Independent Auditor's Report

October 12, 2023

The Plan Administrator
Greystar 401(k) Plan
Irving, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Greystar 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following brief description of the Greystar 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Greystar Management Services, L.P. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 1999. The Company is named as the plan administrator in the plan document. Ascensus Trust Company (Ascensus) serves as the Plan's trustee. Ascensus, LLC is the Plan's recordkeeper and agent for Ascensus.

Eligibility

The Plan is provided for all eligible employees, except non-resident aliens and employees covered by a collective bargaining agreement, who have completed six months of service and who have attained the age of 21. The Plan includes a savings feature designed to permit employees and the Company to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Employee contributions are made to the Plan by electing to defer up to 75% of the employee's compensation on a pre-tax basis or as Roth deferrals, subject to the limitations of the IRC. Eligible participants who have attained age 50 before the close of the plan year are eligible to make catch- up contributions, subject to the limitations of the IRC. Participants may also contribute amounts representing rollover distributions from qualified plans and certain other qualified sources as defined in the plan document.

Upon the first day of the month coincident with or following an employee satisfying the eligibility requirements, employee contributions are automatically withheld at 1% of the employee's compensation unless the employee elects a different percentage, or not to contribute at all, and increases 1% per year until a 6% deferral is reached. The contributions are made on a pre- tax basis unless the employee affirmatively designates that any portion or all of the contributions be treated as Roth contributions.

The Company may make elect to make discretionary employer matching contributions based on each participant's eligible contributions. For the year ended December 31, 2022, the Company made discretionary employer matching contributions on behalf of each participant equal to 50% of the employee's elective deferral contribution, up to a maximum of 6% of compensation.

The Company may also contribute amounts in the form of a discretionary profit-sharing contribution, qualified nonelective contribution or qualified matching contribution.

Vesting

Employees are fully vested at all times in their contributions, qualified non-elective contributions and qualified matching contributions, plus actual earnings thereon. A participant's interest in the employer matching contributions made by the Company begins vesting at 50% after one year of service, as defined, with the participant 100% vested after two years.

Forfeitures

Forfeitures attributable to employer contributions may be used to reduce future employer contributions or to pay plan administrative expenses. There were $360,262 and $542,376 available forfeitures at December 31, 2022 and 2021, respectively. During 2022, $38,733 was used to pay administrative expenses and $340,009 was used to fund a qualified nonelective employer contribution to satisfy the 2021 nondiscrimination testing.

Participant Accounts

Under the Plan, earnings and losses are allocated to the participants' accounts daily according to an allocation formula provided in the plan document.

Upon enrollment in the Plan, a participant may direct the investment of his or her account balances. Participants may change their investment options daily.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the balance in the participants' accounts as allowed in the plan document. Interest rates are based on the prime rate as of the loan date and are set by the plan administrator. Principal and interest are repaid through payroll deductions. A participant may not have more than two loans outstanding at any time. Loans issued are no less than $1,000, with a maximum value limited to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or one-half of the participant's vested balance. Loan terms are limited to five years unless for the purchase of a principal residence, which could be extended to 30 years.

Benefit Payments

Distributions may be made to participants upon termination of employment, retirement, disability or death, as applicable. In-service distributions are allowed for participants who have reached the age of 59½ or normal retirement age, as defined, or by anyone requesting a distribution from their participant rollover account. Additionally, hardship withdrawals may be made to active participants. Upon termination, participants with an account balance of $1,000 or less shall receive an automatic lump sum distribution from the Plan. Withdrawals from the Plan may be subject to income tax on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year, as well as unrealized appreciation or depreciation of the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021, as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses not paid by the Company, at its discretion, are charged to and paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Agent of the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Ascensus, LLC, as agent for Ascensus Trust Company as of December 31, 2022 and 2021, and for the year ended December 2022, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to financial statements as to investments, non-interest bearing cash, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all of the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information certified by the agent of the trustee to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: These funds are valued daily based on their quoted market prices.

Common/Collective Trust Fund: The common/collective trust fund is valued at its net asset value (NAV) as determined by the issuer based on quoted market prices of the underlying investment, when available. The common/collective trust fund is comprised primarily of fixed income instruments. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$421,199,012**	**$ -**	**$ -**	**$421,199,012**
Investment measured at NAV (practical expedient)				**12,597,145**
Total investments at fair value				**$433,796,157**

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$451,695,651	$ -	$ -	$451,695,651
Investment measured at NAV (practical expedient)				10,559,820
Total investments at fair value				$462,255,471

The following provides additional information for the common/collective trust fund which is measured using NAV as a practical expedient as of December 31, 2022 and 2021. The redemption notice period is applicable only to the Plan.

	Fair Value December 31,				
Investment Class	**2022**	2021	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Stable Value Fund	**$12,597,145**	$ 10,559,820	None	Daily	Up to 12 months

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Federal Income Tax

The Plan has not received a favorable determination letter from the Internal Revenue Service (IRS); however, the pre-approved plan adopted by the Plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan has been amended since receiving its IRS letter; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 7 - Party-in-Interest Transactions

The Plan engages in transactions with participants related to notes receivable, which are party-in-interest transactions with respect to the Plan. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.

The Plan participates in a revenue sharing program with Ascensus, LLC. Ascensus, LLC receives compensation (revenue sharing) from certain mutual funds or their affiliates in consideration for services that Ascensus, LLC provides to the funds, including but not limited to processing the purchase and redemption of fund shares and participant-level recordkeeping. The revenue sharing is paid directly to Ascensus, LLC by the funds, their affiliates, or their service providers pursuant to a services agreement between Ascensus, LLC or its designee and one or more such parties. The revenue sharing paid by the funds are based either on a percentage of the average daily net asset value of shares invested in the fund or on a set fee per each fund in which a participant invests, in each case as set forth in the fund's agreement. Pursuant to the service agreement between Ascensus, LLC and the Company, the revenue sharing collected by Ascensus, LLC from the funds in which the Plan is invested are deposited into an account within the trust maintained on behalf of the Plan.

This revenue sharing is used to offset certain administrative expenses of the Plan. As of December 31, 2022 and 2021, there was $1,187,104 and $1,252,682, respectively, in the Administrative Fees account. During 2022, deposits into the revenue sharing account including related earnings totaled $5,385,737, which is included in interest, dividends and other income. During 2022, $1,460,849 was used to pay administrative expenses.

If the revenue sharing received exceeds the administrative expenses offset, the excess revenue sharing may be allocated to the accounts of participants on a pro-rata basis as directed by the Company. During 2022, $4,003,740 was allocated to participants as other income.
