INDEPENDENT AUDITORS' REPORT

To the Participants and
Plan Administrator of the
Learn4Life 403(b) Plan
Lancaster, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Learn4Life 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment at Year End as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEARN4LIFE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Learn4Life 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on September 1, 2003 as a defined contribution plan to provide eligible employees of Desert Sands Public Charter, Inc., Antelope Valley Learning Academy, Inc., Diego Plus Education Corporation, Alta Vista Public Charter, Inc., Vista Real Public Charter, Inc., Crescent View South, Inc., Crescent View West Public Charter, Inc., Mission View Public Charter, Inc., Sierra Education Advancement Corp DBA Paseo Grande Charter School, and Western Education Corporation (collectively the School) (the Plan Sponsor) with retirement, death and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 403(b) of the Internal Revenue Code (IRC).

Participant Eligibility, Contributions and Vesting - Employees of the Plan Sponsor are eligible to participate in the Plan. Individuals classified by the employer as independent contractors who are subsequently determined by the Internal Revenue Service (IRS) to be employees shall not be eligible. Participants may begin deferring a portion of their compensation into the Plan on the first day of employment. The Plan allows participants to designate contributions as Roth 401(k) contributions. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC.

The Plan Sponsor is allowed to make matching and discretionary nonelective contributions as defined in the Plan and as approved by the Board of Directors. Participants are eligible to receive matching contributions and discretionary nonelective contributions when they have completed three months of service and are at least eighteen old. The Company matches 100% of employee deferrals up to a limit of 10% of their compensation per paycheck. Matching contributions for the year ended December 31, 2022 was \$7,127,258, net of forfeitures. Discretionary nonelective contributions are calculated pro rata as a uniform percentage of compensation. Participants must be employed on the last day of the Plan year to be eligible for discretionary nonelective contributions. The Plan Sponsor elected to forgo making any discretionary nonelected contributions for the year ended December 31, 2022.

The Plan's matching and discretionary nonelective contributions vest according to the employee's years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0
3 or more	100%

Participants are immediately vested in their contributions plus any actual earnings thereon.

For the year ended December 31, 2022, forfeitures in amount of \$1,450 were used to pay plan expenses and \$416,712 were used to reduce employer contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$389,848 and \$471,972, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options - Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits - In the case of normal retirement (age 60), termination, financial hardship, disability or death, a participant or their beneficiary in the event of death, may elect to receive their benefits in a lump sum amount equal to the value of the participant's vested interest in their account.

Participants who separate from service and have vested account balances of \$1,000 or less are subject to an administrative lump sum distribution within one year of termination, at the discretion of the plan administrator. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72.

Notes Receivable from Participants - Subject to IRS regulations and limitations, participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Such loans bear interest at the prime rate of interest and are repayable in terms of up to 5 years, except for home mortgage loans which are 30 years. Participant's may have one general loan and one home loan outstanding concurrently. All loans are secured by the participants' account balances.

Participant Accounts - Each participant's account is credited with the employee's payroll contributions, the employer's matching contributions, and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Administration - The Plan Sponsor is the plan administrator. The Plan's assets are managed by the trustees, Voya Institutional Trust Company (Voya) and Symetra Life Insurance Company (Symetra). The trustees, appointed by the Plan Sponsor, process and maintain the records of participant data and hold Plan investment assets. The plan administrator reviews the performance of the various available investments and decides on the addition or deletion of an investment fund.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld. Benefit payments and expenses are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment securities. These securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Further, due to the level of risk associated with these securities and the level of uncertainty related to changes in the value of mutual funds, it is possible that changes in the various risk factors in the near term would materially affect the participants' account balances and the amounts reported in the accompanying financial statements.

Valuation of Investments - Investments in pooled separate accounts are stated at fair value determined by quoted market prices. The investments in the fixed annuities that invests in a fully benefit-responsive investment contract are valued at contract value. Participant loans are valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Net change in fair value of investments consists of the change in unrealized appreciation or depreciation during the year and the realized gain or loss of sold investments during the year. Acquisition costs are included in the cost of investments and sales are recorded net of selling expenses.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net change in fair value of investments.

