INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
V. Alexander & Co., Inc. Savings Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of V. Alexander & Co., Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of V. Alexander & Co., Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of V. Alexander & Co., Inc. Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about V. Alexander & Co., Inc. Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of V. Alexander & Co., Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about V. Alexander & Co., Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of plan

The following description of the V. Alexander & Co., Inc. Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the employees of V. Alexander & Co., Inc. (the “Company”) who are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended to be a safe harbor plan and a Principal safe harbor prototype plan document was adopted.

Contributions

Participants may elect to contribute up to 100% of their annual pre-tax compensation, subject to annual limits as prescribed by the Internal Revenue Code. Participants may also elect to contribute on an after-tax basis as a Roth 401(k) deduction, subject to the annual limits as prescribed by the Internal Revenue Code. The Company contributes a match up to 100% of the first 5% of compensation that a participant contributes to the Plan as a safe harbor contribution. The plan also allows certain eligible rollover contributions.

Participant accounts

Each participant's account is credited with an allocation of the Company's contribution and the Plan's earnings as stated in the Plan Document. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants may direct contributions in several investment options. The Plan offers various pooled separate investment accounts, a collective investment trust account, and mutual funds as investment options. Participants may change their investment options and transfer previously contributed amounts between fund options at any time.

Vesting

All participants are immediately 100% vested in both participant and Company match contributions under the safe harbor guidelines.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not exceeding ten years. For termination of service due to other reasons, a participant may receive the vested account balance as a lump-sum payment. Benefit payments to participants are recorded when paid.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum of 50% of their vested benefits up to \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate determined at the time the loan is made. Loan repayments and related interest are deducted from participant's paychecks over installment periods up to five years.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Note 2 – Summary of significant accounting policies*Basis of accounting*

The accompanying financial statements of the Plan are prepared under generally accepted accounting principles in the United States of America.

Investment valuation

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Plan expenses

The Plan pays various transaction fees whereas the Company pays the basic administrative expenses of the Plan, less forfeitures, as provided in the Plan document.

Payment of benefits

Benefit payments to participants are recorded when paid.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Events occurring after reporting date

Management has evaluated subsequent events through October 12, 2023, which was the date the financial statements were available to be issued, for possible recognition of disclosure in the financial statements. Management has determined that there are no material events or transactions that would require recognition or disclosure in the Plan's financial statements.

Note 3 – Information prepared and certified by the custodians

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, custodians for the Plan. The information was not audited by independent auditors.

Notes to the Financial Statements

December 31, 2022 and 2021

The following information included in the accompanying financial statements and supplemental schedule was obtained from data certified by the custodians:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ 26,491,893	\$ 32,050,122
Collective investment trust	1,665,202	1,894,917
Mutual funds	445,659	708,169
Net appreciation (depreciation) in fair value of investments	(5,638,575)	4,088,884
Interest and dividend income	11,627	12,963

Note 4 – Fair value measurements

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement and Disclosures*, provides a common definition of fair value and establishes a framework for measuring fair value. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value, and describes three levels of inputs that may be used to measure fair value.

- Level 1 - Quoted prices for identical assets in active markets that the entity has the ability to access as of the measurement date.
- Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, and other inputs that are observable or can be correlated by observable market data.
- Level 3 - Significant unobservable inputs that reflect a plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: Valued at net asset value (NAV) of units held by the Plan at year end, as determined by the issuer, based on the fair market value of the underlying investments. These consist of investment funds made up of a variety of different investment assets. Accordingly, each individual underlying asset is evaluated to determine where its fair value measurement falls within the fair value hierarchy.

Collective investment trust: Valued at net asset value (NAV) of the contract as determined by the issuer using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

Mutual Funds: Valued at net asset value (NAV) of units held by the Plan at year end, as determined by the issuer, based on the fair market value of the underlying investments.

Each account is then included within the fair value hierarchy based on the lowest level of any asset, or group of assets, that is significant to the overall fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

Note 5 – Tax status

The Plan operates under the Principal Financial Group Prototype Basic Savings Plan. This prototype document has received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The letter states that the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. There were no uncertain tax positions at December 31, 2022 and 2021. The Plan is subject to routine audits by various taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 6 – Plan termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During March 2022, a conflict began between Russia and Ukraine. As a result, the United States and other countries placed economic sanctions on Russia, including removing the Russian central bank from the SWIFT global finance system and banning imports of Russian petroleum products.

These factors have helped to exacerbate significant and increasing inflationary trends in the global and US economy which have included price increases to food, fuel, and other commodities. This is expected to cause volatility in the market and impact to the Plan, which cannot be reasonably estimated at this time.

Note 8 – Transactions with parties-in-interest

Principal Life Insurance Company, Principal Trust Company, and Principal Global Investors Trust Company manage certain Plan investments of pooled separate accounts, a collective investment trust account, and mutual funds. Principal Life Insurance Company and Principal Trust Company were the custodians for 2022 as defined by the Plan and, therefore, these transactions qualify as exempt parties-in-interest transactions. Fees paid by the Plan for the investment services amounted to \$129,429 and \$140,550 for the years ended December 31, 2022 and 2021, respectively.

V. Alexander & Co., Inc. pays certain administrative expenses on behalf of the Plan and provides certain services at no cost to the Plan.

Note 9 – Separated participants

At December 31, 2022 and 2021, the Plan held balances for participants who have terminated totaling \$3,943,948 and \$3,623,256, respectively.
