certain administrative expenses of the Plan are paid by the Employer and not recorded in the statement of changes in net assets available for benefits. Investment advisor and general recordkeeping expenses are paid for by the Plan.

Notes Receivable from Participants

Subject to approval by the Plan administrator, Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or longer, if the loan is for the purchase of a participant's primary residence. The loans are secured by the vested balance of a participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for disclosure of fair value measurements).

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Related Party Transactions and Transfers

Along with this Plan, the Employer also sponsors the ESOP for employees. Under certain conditions, participants have the option to transfer funds from the ESOP into their 401(k) plan account. For the year ended December 31, 2022, there were no such transfers received by the Plan.

Note 2 – Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2023, the date that the financial statements were available to be issued. No significant matters were identified for disclosure in the evaluation.

Note 3 – Information Certified by Trustee and Custodian

Plan investments are held by the Plan's trustee and custodian, Newport Trust Company ("Newport Trust"). The fair values of the investments as of December 31, 2022 and 2021, and all investment transactions for the year ended December 31, 2022, including interest and dividend income and net depreciation, have been certified as complete and accurate by Newport Trust. Information included in the supplemental schedule and notes receivable from participants has also been derived from information certified by Newport Trust. The Plan offers several investment choices to allow Participants to create a diversified portfolio of assets based on the Participants' risk tolerance.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level II	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.
Level III	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation method used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Note 4 – Fair Value Measurements (Continued)

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's assets measured at fair value as of December 31, 2022 and 2021 consist of mutual funds valued at $7,252,538 and $8,723,243, respectively, and are considered Level I investments.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in all of their account balances. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 – Tax Status

The Plan has adopted the Newport Group, Inc. Defined Contribution Volume Submitter Plan, which obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, the Plan continues to qualify under Section 401(a) and continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Related Party and Party-in-Interest Transactions

Certain Plan investments are held by Newport Trust, the trustee and custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules, as defined by ERISA. Administrative fees paid to Newport Trust totaled $38,402 for the year ended December 31, 2022. Notes receivable from Participants also qualify as exempt party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.