Subsequent Events - Subsequent events were evaluated through October 9, 2023, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Voya and Symetra regarding the current value of assets held as of December 31, 2022 and 2021, and transactions entered into during 2022 were used in the preparation of the accompanying financial statements and supplemental schedule. The following table summarizes the assets certified by Voya and Symetra.

	<u>2022</u>	<u>2021</u>
Investments, at fair value		
Pooled separate accounts	\$ 77,793,212	\$ 85,095,530
Fully benefit-responsive investment contracts at contract value		
Fixed annuities	<u>13,676,867</u>	<u>11,488,445</u>
	<u>\$ 91,470,079</u>	<u>\$ 96,583,975</u>

In addition, Voya and Symetra certified the following amounts for the year ended December 31, 2022:

Income and dividends	\$ 2,199,033
Income from fully benefit-responsive investment contracts	435,828
Net change in fair value of investments	<u>(17,676,679)</u>
	<u>\$ (15,041,818)</u>

NOTE 4 - TAX STATUS

The Plan adopted a prototype non-standardized 403(b) profit sharing plan with a cash or deferral arrangement which states that the Plan is designed in compliance with the applicable sections of the IRC. The Plan has been amended since the Plan was first adopted. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in full compliance with the legislative changes and requirements under the provisions of the IRC. The Plan's tax filings are subject to audit by various taxing authorities.

NOTE 5 - PLAN TERMINATION AND MODIFICATION

The Plan Sponsor intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provision of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya and Symetra, the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value or contract value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). Observable inputs are those that market participants would use in pricing the assets based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.

Level 2 – Inputs included in quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

LEARN4LIFE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2022.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ -	\$ 77,793,212	\$ -	\$ 77,793,212

In accordance with generally accepted accounting principles, the following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2021.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

LEARN4LIFE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 8 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into fully benefit-responsive investment contracts with Voya and Symetra. Voya and Symetra maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Voya and Symetra fixed annuities are fully benefit-responsive, contract value is the relevant measurement and presented on the face of the statement of net assets available for benefits at contract value which approximates fair value. Contract value, as reported to the Plan by Voya and Symetra, represent contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 9 - PLAN TRANSFERS

The Plan has elected plan-to-plan transfers made to and from the Lifelong Learning Administration Corporation 403(b) Plan. Total transfers into the Plan were \$12,860 and transfers out of the Plan were \$156,664 for the year ended December 31, 2022.

NOTE 10 - UNCERTAINTIES

The COVID-19 outbreak is disrupting a range of industries and has resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments relating to the effects of the pandemic have been recorded in the accompanying financial statements.

This disclosure statement contains information about the services that Symetra Life Insurance Company (Symetra Life, we, us, our) provides to your retirement plan in connection with the Spinnaker Variable Annuity and Spinnaker Plus Variable Annuity contracts (the Contract, or collectively the Contracts). This disclosure statement is not intended to replace the Contract issued to you or your participants. In the event of conflict between the Contract and this disclosure statement, the Contract shall control. The Contracts offer investment options including the Symetra Fixed Account and various Sub-accounts. Each Sub-account purchases shares of one corresponding portfolio that has its own investment objective. The portfolios are not offered directly to the public but are available to life insurance companies as investment options for variable annuity contracts and are offered by fund companies unaffiliated with Symetra Life.

Subject to the plan's authorization, participants can instruct us to invest their contributions into any of the investment options available under their Contract. When a participant invests in a sub-account, we execute trades with the underlying portfolio based on your plan and/or your participants' instructions. We receive compensation from the portfolios or their investment advisors, administrators, and/or distributors (or their affiliates) in connection with administrative or other services provided with respect to the portfolios. The amounts we receive, if any, may be different for different portfolios, and usually depend on how much we have invested in the applicable portfolio. While the compensation is retained by Symetra Life, or its broker-dealer affiliate, Symetra Securities, Inc., it is considered in our pricing. For the specific compensation amounts, please see the Investment Options Table below.

We are not a plan fiduciary under ERISA. You are responsible for selecting the Contract, including its investment option lineup. Your plan participants select their own investment options and Symetra Life has no discretion over this process. Additionally, we carry out administrative and recordkeeping services based on your direction as the plan's fiduciary. We are not a registered investment adviser.

Direct and Indirect Compensation

For all of the Recordkeeping Services described above, Symetra Life's compensation includes the following direct Contract-level charges and indirect compensation. All compensation described in this section is integral to the total compensation received by Symetra Life for all Recordkeeping Services described above. No individual source of revenue should be considered in isolation with respect to a single service.

Direct Compensation from Contract Charges

The following Contract-level charges are paid directly by each contractholder to Symetra Life:

Annual Administration Maintenance Charge (Spinnaker Contracts Only): During the Accumulation Phase, we will charge \$30 each Contract Year. The charge is waived if the Contract Value is \$50,000 or more.

Generally, the charge will never be more than \$35 for Contracts issued in 2005 or earlier, and no more than \$50 for those Contracts issued thereafter. Please consult your Contract for details.

Asset-Related Administration Maintenance Charge (Spinnaker Contracts Only): Equal on an annual basis to 0.15% of the average daily net asset value of each sub-account.

Contingent Deferred Sales Charge (Spinnaker Contracts Only): 8-year decreasing schedule (8%, 7%, 6%, 5%, 4%, 3%, 2%, 1%). The charge is a percentage of the amount withdrawn. Participants may withdraw 10% of their Contract Value, per Contract Year, without being assessed a contingent deferred sales charge.

Mortality & Expense Risk Charge: Equal on an annual basis to 1.25% of the average daily net assets of each sub-account.

Transfer Charge: \$10 or 2% of the amount transferred, whichever is less, for each transfer after the 12th transfer in a Contract Year.

Withdrawal Charge: \$25 or 2% of the amount withdrawn, whichever is less, for each withdrawal after the first withdrawal in a Contract Year.

For any loans taken against the Contract Value, the loan net interest rate is an annual rate of 2.5% of the loan amount.

Indirect Compensation

For investment-related indirect fee information as of the date of this disclosure document, please see the Investment Options Table below. In our role as distributor and transfer agent for the sub-accounts offered under the Contracts, Symetra Life or its affiliate, Symetra Securities, Inc., may receive distribution (12b-1 fees) from the portfolios that are offered under the Contracts and administrative services fees from the investment company (or its affiliate) for plan assets invested in the portfolios. Symetra Life only offers portfolios that are unaffiliated with us; we do not collect any portfolio-level investment management fees. The investment management fees and other fees deducted from the portfolio by the fund company are equal to the amounts shown in the separate disclosure statements we provide you for compliance with the Department of Labor's 404a-5 regulation under ERISA. Data for unaffiliated funds is obtained from sources external to us. We cannot guarantee the accuracy, completeness or timeliness of this data.

Symetra Life's compensation will also include the following elements:

1. any investment gains resulting from Symetra Life's trading errors or other share or unit value discrepancies. Symetra Life will keep any gains and absorb any losses derived from re-processing transactions due to our trading errors. If such re-processing results in a loss, Symetra Life will make the plan and plan participants whole.
2. earnings (i.e., "float income") on funds received, or credited to the Contract, before they are invested, allocated or applied in accordance with allocation instructions from the plan; or funds transferred from your Contract and held in Symetra Life's general account before actual disbursements are made from the general account. For more information about earnings (i.e. "float income"), please contact us for details.
3. varying amounts of revenue from the Symetra Life Fixed Account. The amount of revenue varies based on the spread (if any) between the net earned rate of Symetra Life's general account investments and interest rates credited for the Symetra Life Fixed Account. If there is no spread, we bear the risk of loss for crediting the guaranteed minimum interest rate we credit to the Symetra Life Fixed Account shown in your Contract.

All of the indirect compensation we receive helps Symetra Life offset the costs of providing you the Recordkeeping Services described in this disclosure statement.

Investment Option Table

The table below shows the reasonable estimate of the fees we receive in the form of 12b-1 fees and administrative services fees paid to us or our affiliates, expressed as a percentage of average assets invested in the particular sub-account. 12b-1 fees help offset our distribution and marketing expenses and shareholder costs. Administrative services fees offset the cost of Recordkeeping Services associated with administering plan and individual participant accounts.
